

Hi Christie,

My name is (Michael) Kelly Janssen and I am a UCO Officer, specifically Recording Secretary, elected on May 3<sup>rd</sup>, 2024. I lost the UCO President position to Fausto Fabbro on March 1<sup>st</sup> by only seven (7) votes.

Since I announced my intention to run for an UCO officer position in December 2023, the Fausto Fabbro has been saying inflammatory things about me to influence the Delegates not to vote for me.

Four (4) days after I became a UCO officer, Fausto or Donald Foster (UCO LCAM) contacted the UCO Attorney and asked him to help draft an Unlicensed Practice of Law (UPL) complaint against me. This is a serious claim and is a potential 3<sup>rd</sup> degree felony. I believe this complaint to be falsely sworn and in retaliation for winning the Recording Secretary election and was filed because and after I won the election and claims I will continue that alleged UPL activity as an officer.

I am confident that all the allegations in this UPL complaint are false, and I will be cleared of any wrongdoing. I have counter-claimed with the Florida Bar that Fausto knowingly swore a false complaint. Whether the evidence is sufficient to prove that I don't know. I would hope that not having evidence to back up his claims will be sufficient to prove that they were knowingly false, but I may be wrong.

There are no examples or dates of the alleged offenses, so it is difficult to determine if it occurred when I was an officer. They specifically said they believed the alleged offenses would continue to occur after I was elected.

I am not filing a claim to cover the false allegations made prior to May 3<sup>rd</sup>. I am filing this claim because of the (false) allegations made with the Florida Bar after and because I was elected as a UCO officer.

I have attached the Complaint and my response.

Thank you,

Kelly Janssen
