December 2009

From the Desk of President George Loewenstein

Some of you may recall seeing little slips of paper posted on your bulletin boards, complaining about an employee of WPRF not working. Apparently these did not have the desired result, and so the complainer graduated to putting the message on men's room walls at several of the swimming pools. The sheriff's office was notified, and I'm happy to report that the individual, a village resident, was apprehended and arrested. Hopefully, this puts an end to such mischief.

The recent water main break, which affected about 40% of the village, made us aware that we lack the ability to transmit immediate information to our residents in a sudden emergency. I am in the process of forming an emergency committee to formulate a standard operating procedure in case of a sudden emergency.

On Wednesday, November 4, 2009, Vice President David Israel and I attended a Palm Beach County code enforcement violation hearing against the Waldmans (owners of the Golf Course). Many years ago, a prior owner of the Golf Course applied for permission to open an entrance from Haverhill Road. The condition set by Palm Beach County was that a fence be erected between that entrance and the entrance from Century Village. That fence was removed by Mr. Waldman, claiming that since it was no longer operated as a golf course, the fence was not needed.

The hearing officer disagreed and gave Mr. Waldman 30 days to replace the fence or pay a fine of \$150 per day.

We have changed our bylaws to make it easier for individuals to run for office in UCO. More precisely, the nominating committee is now also a search committee. Anyone wishing to run can contact the UCO office for a form. Alternately, one can be nominated from the floor at the February delegate meeting (by a delegate) and only one delegate is required to second this nomination, not ten as in the past.

In March we will be electing a new president (I am term limited), two vice presidents, treasurer, and both a recording and corresponding secretary, as well as 20 members of the executive board. I hope that you will seriously consider running for one of these offices. I would like all our residents to remember to use the call in system for their guests, delivery persons, and contractors. In October over 400 entrances were denied because they were not called in. The situation causes anger toward our guards, who are only doing their duty. The guards work hard to keep us all safe in the village. On behalf of myself and my fellow officers, I'd like to wish all our residents and their families a very happy and enjoyable Thanksgiving. Please remember that the UCO office will be closed on Thanksgiving as well as the next day (Friday) so that our volunteers and employees can enjoy a long weekend. \Box

The Ongoing Story of the Year? It's the Golf Course, of Course! **By Syd Kronish**

The most important subject imbedded in the minds, hearts, and pocket books of many Century Village residents at this time is the proposed development of the golf course by its owners.

The matter was brought to the fore at a special Town Hall meeting held Thursday, October 15 at the Clubhouse Theater. More than 1,000 residents attended to hear the plans presented by the owner Andrew Waldman and his assistants.

A group of residents identified as the "Pro Active Committee To Save The Golf Course" to take the opposite view were present, supported by the Villagers that made up the audience.

On the stage at the left were Mr. Andrew C. Waldman, Ana M. Waldman, Rebel Cook, Robert Rennenbaum and Greg DuBois. In the center was retired Judge Robert Parker, who served as the moderator. On the right were the members of the Proactive Committee: Jeanette Veglia (Chairperson), Honey Sager, Sandy Cohen, Phil and Barbara Shapkin.

The Waldman group speaking individually, presented their views (thirty minutes each). A large movie screen was lowered to show a col-

A Wonderful Experience By Antoinette Salometo

For those of us lucky enough to attend the Centenarians' dessert buffet, we were treated to a very special occasion. Honored were eight residents, five women and three men, who have reached this milestone with humor and a zest for living and enjoying the simple pleasures. How lucky we all are to have them with us, to remind us of the important things in life taking care of our neighbors, friendship, and laughter.

Guests attending were State Rep. Mark Pafford, County Appraiser Gary Nikolits, and representatives from Congressman Robert Wexler, State Senator David Aronberg, and Mike Edmonson representing State Attorney Michael McAuliffe. Also attending was Harry Freedman, Community Relations Officer for Walgreens. UCO was represented by UCO President George Loewenstein; Vice Presidents Frank Cornish, Jerry Karpf and Bob Marshall; UCO Treasurer Dorothy Tetro; Recording Secretary Betty Lapidus; and Corresponding Secretary Avis Blank.

In commemoration of the occasion, each Centenarian received a key from Commissioner Koons' office. Susan Bucher, the Supervisor of Elections, was also there to honor the Centenarians, as was a representative of Sheriff Bradshaw. Anita Cruz, W.P.R.F. VP, offered a few words of congratulation and best wishes.

After a break for some delicious desserts, entertainment was provided by the Village Songbirds. All dressed up in their red tops and white slacks, they presented a striking on stage picture and the music and harmony was wonderful. Director Martin Ruderman, with piano by Merv Knecht, led the group in a variety of musical numbers, which were enjoyed by everyone. To paraphrase a few lines from Martin's parody of Thanks for the Memories, "Your caring way, through all your days — to you we raise a toast." Congratulations to the Centenarians — see you next year. \Box

November 6, 2009

These minutes were taken by Mary Patrick Benton.

The meeting was called to order by President George Loewenstein at 9:30 a.m. 196 delegates were in attendance.

The Pledge of Allegiance was led by George Franklin.

The minutes of the previous meeting were accepted as written.

The treasurer's report was attached to the minutes. Associations received their Statement of Charges for 2010. Treasurer Dorothy Tetro thanked Al McLaughlin for preparing these bills.

Lt. Kronsperger, of the Palm Beach County Sheriff's Department, reminded everyone to drive carefully as a speeding ticket fine starts at \$250 and failure to stop at a Stop Sign is a \$140 ticket. Deputies have been notified to check for squatters at the Golf Course. He also stressed that residents should always lock their cars. **President's Report:**

President Loewenstein presented a Certificate of Commendation to Detective Jamie Roussel for his expeditious apprehension of a vandal who was defacing property in Century Village.

UCO held a Town Hall meeting with the owners of the Golf Course and members of the Pro-Active Committee. UCO is concerned with the safety issue and lack of fence. At a recent Palm Beach County Code Enforcement meeting, the owners of the Golf Course must put the fence back up within 30 days or be fined \$150 per day. Both UCO and the Pro-Active Committee were in attendance at this hearing. There was a water main break at which 40% of the Village was affected. Since we didn't have an emergency plan in place to notify residents, George instituted an Emergency Committee for future situations. This committee will meet November 19 to make plans.

dents are encouraged to attend the next session scheduled for November 11 at 2 p.m. in the Medical Center.

On November 18, the Palm Beach County Tax Assessor will answer questions and discuss the Homestead Act in Room C at 2 p.m. This meeting will be advantageous for new Century Village residents.

Roberta Fromkin will chair the Nomination-Search Committee. If you wish to be nominated for either a UCO office or Executive Board, you can get an application at the UCO office. If nominated from the floor, only one second is necessary — must be nominated and seconded by a Delegate.

The UCO office will be closed Friday, November 27th — Thanksgiving recess.

Due to heavy winds, the exterminator was unable to tent the Clubhouse last week. They will try again the week of November 9. If successful, the Clubhouse will be closed November 9-10-11-12.

According to Robert's Rules of Order, to switch order of the meeting we need a two-thirds vote (131). Ushers are stationed at each door to collect Delegate voting papers in order to determine if we still have a quorum when a vote is taken.

Motion: Made and seconded — All future agendas for Delegate meetings be revised to allow any motions presented to be scheduled at the beginning of a meeting before any Committee Reports. This to include motions for Old Business, New Business and any other matters brought to the Delegates as motions. Discussion followed. Vote ----3 opposed — motion carried. President Loewenstein had to leave the meeting and Vice President Bob Marshall took over conducting the meeting. **Old Business:** The Pro-Active Committee complained to the P.B.Co. Landscaping Department about the upkeep of the Golf Course. They also learned that Mr. Waldman did not apply for a permit to erect a fence.

remedies against the Golf Course. Discussion followed. Vote — motion defeated.

New Business: none Committee Reports:

Reporter: Dot Loewenstein announced that the deadline is Monday, November 9 for any items for the next issue.

Insurance: Dan Gladstone reported that 240 units in 50 buildings have been damaged by water and we might have renewal problems. He suggested that shut-off valves are very important. Q&A re water damage followed.

Nominations-Search: Roberta Fromkin reported that every UCO officer (except two Vice Presidents) and the Executive Board are to be elected. Those interested can get forms from the UCO office. We need bios and pictures by January 4. The slate will be presented at the February Delegates' Assembly and candidates can be nominated from the floor with one second at this meeting. The election will be held March 5.

Transportation: Claudette LaBonte announced there is a new bus stop on Palm Beach Lakes Blvd at the new Target. When the Clubhouse is closed for extermination, buses will pick up in front of the medical building.

Security: Al McLaughlin stated that we had three broken gate arms this past month. He reminded residents not to abuse our security guards.

Safety: George Franklin asked drivers to slow down when in the Village. The next Safety Town Hall meeting has been rescheduled to December 17 at 9:30 a.m. in Room C.

Investigations: Louise Ger-

son asked residents to come to UCO if they have any questions. Read her article in the *Reporter*.

Beautification: Sandy Cohen announced that her committee hopes to enhance the CV sign at the Okeechobee entrance in 2010.

Cable: Dave Israel reported that there will be cable box sign ups by Association beginning January 4. The schedule was distributed this morning and is also available at the UCO office. The new CV website is century-village-wpb. blogspot.com.

Maintenance: Jerry Karpf announced there will be a meeting in Room C on November 18 at 2 p.m. pertaining to the Homestead Act. The next Town Meeting will be December 3 at 10:30 a.m. in the Theater. Speakers will be representatives from the State of Florida Ombudsman office. If your Association is interested in installing cut-off water valves, call Jerry to get on the schedule. The cost is \$175 per unit including the permit. The valve will have a tag with the apartment number. Locking valves could be installed at an additional charge.

CERT: Jackie Karlan announced that this Community Emergency Response Team has two new licensed Ham operators. The committee is available to demonstrate how to use building fire extinguishers. Call her for an appointment.

Community Relations: Ted Silverman announced the party for Centenarians was supported by 27 different area businesses. The Village Songbirds entertained.

Signs: Haskell Morin showed a sample of building signs that are available for sale. Order forms are in the UCO office. The cost is \$150 per sign.

The meeting was adjourned at 11:05 a.m. \Box

Welcome "Home" to our seasonal residents; you have been missed...

While you were gone, your representatives in your individual Associations at UCO have been actively seeking various ways in which we can enrich your daily lives.

Countless hours have been devoted to developing and executing a variety of projects by all Officers, and Committees. Some quite visible, such as Lake Shore restoration, still in progress, completion of Camden Pool area repairs, striping of all major roads (N,E,W,S) drives as well as the Clubhouse parking lot, which was black topped.

The overhaul of Duck Island, which has been a personal project of mine, as well as former VP Howie Silver, who was sidelined for quite some time (missed by many... welcome back, Howie) has been completed.

Duck Island is a wonderful

place and underutilized. Why not gather there for your picnic or BBQ? Benches, tables and chairs, as well as BBQ pits, are waiting to be used.

The Season's Entertainment Schedule is filled with exciting shows, appealing to all tastes — classical, pop & doo-wop music, favorite comedians and personalities.

Please make every effort to support as many events as you can.

The various clubs are in progress, and many classes have resumed (check with Courtney at the WPRF office). Movies five times a week (check schedule). Sunday night sing-a-long, and Tuesday and Friday night's Karaoke are offered throughout the year.

My term of office will expire March 2010; however, I will once more become a Candidate for Vice President.

As always, I can be reached at the UCO office during business hours. \Box

The Golf Course

Continued from Page 1 ored sketch portraying what they envisioned as the new property. The speakers pointed out the addition of small lakes and canals to enhance the beauty of the area including a variety of trees and other foliage. New roads would be built to provide easy access to the development.

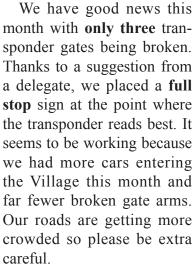

One speaker informed the assemblage that they intended to build approximately 500 homes for families ranging in price from \$120,000 to \$300,000, some of which would be reserved for rentals.

The Waldman group concluded its presentation and said it would answer any questions concerning the matter.

The Proactive Committee found fault with most of the presentation. One CV speaker asked a rhetorical question: "In the light of a downtrend on the real estate market, particularly in South Florida. would the Waldmans reduce their prices? And would such a reduction attract smaller families with many children - not the neighbors retirees are looking for in a more peaceful life style? No reply was given.

Many residents in attendance complained by saying that they specifically purchased their apartment not only as a retirement home but to play golf as they were told when they bought their units.

Security **Al McLaughlin**

Next good news is that a person suspected of writing on the walls at the pools has been caught by a Palm Beach Sheriff's Officer and will have "his day in court."

A thank you is being given to a lady that called to tell me something special a guard had done for "us." At 6:30 a.m., she received a call from the gate asking if she was expecting a truck with two men in it. They only gave her address but did not know her name. She did not expect them so they were turned away saving us from unauthorized visitors and whatever they were planning.

If your building has voted to allow pets, please contact UCO with the proper information for our files. UCO is starting to check the buildings on file.

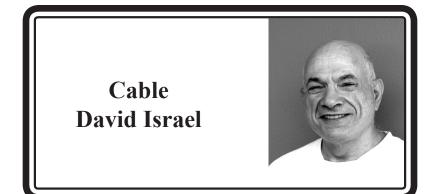

Please, please, stop the rudeness toward the guards. The guards follow the rules of W.P.R.F. and UCO and the only changes come from the them. The rules are called **post** orders and they require IDs to use the pools, or to enter the Village without a "call in" (resident), and other rules that we have had for many years. If you do not have an ID, get one at W.P.R.F. or leave the area. Yelling at the guards will not change the rule. Please show consideration for those people trying to make life comfortable for us here in Century Village.

Comcast Rollout: Phase Two

The time for the Snowbird Cable Box roll-out is fast approaching. In January, 2010; with a vast majority of our seasonal residents here, on the CV Campus, Comcast will once again set up shop in the Main Clubhouse to register our unit owners and make appointments to install the new Cable Box.

Below you will see the planned schedule; please note your Association, and mark your calendar with the dates and times when you should come to the Clubhouse to register. If you cannot come at your scheduled time, please send a neighbor with a copy of your license, or your State remote control. □

"I, John Doe 1 (your name), do hereby authorize John Doe 2 (your neighbor's name) to register for my Cable Box." Be sure to sign the authorization note.

It is very important to register for your Cable Box at this roll-out event, because this is the most convenient way to obtain the box without a charge for the Technician to visit your unit to install the box. In due course of time, training sessions will be provided by Comcast for those needing assistance with the

The first month of the season has been a success. The best part is you have taken that step into new entertainment and December is offering you ten shows never before seen in our Village (designated by *). We have seen some of the clips and believe you will be excited with these new presentations. We have never had a Christmas type show, but I would put it more in the category of an uplifting/prepare-to-be-merry type of performance, so try the following:

- Tue., Dec. 1, 8 pm: Jingle Bell Rock. They are an energetic cast of singers and dancers that will keep the house hopping as they guide you thru the best of the season.
- * Sat., Dec. 5, 8 pm: a Broadway tribute to *Hairspray*, an energetic revue combining music, choreography, and of course the Sixties hairstyles.
- Thu., Dec. 10, 8 pm: That's Amore. Mark Adams with the style, the looks, the charm, the voice, plus his magnetic appeal, accompanied by his dynamite band and the sexy/glamorous Gold Diggers.
- Sat., Dec. 12, 8 pm: Mostly Mercer Equinox Jazz is a unique ensemble of eight musicians bringing to life such Mercer classics as That Old Black Magic, Autumn Leaves, Moon River.
- Sun., Dec. 13th, 7 pm: Ballet Fedotov, featuring one of the talented former Soviet choreographers in an original and unique presentation of West Side Story.
- Tue., Dec. 15, 8 pm: Broadway Boys, a group of the hottest male voices currently on the New York stage. They will feature pop, funk, jazz and folk.
- Sat., Dec. 19, 8 pm: Sarge, a childhood prodigy who can sing, not only in his spectacular voice but also in a dozen others. Oh, and don't forget the piano. Sarge is the phenomenal star of I May be Black, but God Knows I'm Jewish.
- Tue., Dec. 22, 8 pm: Neil Diamond Tribute with Jay White, direct from Las Vegas, who is a personal acquaintance of Neil Diamond, who personally has stated "Jay kept singing so I can stay home and relax."
- Sun., Dec. 27, 8 pm: Terry Johnson's Flamingos. Terry has been a songwriter for the past 50 years. Come down memory lane of the big band era.

In addition, don't forget our exciting New Year's Eve Dance, which will begin at 9 pm to the music of Pete Terri. If you want a group table saved, remember to bring all IDs with you at the time of purchase.

From the Desk of Vice President Jerry Karpf

With the start of a new season, when all the snowbirds come down to Century Village, my thoughts turn to what is the best way to continue everyone's education and knowledge in learning what condo living is all about.

Many people who live in Century Village don't have the faintest idea that they have responsibilities to their Association, and this goes as well as what responsibilities the board has to the unit owners. To help unit owners better understand this concept, we have arranged a Town Hall meeting that is open to everyone in CV on December 3, 2009 at 10:30 a.m. in the Clubhouse Theater.

I will be having as guest speaker Mr. Bill Raphan, the Ombudsman for the State of Florida, who will lecture on how Condominium Elections must be conducted. Everyone in Century Village should attend. This will be the first step in several lectures for everyone to understand condo living in the State of Florida. Mr. Raphan will also give an update of what new changes are being considered in 718, the Condominium Act.

I will also be having classes on basic condominium finances and responsibilities that Board members have to their Association. These classes will be held on February 4, 2010, and other dates to be announced. Because of limits on the number of people that can be instructed on the various topics, there will be a limit of 100 people per lecture. This only applies to the classes, not the Town Hall meeting.

So remember: Come to the Town Hall meeting on December 3^{rd} and learn something new and have some fun. \Box

Alzheimer's Survey Response By Dot Loewenstein

For the past two months, we have run a survey, trying to determine a day of the week that would be most convenient for our residents to meet with concerns about relatives, friends, or neighbors who seem to be exhibiting symptoms of dementia.

Results: Half of our replies indicate Monday is the best day, and the other half want Wednesday. Don't get excited yet — each group was divided also! Half want mornings, and the other half — you guessed it — want afternoons. All want weekly sessions.

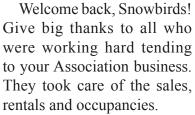

There are a few who will accept any day, any time, and prefer monthly meetings.

Therefore, we cannot, as yet, make a firm commitment and we are now requesting additional survey respondents. If you have not filled out our survey form, we will provide it again at the end of this column. It would be most helpful if you could narrow down your reply to Monday or Wednesday and morning or afternoon.

Please be patient with me. We will get this project off the ground, and already have facilitators on the shelf. The Century Medical Care Center (new name) has offered space for us as soon as it is available in their building, still under construction. Anita Cruz will give us space in the Clubhouse prior to that time, so space is not a problem.

Be assured that your names and phone numbers remain in my custody and will not find their way into a trash can. **Thank you** for your replies to date, and please tell your friends it is not too late to respond. \Box

Investigations Louise Gerson

In October, we had 27 sales, 35 rentals, 2 deed transfers and 8 requests for occupancy. A total of 72 investigations brought in.

Everyone that wants to live here should be investigated. They should be 55 or older. You want to be sure that people buying apartments have enough finances to live here. Criminal checks are done on everyone to make sure responsible people live here when they buy or rent.

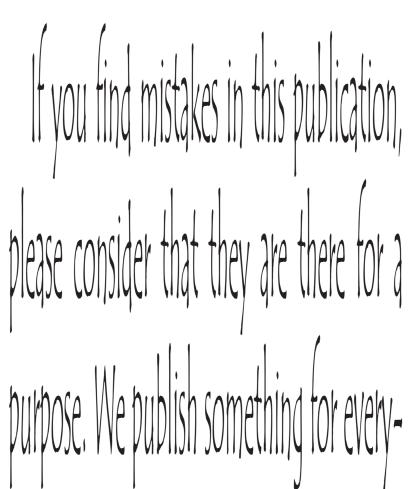

These are trying times for all of us. Associations are getting stuck paying for apartments that irresponsible people have walked away from. When you get a bad credit report on a prospective buyer, *it is up to the Association to meet and decide whether to reject or accept them!*

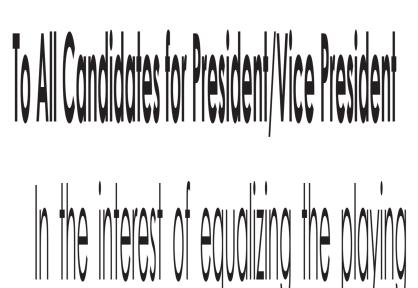

Same thing if the report shows a criminal problem. *Again, the Association Board is the only one to make the decision, not UCO Investigations!*

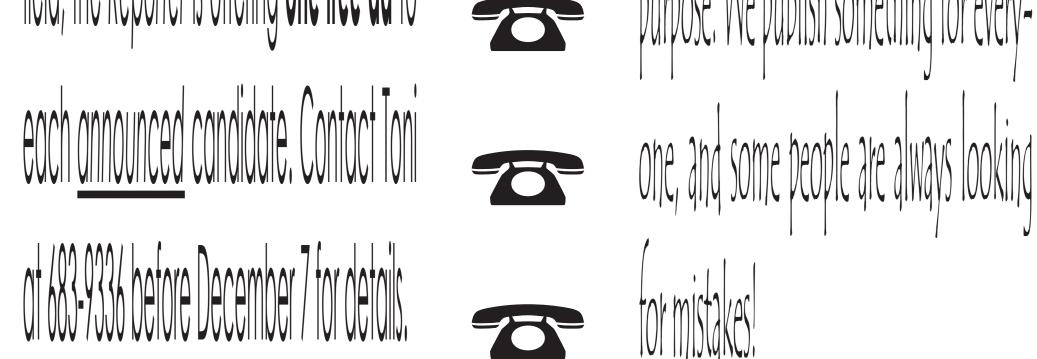

Please come into our office with your questions on pending investigations. Everything is confidential, so we cannot give you any information over the phone. Bring your ID with you.

Calling all those who can dedicate days to put information into our computer: Come into our office for more details.

Have a great Thanksgiving. We are closed that Thursday and Friday, so please plan ahead with bringing in your contracts with checks. □

The Mail Bag

Regarding the Waldmans' **Open Letter**

I read Mr. and Mrs. Waldman's open letter in the UCO paper, September issue, with much interest, and I quote: "We don't anticipate this project to add more traffic, but to enhance your (our) access and create a fluid movement of vehicles," end quote. Are they kidding???

The Waldmans also suggest, and I quote, "There will be a greater tax revenue for Palm Beach County." But historically, our taxes will be increased for all the additional services that will have to be provided to support the development, such as opening the street for water, sewer and other utility connections, etc, etc.

The open letter continues to hint that we in Century Village will have more privacy and security. Are the Waldmans implying that a housing development will provide less noise and security than a golf course??

I might add that during the tenure of the Waldmans purchase of the golf course, the golf clubhouse was vandalized several times, suffering broken glass and pilfering. Is this the type of security we are to expect?

If they could not protect what they own, how much protection will they give us? Expect zilch, nada, nothing especially after he builds and walks away from the project, which is so common with developers.

It is up to you to say no to the Waldmans and anyone else who might want to develop this property other than what it was intended for — a recreation area set in perpetuity.

Olga's Wish List

I wish the delegates did not approve the cable contract.

I wish the officers of UCO would not spend the residents' money so freely.

I wish WPRF would not treat us like children and bombard us with stupid little rules.

I wish we could have karaoke at the Kent Pool.

I wish we could have a UCO office inside the Clubhouse and sell the UCO building for a profit.

I wish the next time a millennium contract is signed, the residents can read it before the delegates sign off on it.

I wish UCO would not pay exorbitant fees to hire experts who give us bad advice.

I wish we could find a cure for stupidity.

I wish the operations committee did not vote to give pay raises and bonuses to WPRF and UCO employees when the economy is in the pits.

I wish we did not have to pay WPRF personal bank fees out of the residents' money.

I wish the cable gurus considered the fact that we may have to pay three quarters of a million dollars in taxes before they signed a ten year contract. A side note:

If any of my wishes make you angry, don't get mad, get even. At election time, think seriously about who you want to spend your money.

And please, give some respect to the UCO volunteers who do all the grunt work and do not participate in any decision making.

Golf Course Town

a courtroom. He did not set guidelines for the Q&A part of the meeting. He did not stop any of the rudeness that happened.

At this point, JV took it upon herself and decided to control the meeting herself. She would not allow Mr. Waldman, who had been introduced as part of the team but was sitting down in the front row, to answer a question that had been asked. This is when the pro-active committee members started yelling and making derogatory remarks about or to anyone they thought did not agree with them. People were lined up at the microphones supposedly to ask questions but it seemed that most of them came with a printed agenda which they read. At this point people seemed to lose patience and most started leaving.

The meeting became a disgrace to the Village. There is no excuse for the rudeness and yelling that went on. This was not a voting meeting; it was supposed to be an information meeting so people could clarify questions that they had.

The main question that I wanted to ask was: What does the pro-active committee want to do with that land? It is pretty clear that it will never be a golf course again. The Village did not buy that property when the price was reasonable and they had the chance. They themselves talked about a two million dollar course restoration somewhere in the area. I do not believe that the people in our Village are willing or able to spend that kind of money, let alone buy the property that is not for sale and then put several million dollars into it to turn it into a money losing business.

I hope when the snowbirds come back, they can come to a Town Meeting that would be a help to them and not a freefor-all like yesterdays. Taken from centuryvillage-wpb.blogspot.com, the Village's new Web site

For security, the Waldmans, at one time, said they would fence their property from ours; are we to expect fencing like the separation from the parking field at the medical building? At Southampton, they used razor sharp barbed wire; is that the look we want from paradise to a maximum prison look???

Folks, if you want to live with all the promises the Waldmans make, you will be in for a big disappointment. They are painting a rosy picture to mask all the negatives.

Don't be fooled. There are no positives in their proposal.

Re: Town Meeting for Information About Golf Course Property

Yesterday I went to the Town Meeting to hear all the information that I could about what is to happen to the now closed golf course. Both sides did credible presentations and I had some questions for each side.

This is when the meeting turned into bedlam (a crazy place) and all control, manners and tolerance ceased. The Judge that was brought in to moderate the meeting was totally useless. I find it hard to believe he ever controlled

Farewell, My Friend...

Mary Amitrano, from Salisbury G across the street, passed away this morning, at 78, exactly five weeks to the day of being diagnosed with pancreatic cancer. Early in September, her three children drove down from northern New Jersey to take her back home with them.

Mary was a wonderful friend and neighbor, firm in her political convictions, a generous volunteer at a local geriatric center where she pushed wheelchairs three days a week.

Her favorite hobby was scouring rummage stores to hunt for yarn for a crafty friend, or used clean towels for another who made bed pads for cancer patients.

Live each day as if it were your last.

Recollections of the October 15th Town Hall Meeting

The original intent of the Pro-Active Committee to hold a Town Hall Meeting was to advise the residents of the work the committee had been doing from its inception in 2005.

The date was set and the statements were prepared. However, at a Delegates meeting, a motion was made and passed to have the owners of the golf course present their plans at the same meeting. At that point, the UCO Administration took over the details for procedures of the meeting.

It was decided by the Officers of UCO to have a Moderator preside over the presentations. It was then determined between the moderator, Judge Parker, and George Loewenstein to allow each side to have only six presenters on stage and each side to have only 25 minutes to speak, then allow questions from the floor with a limit of two minutes as some residents were to be allowed to read prepared statements. Contrary to some comments since the meeting, let us be perfectly clear...

The procedures were totally determined by the UCO Administration and the Moderator. Unfortunately, the Waldman group violated these rules. When we reminded them of the rules, they were very unprofessional. They left the stage. Seeing the tremendous opposition from the audience to any of their plans, they "picked up their marbles and went home" like little children do when they are losing the game.

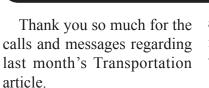

Let us re-emphasize some of the statements made by the Pro-Active committee at the meeting.

• The population of this new development...who are the buyers? Are they investigated for criminal backgrounds as we do?

- What if the developers have problems selling...will they revert to a low income development or rentals without regard to background checks?
- We have had several instances of unsavory characters climbing over our current fences, we have made several calls to the sheriff's office regarding this problem.
- The power point presentation made at this meeting was vastly different from what was presented over the years to the Pro-Active Committee. Let us remind you that any promises made by any developer can be changed at their desire because they are covered by a disclaimer placed on any offering to potential buyers. As their presentation shows now...anyone from their development could enter our village freely... since there is no significant boundary, except for small lakes between the properties; all that would be protecting us is a security person in a Rover to cover both properties.
- Also covered at the meeting was the negative impact of additional traffic on our local roads. Our streets will become like parking lots at rush hour like streets in other parts of the County.
- Just because you do not live near the golf course property, please don't think this situation does not affect you. The safety and security of all residents of Century Village are affected. Don't think that a development on that property will increase the value of Century Village; in all probability, it will have a negative effect. Those that can, will move away; and those that can't. will suffer.

More information was provided by Marcia Ziccardy, a CV resident. Her father, Saul Leffak, AKA Charlie, arrived in the Village in 1979 from New York City Transit Authority and became friends with the drivers. He tells us that at that time the group was known as the "Sixty Niners."

We have returned to the winter bus schedule and have added Target on the Mall Bus route.

at this writing and we are looking forward to the return of our winter residents. Note to all bus riders:

"Please do not ask drivers to stop in front of your building's sidewalk, or other location closer to your front door." "This is not an appointed bus stop, and your driver may lose his or her job for trying to keep you happy." "It is a very short walk from the assigned bus stop, and you have been noticed as having no physical limitations, nor have you been carrying any bundles when we have seen you taking advantage of a very nice driver." \Box

I dare to say that all is quiet

Excursion Bus Trips

Excursion Buses run Mondays & Wednesdays, every month.

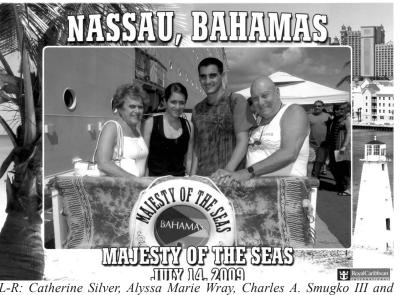

The Monday bus normally goes to Wellington Green at 9:30 a.m. and returns at 1:15 p.m. This same bus makes a second trip at 10:30 a.m. to Wal-Mart, returning at 2:10 p.m.

EXCEPTION: The 2nd Monday trip is to Lake Worth Beach, leaving at 9:30 a.m. and returning by 2:30 p.m. This is a big bus holding 48 passengers. The December trip is on December 14th.

The Wednesday bus normally goes to CityPlace at 10 a.m. and continues on to Gardens Mall, arriving about 10:30 a.m. This bus leaves the Gardens Mall at 1:30 p.m. and picks up at CityPlace about 2 p.m.

EXCEPTION: The 4th Wednesday trip is to Delray on December 23rd, leaving at 9:30 a.m. and returning by 2:30 p.m. The destination is the Carnival Flea Market, and Beall's Outlet is within walking distance.

This 48 passenger bus is usually full, so it makes sense to arrive between 8:30 a.m. and 9 a.m. to be sure of getting a seat.

The Mail Bag Continues on Page 15

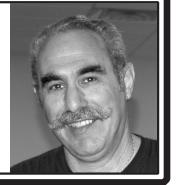

Ok, folks, it finally happened — "Signal 4" — that is the police dispatch signal for a motor vehicle crash.

Today (not mentioning real date), while I was heading north in the rain on South Military Trail at 1:30 P.M. near the intersection of Forest Hill Blvd., I was stopped in the right lane for a red traffic signal. All of a sudden, wham!! I was struck from behind. I was hit so hard that the ash tray in my car popped out!

I got out in time to see the driver of the vehicle that hit me lowering their hand with a cell phone in it. This driver never braked and just drove right into the back of my car that I had for four weeks and four days exactly.

As of this date, I do have a small pain in my neck above the right shoulder — no lie. Now what I can tell you is this: I was very lucky to be driving a very large vehicle while the other driver had a compact car. The damage to that vehicle was extensive. Mine, again from what I can see, seems to be superficial. Not yet sure, as the car has to be put onto a lift and checked for undercarriage damage. The rest is that the Service Aide who prepared the crash report messed it up so badly that I had to go to the Sheriff Headquarters on Gun Club Road to report the errors and he was called in and had to redo the entire report. Ok, what's the point in telling you this tale? Put the phone down and drive!!!

Now, because someone was not paying attention and talking on a phone (allegedly) an entire half a day was wasted by this writer, not to mention vehicle damage to both cars, a Sheriff's employee could have been doing other more important business, and so, three persons had their entire afternoon wrecked. As of 4:30 p.m., the other person had not reported that crash to their insurance company. You may also be interested to know that there are three (3) types of crashes that are classified as non-preventable. The First is stopped at the direction of a Police Officer; the Second is stopped at

a Traffic Signal; the Third is being struck while Properly and Legally Parked. Anything else and your insurance company will hammer you with premium increases or drop you all together.

Now, if you are involved in a crash and before you leave the scene, check the paperwork given to you. Notify the officer if anything he wrote is wrong, have it corrected at the scene.

I have been on the "Cell Phone" kick, and here is some news directly off the press for you regarding the use of these items.

This month, Arkansas has joined more than twenty (20) other states banning "Text Messaging" while driving. They also have made it illegal to use a cell phone or to email or access information on line while driving. Maryland on October 1, 2009 has a ban now on Texting while driving, and in Maine last month, doing anything distracting while driving became illegal. Now what is anything distracting? I don't know and I don't want to find out. Seems that leaves a lot to the Police Officer's discretion. So be careful driving through Maine.

Now to our Northern Snow Birds from Canada — you are not left out of these rules. In Ontario, Canada, a ban against Cell Phone use and text messaging while driving takes effect October 26, 2009. Also under the Ontario measure, hand held Citizen Band or other two (2) way radios are being phased out within three (3) years. It appears that only hand free models will be allowed to be used.

Insurance **Dan Gladstone**

It happened to my building again. My next door neighbor left her beautiful, exquisite apartment on Friday 11/6 at 5 p.m. for a party. At 7:30 p.m., another neighbor that was walking by her door noticed that water was coming out in bulks. He called me and we both went in with the Association key only to find out that the ball-cock system broke and a huge amount of water was overflowing. In the two hours that the water was running, two apartments were totally soaked. The first and foremost victim in such cases is the apartment below. In many cases the apartment upstairs does not suffer any damage or does not even know that it has a leak.

The instrument measures show that in these two hours, all the drywalls absorbed huge amounts of water and are already soaked.

My Association is now obliged for another deductible of \$5,000. Since June of this year, we are in for \$10,000. Our previous event happened on June 23 on the other side of our 24 unit building.

Our board has learned how important it was to have access to all the keys of the apartments in our building. We were able to enter the apartment, locate and stop the leak in minutes.

The experience that we have learned in the past year has shown that most of the occur-

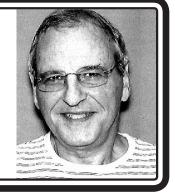

rences and the most devastating ones have been caused by broken and failing ball-cock systems in the toilet tank. It is due to aging. So we are now strongly recommending that each unit will change its ballcock system to a new one that is less likely to fail in the near future. The cost is minimal and comparing the damage that it helps to avoid, this is an important investment.

Some other issues: UCO received a notice that one of our Associations was being sued for discrimination because the board had rejected an application to buy an apartment. Although the rejection was based on bad credit (in fact, it was awful), his lawyer was trying to connect it to the "tone" of his skin. Nothing could be further from the truth because members of the president's family have the same "tone." But nevertheless, our insurance company has to defend the case regardless of it being a nuisance suit.

It came to UCO's attention that a new treasurer of an Association found out, when he received the books, that his previous president was paying by checks monies without receipts that could not be accounted for. So please be sure that your accountant system runs without opening windows for embezzlements.

Anything you say to me may be held against you in a court of public opinion!

Before I start my article, I must state our policy with regard to manufacturers and anyone who lectures at any maintenance meeting:

UCO and the maintenance committee do not endorse or approve of any manufacturers, product, or contractor. All opinions of any lecturer are strictly their own and not those of UCO. This article cannot be used in any legal matter.

As previously mentioned, there have been many instances of water damage recently. In fact, as of this date we have had more than 240 claims submitted to the insurance company. This indicates a possibility of a large increase in insurance premiums, as well as cancellation on our water damage policy. It is up to us to act proactively and do something to prevent water damage, especially when unit owners are absent.

The most effective action we can take is to start the installation of the water cutoff valves mentioned last issue. There is a new, lower price of \$150 estimated for each installation, plus a \$25 permit fee per unit. It is strongly recommended that associations contact me in the UCO office at 683-9189 to arrange for this work to be done as soon as possible. While we cannot recommend any particular plumber, we do have a pool of five licensed plumbers that we can provide. It is vital for each association to install these valves; remember that the insurance deductible is \$5,000 for each occurrence.

work. You would not know if the work was done properly until something happens that would cause damage. Always ask to see a license and proof of insurance — without these, do not hire them.

Mr. Guthright reminded us that everyone must have permits for any type of water heater. Failure to obtain a permit can result in a stiff fine. It is the responsibility of the unit owner to get the permit - not the plumber or electrician.

Mr. Kajak warned us not to use the circuit breaker to shut down water heaters when not in use (to save electricity) because the circuit breaker was not designed to be turned on and off constantly. If you burnout the breaker, a replacement part may no longer be available. It is possible that the entire box would have to be replaced, for an estimated cost of \$600.

A solution would be to have a timer installed; that will automatically shut down the water heater when not in use.

Mr. Karrh advised us that tankless water heaters are illegal because the wires in our village were not made to handle the amp load required by such heaters. Our electrical system is supposed to deliver 100 amps per apartment, and the average unit uses about 75 amps. A tankless water heater uses 44 amp, bringing your demand 19 amps over the limit. Since our circuit boards are almost 40 years old, and our wires are aluminum, this is a formula for major problems, such as blowing out your circuit boards or burning out some of your appliances, as well as a fire. A fire is only a matter of time, when using more amps than the wires in the walls are designed to handle. Please report (anonymously) to Mr. Karrh at 681-3923 anyone that you know who has a tankless water heater. They are placing their neighbors in possible danger from the above problems that create fires. There are contractors who may tell you that you do not need a permit, that these units pass all codes, and they are safe — all of which is untrue. Again, a reminder: You are responsible for permits, which normally take about six days.

Prevention is better than dealing with unpleasant outcomes. Call 681-3923 to report any situation you think might result in damage and/or danger to others. All present at this meeting were extremely grateful to these gentlemen for sharing their knowledge. \Box

Our second annual Dessert Buffet honoring our centenarians was held on Thursday, October 29. It is time to not only thank our volunteers and sponsors, but to give you a bit of detail as to how much effort was spent.

What you enjoyed on the 29th was not the work of any one individual, but the collective result of our committee:

Leslie Darrigan keeps track of honorees and sends birthday cards. Phyllis Frishberg and Eileen Pearlman maintain contact with the media and politicians. Jackie Karlan and Myrna Schechter are our fabulous co-chairs, who also purchased all the drinks and paper goods, among other items. Lori Torres and Kathleen Guanagia picked up all food, including three sheet cakes and tons of flowers. Maria Levy and Dorothy Breier manned the phone squad, contacted sponsors, and handled all the table settings.

Many sponsors provided

gift cards for each honoree, and some provided cash, which was used to purchase paper goods and related items.

Food donations were overflowing, as were floral centerpieces. Since most readers were not there, we can only describe for you what appeared on our buffet table. A large birthday cake, three sheet cakes, cookies, and fruit displays.

A list of sponsors follows, and our own Ken Davis managed a great photo of one of the sheet cakes. Thanks to everyone!

And a Fence Shall Run **Through It**

On November 4, a case was brought to an official body of Palm Beach County. Complaints were placed on the desk of Senior Code Enforcement Officer John Meyers, who has been monitoring the actions and inactions of Mr. Andrew Waldman, and now it was time for him to face a judge and plead his case. Elsewhere in this paper you'll find a list of those who were present beside Mr. Waldman.

We were addressed by the appointed magistrate, Gary Brandenburg. The magistrate pointed out that, even though Mr. Waldman stopped doing business, he did still have a responsibility to the County and the adjacent citizens' property. The parallel he referred to was "if you were the owner of a restaurant and you went out of business, you would still have to cut the grass and care for the shrubbery."

A question raised by the special master was "did you, in fact, have the fence taken down?" The reply was "Sir, there was never a fence in place there," while pointing to recent pictures taken by Inspector Meyers. "as you see, there is no fence." UCO VP and member of our pro active board took the stand and stated that "all one had to do was go on Google Earth" and see for yourself that there was a fence there, since the Haverhill entrance was created.

At this point, we heard the judge's findings: "Mr Waldman, I am giving you 30 days, during that time you will take out a permit to re-erect the fence that you removed, and cut the grass...giving you sufficient time to comply. If you do not, I will fine you \$150 per day until the job is

Recap of County Hearing, Nov. 4

Many of you are aware that the Waldman Group, owners of the golf course, removed the fence last July that had been installed in 1993 to separate the public area from the Century Village area of the golf course. Several complaints were made by residents to the County Code Enforcement Division. Code Enforcement found the owners to be in violation of code and notified them of that fact.

On November 4, 2009 a hearing was held at the County Building Department. Mr. Andrew Waldman gave testimony to the Special Magistrate. Members of the Pro-Active Committee and other residents attended the hearing. Testimonies were made by Pro-Active members stating the concerns of the Century Village residents as to their security and safety since the fence was removed which allows anyone to enter from Haverhill Road and continue through the golf course into Century Village. The Special Magistrate made a ruling to Mr. Waldman that he has 30 days to install a fence. If he does not in that time, he will be fined \$150 per day for every day until the fence is installed.

Cambridge B: Fore!

In my last article I spoke of a meeting with Mr. Waldman. I heard that many people thought that I was in accord with him. Nothing could be further from the truth.

The fact is, I am in complete disagreement with him. There is nothing he said that changed my mind about his construction on our golf course. I am angered that he ruined the golf course, and took away an important part of our village.

Clubhouse Library **By Dot Loewenstein**

Compliments! Kudos! Praise! Applause! Accolades! OK, my computer thesaurus has run out of synonyms. Basically, what I'm trying to say is that no matter where we go, or who we meet, everyone in our Village stops me and tells me how much they admire our library.

You know, and I know, that the praise should go to our volunteers, not to me. They do a fantastic job of keeping the place neat. Books are always trim at the forward end of the shelves, and magazines are on lower shelves, easier to pick up than heavy books. Upon arriving, when tables are filled to overflowing with new donations, our volunteers just dig in and make sure all are shelved properly.

We are also fortunate to have residents who observe the "two tables" rule for jigsaw puzzles, leaving other tables available for those who would just like to sit quietly and read. Where else can anyone find a place to do a jigsaw puzzle, leave it unfinished, and return the next day to note some pieces were inserted, making the job much easier? We like to borrow the 500 piece puzzles for home. A corkboard (24" x 36") fits on the dining table and can easily be moved and hidden under the bed when guests come. But the 1,000 piece puzzles are best suited for our library with wonderful lighting. Visitors are always amazed to see completed puzzles on display for a week.

They add beauty, as does the painting of a Paris street scene by resident Helen Seigler, who also creates cartoons for the UCO Reporter.

Our Village welcomes back our seasonal visitors, and, as always, we accept donations of books with covers that reflect the light, foreign language books, and most needed are Large Print books. Paperbacks seem to come in by the dozen, and leave the same way, so feel free to donate some in good condition. Magazines multiply, especially if they are weeklies, and will be transported to the big yellow bins outside once they are out of date. Criticism and complaints are heard elsewhere, at the pools, on the buses, in the clubhouse, but happily not at our library. Let's have a positive attitude everywhere!

The Reader's Corner **Lenore Velcoff**

Without a Map, a memoir by Meredith Hall, is the story of a sixteen year old girl who, in 1965, became pregnant without benefit of marriage. She is expelled from school, kicked out of her mother's house, shunned by neighbors and banished from her father's home after she gives up her child for adoption.

The sexual mores of the first half of the 1960s were very different from those of the years that followed, especially in a small New Hampshire town. Hall explains what it was like to be cut off from all emotional support at the time it was most needed. Yet she survived. Even as she wandered on foot, penniless, from one Middle Eastern country to another, she endured. She overcame great challenges.

Eventually, she returned to New England, where she reconciled with her past. She writes unflinchingly about sensitive subjects and a life

scarred by rigid expectations. She coexisted with simultaneously loving and hating her family. Lest you think this book is just one big hole of self-pity and sorrow, there are also great uplifting moments. The book weaves together morality, relationships, loneliness, nature and love without romanticizing the people, places and feelings that Hall uses to explore her life. For anyone who has ever wondered how someone could give up their baby, this is a must read.

The author got money from A Room of Her Own Foundation, which enabled her to write her story. She is a talented author and is now a professor at the University of New Hampshire.

This book is a reminder of the living hell that many young girls who found themselves pregnant and unwed could expect to be faced with in those years. I loved this book, though it moved me to tears. \Box

for him to do is repair the course, or relinquish it to a golf course operator. We must do everything in our power to see that he never builds on the golf course.

Creative Halloween Costumes Seen at Saturday Night Dance in the Clubhouse

The Witches and the Werewolves joined the dancers in the Clubhouse Party Room on Saturday night. Many were in creative costumes as all had fun at the Saturday night dance, swinging to various musical tunes.

The laughing "witch" and her masked partner hit the dance floor with other revelers.

Sylvia was not afraid to dance with werewolf Frank Cornish on this festive occasion.

Safety Town Hall Meeting By George Franklin

As you all know, the November Safety Town Hall Meeting had to be canceled because of the termite problem at the Clubhouse. We have been able to reschedule this seminar to Thursday, December 17, 9:30 a.m. with the same dynamic speakers that were scheduled for November.

Folks, just another reminder: **Do not miss this one!!** This promises to be the best seminar we have ever been able to hold. These speakers are from the Palm Beach County Sheriff's Office, The Palm Beach County State Attorney's Office and the Florida Attorney General's Office. All of these speakers are the most professional in their fields and will be giving you the finest most updated personal safety information available to date! Trust me, you won't fall asleep listening to these speakers! The information is as follows:

Save the Date

The UCO Installation Luncheon is scheduled for Sunday, March 14, 2010 at the Marriott Hotel in West Palm Beach. This is a good time to notify your Association so that they may put the price of your tickets in their 2010 budget.

We will be installing a new UCO President, Vice Presidents, Treasurer, Corresponding Secretary, and Recording Secretary. The Executive Board will be installed too.

A delicious brunch will be served as well as music for dancing.

The good news is that we have been able to keep the cost per person to \$35. More information will follow as we get closer to 2010.

This & That By Dr. Marilyn Ducati

I first heard of Lydia Davis from someone in one of the three book clubs to which I currently belong.

Davis' reputation may be forbidding, but I find her philosophical, enchanting and insanely funny.

Books! What would I do without them? As life gets more difficult doing many of the things we found so easy to accomplish in our younger years, books are my greatest treasures now.

My treasure trove is the library nearest Century Village, located at 5689 Okeechobee Blvd. If they don't have a book you want, they will in a short period of time (if possible) get it.

Cheers to our President Obama for winning this year's Nobel Laureate in Peace.

Another prize this year that I find exciting — a prize in chemistry, awarded to Ada Yonath, the first woman to win that prize in 45 years.

In closing, I'd like to share with you how the first meeting of my "This and That" group worked out — "Perfectly." The topics were loneliness and relationships and it proved that a very important factor in healing from loss and loneliness is having the support of other people, which we all shared gracefully. P.S.: I wish everyone a "Happy Thanksgiving." I will be sharing it with my family in California. See you soon. □

Do You See the Motorcycle?

The Honda crotch rocket rider was traveling at approximately 85 mph. The VW driver was talking on a cell phone when she pulled out from a side street, apparently not seeing the motorcycle. The riders reaction time was not sufficient enough to avoid this accident. The car had two passengers and the bike rider was found **inside** the car with them. The Volkswagen actually flipped over from the force of impact and landed 20 feet from where the collision took place.

Mary Patrick Benton, Chair

All three involved (two in the car and the bike rider) were killed instantly. This graphic demonstration was placed at the Motorcycle Fair by the Police and Road Safety Department.

Pass this on to car drivers or soon to be new drivers, or new motorcycle owners, and especially everyone you know who has a cell phone!

A picture is worth a thousand words.

Sayyousawitinthe *UCOReporter*—it's good for business!

From the Listening Post Syd Kronish

Can't we get along?!?

This is the problem we all face today and in the future. It is "civility."

Civility has eluded a diverse population around the world for ages. But it has deteriorated noticeably everywhere in recent years.

The dictionary describes the word "civility" as meaning: respect, courtesy, politeness, compassion and graciousness. The one summing it up is respect.

Hatred and violence are the direct opposite of civility.

Wars are being fought all over the world. Violence begets violence. Civility obviously is gone with the wind. However, respect or civility, comes down to an internal personal level.

It starts in the political arena with the shouting of insults and name calling. It reaches the depth of reason when members of our Congress attack one another and, as a recent incident showed, when President Obama was accused of being a liar — rancor prevailed. We all remember when a foreign journalist threw his shoes at the then-President George W. Bush, in anger.

History records the prelude to World War II, with shouting and screaming against minorities by Adolf Hitler.

We see town meetings with shouts and screams in an attempt to disrupt the occasion. We also are aware of the same situation at meetings of Century Village committees, yelling, insulting, and interrupting at every note.

What happened to Mr. Nice Guy? Major league baseball manager Leo Durocher once exclaimed "Nice Guys Finish Last."

I must comment on our daily lives where civility transposed into road rage. We see speeders hurrying from lane to lane on highways and even local roads. We also see people driving while using cell phones and texting, not using a seat belt, running a red light and not using a signal.

Only each individual, whether he or she is a CV resident or living elsewhere, can change civility to respect.

The famed comedian George Burns, when he reached the age of 100, at his birthday party, said, "When I was a young boy I was told by my mother to respect my elders, I took her advice and did, now that I am 100 and there is nobody here older than me, I don't have to respect anyone."

Let's follow the advice of Mr. Burns, until we reach 100. Okay?!? □
