## Village Investigations Simplified

How "Cloud Computing" has shortened the number of steps in our investigations procedure

"Cloud computing" is Internet-based computing whereby shared resources, software, and information are provided to computers and other devices on demand. It works like the electricity grid, where power in abundance in one area of the country is shared with another area of the country with power needs.

But what, you may say, does this mysterious "cloud" concept have to do with real estate sales in Century Village? Let's take a look. Do you remember when you first decided to rent or purchase a unit in the Village? You had to be investigated. Let's list the steps you had to navigate:

- 1. Write a check for \$100 payable to the Association.
- 2. Wait until the Association deposited your check and gave you a check made payable to UCO, drawn on the Association's account.

## **CV Residents Honor Centenarians** with a Festive Reception

**By Syd Kronish** 

This was a day of joy and celebration as Century Village residents 100 years or older (called centenarians) were honored at a lavish desert buffet in our Clubhouse Party Room, Thursday, October 28.

The room was filled with residents, public officials, our UCO president and all the elected officers — and of course, our six happy centenarians as the center of attention.

The honorees were Pauline Cheeger, Ceil Imberman, Regina Laskey, Abraham Moskowitz, Lillian Rubin and Al Weiskopf.

Ted Silverman, chairman of the CV Community Relations Committee, and the proud planners of this occasion were on hand to assist the attendees to their gaily-decorated tables adorned with flowers and small gifts,

The committee was comprised of Dorothy Breier, Phyllis Frishberg, Kathy Guarnagia, Jackie Karlen, Maria Levy, Eileen Pearlman and Lori Torres.

President David Israel welcomed the honorees and guests. Mr. Israel also introduced Mr. Irwin Levy, developer of the Village, who remarked that he was "most pleased to be present at this wonderful celebration."

Chairman Silverman introduced the various public elected officials, including U.S. Senator Bill Nelson; Congressman Ted Deutch; County Election Supervisor Susan Bucher; State Representative Mark Pafford; Palm Beach County Tax Collector Ann Gannon; Gary Nikolitis, Palm Beach County Property Appraiser; and Alex Sink, state official.

Governor Charlie Crist sent special plaques to each of the honorees praising them on this special occasion.

Entertainment was provided by Century Village's own "Merry Minstrels." The group consisted of Shirley Levin, Anna Torres, Muriel Canin, Corinne Karpf, Paula Shein, Belle Burgen, Herbie Webberman, Louis Ashwee, Sara Farkas, and Myron Silverman, with director Gigi Lachance.

The afternoon ended with the lavish fare of all sorts of cakes, pies, cookies, etc.

This day will long be remembered by all, and we will look forward to next year and another celebration.  $\Box$

## Delegate Assembly Minutes November 5, 2010

The meeting was called to order at 9:30 by President David Israel, followed by the Pledge of Allegiance to the Flag led by Lieutenant Richard Diberardino.

Kevin Rader and Paulette Burdick were in attendance, and thanked the voters who supported them during the recent election.

Lieutenant Diberardino reported that there were no traffic violations during the last month, and no robberies or burglaries-only minor thefts by relatives or roommates. He encouraged residents to be especially cautious during the holiday season...to lock our car doors and trunks, and if at all possible, not to travel alone. He also promised additional patrols at the East Gate where the "No Turn on Red" sign is being ignored; and to slow down speeders at the exit gates.

Sarah Alsofrom represented the State Attorney's office. The Direct line to call is 561-355-7249 to reported cases of Elder Abuse, or for those who wish to become volunteers. Their office has recently been able to disband a national gang which has been operating in our area. Speakers are available for group meetings.

Claudette LaBonte and her group are working on Mitigations for Associations without losses. Associations who are upgrading their plumbing and other areas to reduce claims may also benefit from the mitigations. Call Claudette at 6979321 for further information.

The minutes of the November 5 delegate assembly were accepted as written.

**The Treasurer's Report** – was accepted.

There were 180 Delegates present — welcome back, Snowbirds!!

A Motion was made by Roberta Fromkin to accept Louise Maccarone as Recording Secretary, to fill the unexpired term of Rhea Cohen which ends in March 2012. Phil Shapkin seconded the motion. Motion was accepted by the delegates.

George Lowenstein reported on the 2008 tax audit which will occur in December, and that the determination on the Comcast doorway fees could be affected by this audit. This may also have a bearing on the need for an IRS Letter Ruling concerning these fees.

#### The President's Report

President Israel informed us that new buyers and renters may now fill out the Investigation form online at centuryvillage-wpb.blogspot.com through Adobe interactive forms.

A notary signature/seal is no longer necessary because this is not a recordable document.

The Certificate of Approval **does require** a notary signature/seal. Investigation checks are still handled as in the past.

All local real estate agents have been informed of the change. The new process will be explained in *The Reporter*.

#### **Unfinished Business**

Bob Marshall, Chairman of the Cable Committee, reported that another offer from Comcast is on the table. The new contract would begin January 2011. These are the terms:

One year would be added to the contract, making the present contract an eleven-year contract. There would be eight (8) HBO channels, five (5) months of HBO free at \$4.00 per month with a 5% increase every year, plus (+) taxes and fees.

Motion by Ray Boyle to accept the contract as offered. Lenore Velcoff seconded the motion. Yes votes — 24. No votes — Overwhelming. The motion was lost.

Regarding Comcast DTA boxes: From about December 26-January 25, the boxes for your additional television are available. If you do not have this on your second TV, you will be able to receive only channels 2-22, and 97, 98, 99.

**Note**: The UCO office will be closed on November 11 for Veterans' Day.

It is imperative that all contractors pull permits for any work done in condos. Also, you may contact Jean Dowling with your questions, if you feel you were treated badly by a contractor, at 640-7606.

For information on Victim's Rights Meetings, call 561-202-8460.

The meeting was adjourned at 11:15.

Respectfully submitted, Louise A. Maccarone, Recording Secretary. □

## The President's Corner

Continued from Page 1

Finally, the investigation could begin!

#### How the above steps are now streamlined:

UCO has placed all of the relevant blank forms in the "Cloud." *By placing them in the Cloud, they can be accessed by computer on the Century Village blog.* Here's what you or your real estate agent can do:

- 1. On the computer, after having been connected to the Internet, go to http://century-village-wpb.blogspot.com/ (Be sure to type this in exactly as you see it here.) When the blog comes up, look in the sidebar (in the panel on the left) for the category labeled Interactive Forms.
- 2. Click on the appropriate form. It will appear on your computer screen. Press PRINT. This should bring up the form again but in a version with blanks you can fill in by typing on the keyboard. When you have finished filling out the form, print it in the usual way you would print something on your screen — for example, by pressing Control-P on a PC or pressing Apple-P on a Mac computer. Are you seeing the convenience of this process, not to mention a clean typewritten form with no problem reading your handwriting?
- 3. Print out the form, sign it (the notary step is gone, except in the case where a financial responsibility form is needed), and take it to the Association for the signature of a board member.

At this point, the process is much as it was before: present the Association with your personal check; they will generate an Association check, which along with the completed forms may be brought to UCO to start the investigation. In most cases, your real estate agent can do most of the legwork for you. You do not even have to be here.

This process, which is modern and convenient, may well increase interest in CV, as these forms can be filled out from any place on Earth, and signed and sent by mail to your agent or the Association, along with your check. Your agent, or the board, can take it from there. Both are well incentivized to sell or rent units. Local real estate agents have been informed of this new CV capability and are receiving it well.

UCO would appreciate reader comments on this new concept and any ideas on how it might be improved. In the future, other UCO forms will be uploaded to the Cloud and thus made accessible on the CV blog. Be on the lookout for them!

*Note:* You may still obtain the forms from UCO the old way. However, the new procedure is a timesaver that real estate agents will appreciate and those with a little computer savvy can put to good use.

Save the Date: The UCO Installation and Luncheon will be held on Sunday, March 13, 2011. This year, our gala affair will be held at the Airport Hilton. The cost is still \$35. It may be a good idea for Delegates to ask their Associations to add this cost to their annual budgets. More information to follow.

## **And Then** There's This... **Vice President Phyllis Richland**

Eighty-five voters should not be allowed to make decisions for thousands of people. That is what happened at the September 3 delegate assembly when a vote was taken to continue with the one vote issue or not. Those 85 delegates could not have known that was on the agenda unless they picked up a copy of the agenda 48 hours before the meeting and take it back to their unit owners to discuss the issue and then vote the voice of the majority of their residents. We know this did not happen because no one came to get a copy of the agenda which was available 48 hours in advance of the delegate assembly. So what those 85 votes indicated was individual delegates voting for themselves.

Now that we have more of our residents here, I want to open this question again and this time let's start a letter writing campaign. Everyone that would like to have each unit have a voice in electing our officers start writing. To the UCO office, to the president, to your vice president, to the letters to the editor of the UCO Reporter. Yes, there are by-laws that need to be altered and also changes to our documents but these changes are for the good of all of us. Randall Borchardt has worked for hundreds of hours and put his expertise into this issue. He has been a wealth of research and information. All the foot work has been done. No changes would be made without the approval of properly informed residents. No votes would be taken until everyone is informed.

It is time to stop allowing a few with their own agenda to make the decisions for thousands that live in Century Village.

Get out your pens and papers and start writing. DO YOU WANT THE VOTE OR NOT?

### Open Clubhouse By Courtney Olsen

We are approaching the most eventful month of the season. Classes have rejoined, and clubs are preparing for a busy season. It is officially time to start relaxing, and having fun. Hurricane season is over, and the coolest days are upon us. With weather so seasonal, I recommend you to take advantage of the outdoor activities. A professional tennis player and trainer is offering his expertise for amateur tennis players. If you are interested in learning how to play tennis, please come into the Ticket Office for more information, registration is required. While most classes have rejoined, there have been a couple of new additions to the class list this year; Learn to Sew is our top new class, offering our residents the chance to learn or relearn their sewing skills in our very own sewing room in the clubhouse. Intermediate Bridge on Wednesdays has rejoined this month, along with Stained Glass on Mondays. The clubs beginning this month are as follows:

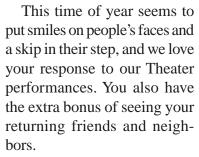

Baby Boomers, Camera Club, Canadian Club, Deborah Hospital Foundation, Yiddish Culture Chorus. For information on meeting days and times, please call the Class Office, 640-3120 EXT. 1

Yiddish Culture every Tuesday at 10am in the Theatre will begin December 7. Their opening show will present, A Hanukkah program with Cantor Irvin Bell and the Palm Beach Jewish Chorus.

The next Metro Traffic School is scheduled for December 9, 2010 at 9am. Registration of \$15.00 is required.

Make sure you stop by the Ticket Office and pick up a Class Schedule on my desk to see all new and existing upcoming classes, dates, and fees.

## **Your Theater Claudette LaBonte**

The December shows begin with a CV favorite, and the shows continue getting better and better. They all seem special this year. So, make it either a private date or call a couple of friends for some great nights out in December. Join us at the following:

Sat. 12/48:00 PM: Cavendish Classics: "This is the Moment." A celebration of Broadway from Phantom of the Opera, Miss Saigon, Evita, Les Miserables, Cats and many others.

Tue. 12/7 8:00 PM: "Mambo Memories." A seven-piece orchestra that will take you back on a musical journey through the eyes of Tito Puente, Jr., son of the great "Mambo King."

Sat. 12/11 <u>7:00</u> PM: "Drinkin'-Singin'-Swingin." A salute to Frank Sinatra, Sammy Davis Jr. and Dean Martin. A reunion you cannot miss.

Sun. 12/12 8:00 PM: "Hello Dere." Starring Marty Allen in a fabulous comedy-music show with wife and musician Karon Kate Blaekwell.

Thu. 12/16 8:00 PM: "The World of Jewtopia." A funny story of a Gentile who wants to marry a Jewish girl. Longest running comedy in off-Broadway history.

Sat. 12/18 7:00 PM: "A Tribute to Tom Jones." Starring Rob Prospect, direct from Las Vegas featuring a seven-piece band and Vegas-style dancers.

Tue. 12/21 8:00 PM: "Peter Lemongello." a CV favorite, in his "The Love 76 Tour," direct from the Atlantic City Hilton. He is a musical force as he takes the stage with 11 stellar musicians.

Sat. 12/25 7:00 PM: Hal Jeffrin, in a warm, glorious showstopper featuring songs from Israel and Yiddish favorites.

Tue. 12/28 8:00 PM: "TK's Swing Blue Review." Sensuous, sultry, old-time jump Blues & Motown. A must-see.

Fri. 12/31 7:00 PM: "A Tribute to Frankie Valli and the Four Seasons" starring "Let's Hang On." A tribute featuring a fullblown stage show. A great way to celebrate New Year's Eve.

**Caution**: Please note that four shows in December have a start time of 7:00 PM. Don't get caught behind closed doors.

In addition to the above, don't forget our New Year's Eve Dance Party. Reserve a full table and celebrate with friends and neighbors. Contact the Clubhouse Ticket Office to make your reservations.

Remember: Dress code for our Theater is NO shorts. For ticketed events, such as New Year's Eve: "No jacket, no tie, no entry."

Enjoy your holiday season and see you at the Theater.

It is with heartfelt regret that I must hand in my letter of resignation as chair of the Transportation Committee. I have certain personal obligations in this coming year that will consume most of my time; I feel I wouldn't be able to give a hundred and ten percent to my position this coming year.

It has been an honor to serve the people of Century Village. I will give all the help possible to the new chair. I hope the person appointed to take over will understand the importance of our transportation system. Our system is the life line to many of our residents. One day, we will all (hopefully) be able to use this wonderful system.

On another note, a second bus for the people on the waiting list for festival flea market will be going out on November 22, at 9:30 am with the first bus. Hope you all enjoy yourselves. One of our committee members, Carol Castro, will be calling you to verify your address, so you will be able to get a coupon book on arrival.

## A COUPLE OF TOPICS

It's 6 am on a Monday morning and as I stare at the blank screen (yes, I write on a computer), I'm trying to get my thoughts together for my monthly column. There's a couple of topics I'd like to bring up — just bits and pieces of information that I hope you'll find useful.

There have been inquiries about sending maintenance information about your associations to us. It's really easy. Think of the repairs and upkeep you've done to your buildings. Have you installed water shutoff valves? Have you had a licensed plumber in to check the ages and conditions of your water appliances (hot water heaters, toilets, sinks, etc)? Have you replaced the hoses on your laundry equipment? Have you done concrete work on your catwalk? All of this shows our insurance carrier that we are working to upgrade our buildings and that we care about maintaining a safe and lossfree environment. Then just list what you've done, as well as a copy of any invoices and bills and we'll take care of forwarding it to our agents. There is also a form that you can fill out that the maintenance committee has made up and we have them in the UCO office.

This was brought up on the blog, but if you haven't seen it, here goes: For those of you who have been asked by your Homeowners' insurance policy agents to send them a Mitigation inspection report, we on the insurance committee have an easy and simple way for you to do it. First, get the e-mail address of your agent and then call us (Claudette or myself) and we'll send it out for you. We have copies of all the reports on disk and you won't have the bother of making color copies and mailing it out. We've done it for lots of residents with excellent results.

There have been questions about how to handle a water

damage loss — and I'll do my best to give you a little list of things to do.

Turn off the water!!!
 Advise your Presi-

dent/Board — immediately.3. Make a quick assessment of damage.

4. Call

4. Call your Homeowners' insurance company.

5. If the damage is bad and the association's loss will exceed \$5000, call Plastridge at 561-630-4955 and ask for Cathy Edge and then the UCO insurance committee to help in any follow-up.

6. Have a company come in and dry out your apartment.

7. After the insurance claims representative advises you of the damages then check out contractors to see who will do the repairs for you at the best price and in the quickest time. Do not feel pressured to make a quick and possibly costly decision.

8. If you need guidance or just need to get some information, call Claudette or me at 561-683-9189 and we'll try to help.

This topic is just for information. When choosing an insurance company for your insurance needs, please make sure that they are an admitted carrier and have the financial backing to pay claims that are submitted to them. If any agent wants to place your insurance with some company you have never heard of, ask to see their A.M. Best ratings.

Have a safe and healthy month.

#### BE AWARE — IT CAN COST YOU!

It is very important that associations make sure that prospective buyers be investigated by the Investigation Department. This will tell the association if they had problems paying their bills or mortgages. Most are paying cash as they can't get mortgages.

People who have bad credit should be turned down unless you want the added responsibility of paying their share of the monthly maintenance. All other owners in that Association have to share in making payments for that apartment and that can go on for months or longer. Most of us are responsible people and pay our bills on time. Why should we be burdened with "irresponsible deadbeats"? Your association has every right to reject them.

Be careful of "investors" buying apartments very cheap so they can be rented. You must see a signed lease for the apartment showing a realistic figure for rent per month. Some landlords are putting \$0 or \$10.00 per month to get way with not paying taxes on income earned from the apartment. But most important — IF **OWNER DOES NOT PAY ASSOCIATION THEIR** MONTHLY MAINTE-NANCE FEES, THE ASSO-**CIATION CAN DEMAND** THE TENANT PAY DI-**RECTLY TO THE ASSO-**CIATION.

Also, do you allow rentals on a month to month basis? Is the Village a time share? **PLEASE** read everything now and save headaches later!

All renters and occupants should have their background checked for any criminal activities. Buyers and deed transfers or additions should have credit and criminal checks. Again, please read contracts, leases and filled out applications before you exchange prospective buyers or tenants checks. If you want to hold everything until their check clears the bank, that is okay, or get cash or money orders from them.

Check the application for age, as now is the time to turn someone down if too young. Once you sign the application, you agree saying it is okay to go ahead with investigating that person, and you are aware of their age. When you are satisfied, then you can submit application with their proof or age and income to Investigations.

Once the application is sent to our investigation company, the clock starts ticking for most associations who have 30 days from that date to accept or reject them. (Some associations still have only 10 days to do this.) Do not wait too long because after 30 days (or 10 days with some associations), THEY ARE AUTOMATI-CALLY APPROVED.

## From the Desk of Vice President Bob Marshall

The long awaited COM-CAST television DTA (Digital to Analog) boxes are now scheduled for delivery in late December and throughout January. There are several things that need to be said. At this time, every unit should have the set top box that was made available in the past. Unfortunately, this is not the case. For many reasons, some folks did not request this box and have been living with the reception available without the box.

Currently, there are two ways to acquire the set top box. The first is to go to the Comcast office, sign for a box and then bring it home and install it. This way avoids any charge. The second is to phone Comcast and request delivery and installation. For this service, there is a charge of approximately \$40.

**DTA boxes**: There will be up to two boxes available for each unit. The schedule for making appointments to arrange delivery and installation should be printed elsewhere in this edition of the newspaper and will be reprinted in the next issue.

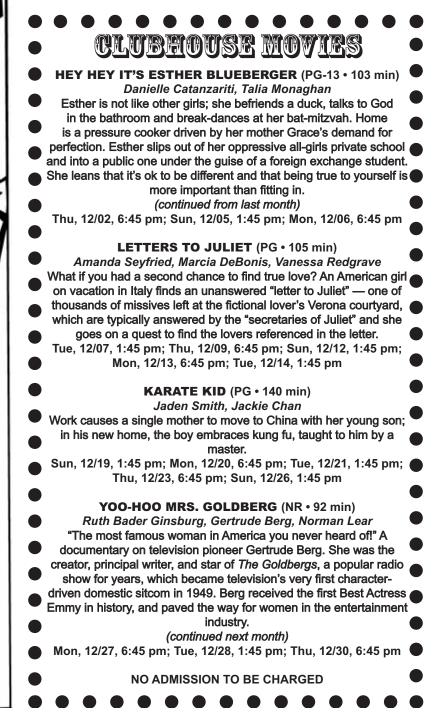

Once again there may be individuals who elect not to request any box. There is a major change coming on January 26 that will change things drastically for anyone without either the set top box or the DTA box.

**On January 26**, most of the analog channels will be converted to digital. Those channels will then be unavailable without a box. *If you still do not want the set top box and elect not to have the DTA box installed, the only channels remaining for you to view will be 2-22 and 97-99.* 

I expect this to cause some confusion and as usual we will be available to answer your questions — just call the office, come to the office or send us an email.

#### Remote control classes

The "Mail Bag" section of the UCO Reporter represents the OPINIONS OF THE AUTHOR ONLY. UCO supports the publication of the diverse opinions of our residents, and will endeavor to contine to publish opinions which may be considered inflammatory but not defamatory.

## Why Is One-Vote Important?

I believe one-vote is important because it gives the residents the direct power to elect our UCO representatives who make important decisions on where and how to spend our money.

In Mr. David Israel's column in the October 2010 UCO Re*porter*, he states that in one sense we already have onevote, and in another we do not. He says because we vote for an association board to represent us, we have an indirect vote. However, the big question is, how we know the delegate of our board is voting for the UCO administrator we want to represent us. The fact is, we do not. We have no way of knowing whom our delegate is voting for. Therefore, I am unequivocally stating, we do not have one-vote. In addition, it is about time, we do. I am asking you to support the one-voteper-unit when it comes up for another vote at the delegate assembly.

I support the one-vote because I believe it gives all unit owners the power and opporpens in the Village. People without power are usually apathetic. When you give people power and they know they can change things, they begin to become interested in matters pertinent to the Village. Many buildings have presidents by default because no one wants to serve on the board. They simply do not care. There is a chance, albeit a small one, that if you give them the opportunity to have a say in the politics of the Village, they will become interested. Let us give them a chance to have a say in the UCO elections by supporting one-vote. The small amount it will cost could save us hundreds of thousands in regrettable decisions made by previous UCO administrators.

#### Thanks Given

During the years we've been in Century Village as snowbirds, we've often read and heard negative and sometimes scathing comments about UCO.

We returned two weeks ago to a major disaster — extreme water damage to our apartment! Toni Salometo met with us several times, offering advice and guidance. Dom Guarnagia and Claudette LaBonte were also sympathetic and very helpful; they've all indicated that they'll again be available to us if needed.

We're very grateful to all of them, including the front office volunteers who always greet us with a friendly smile.

Thank you! Thank you! And thank you!!!

#### Lost In Confusion

At the November 4, 2010 delegate assembly, David Israel, the president of UCO, made the following statement regarding me, Sandy Cohen, and what I wrote on the C.V. Blog.

David stated, with fury, that I wrote on the blog during the recent election and called him the "arch duke of satin." Sorry, David, you have the wrong S. Cohen. I never read the blog or ever wrote on the blog. Please check your other S. Cohen.

## Politics Out of Control!

What happened to consideration and respect for your fellow person? For the past few months, TV political ads have been out of control. The negativism and personal criticism has been outrageous and I, for one, am glad the elections are over. Whether one agrees or disagrees with another person does not give him the right to criticize, castigate, denigrate anyone's physical being...whether it be overweight, nose size, hair color, skin color or anything else a person may be. I have been working at the UCO office for the past few months and much to my chagrin, I hear those who come in for service show the same personal attacks aimed at various people...those in office, those out of office, volunteers, neighbors, guards, just about anyone. It's quite true that we have free speech here in the USA. That does not mean unkind remarks are okay to be blurted out.

We should all try to control what is said and how it is said. Criticism is one thing, but nastiness should not be tolerated. We would all do well if, when we hear someone utter these words, we explain to the speaker that we will not listen or tolerate unkindness.

#### God Bless Kate Smith

When I perused the contents of the 2010 Stamp Yearbook offered by the U.S. Postal Service, I could not but help single out one individual who contributed so much to our entertainment and way of life — one who left an indelible mark on America's history forever.

Her name was Kate Smith.

For nearly five decades, the humbleness and homespun simplicity of singer and entertainer Kate Smith

the increase in the cable fees in the next budget. Hopefully, this will provide the explanation.

First – a history of cable rates over the past few years: 2007 - \$19.53 per unit 2008 - \$20.55 per unit 2009 - \$21.64 per unit 2010 - \$16.53 per unit So – why did the price go <u>down</u> in 2010? In the present budget year, an amount equivalent to \$9.58 per unit was returned to the residents. This was made possible by the fact that in excess of \$900,000 – from the "doorway fee" – was credited to each unit. On an annual basis this is \$114.96 each. won the hearts of radio and TV audiences. Known as "The Song Bird of the South," she recorded more than 600 songs.

Born in 1907 in Washington D.C., Kathryn Elizabeth Smith achieved early success in vaudeville and on Broadway, but her big break came in 1930 when her performance in a musical comedy led to the first of several popular radio programs.

Kate was known as the country's most popular singer. Her hits included "I Only Have Eyes for You" and "Don't Fence Me In."

Looking back to a singular date, it was 1938. When her manager asked composer Irving Berlin to write a patriotic song to mark the 20<sup>th</sup> anniversary of the end of World War I, Berlin reworked a piece he had written during that war which was never used. Smith first sang the resulting tune to "God Bless America" on *The Kate Smith Hour* on November 10, 1938, the eve of Armistice Day.

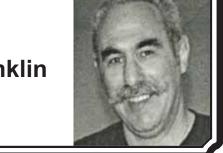

During World War II, "God Bless America" drew standing ovations at Smith's many concerts, and today the song is often called "America's unofficial national anthem."

After World War II, Kate made the transition to television. She started the first significant daytime TV show in 1950 with the *Kate Smith Hour*.

Known for her generosity, loveable Kate visited the sick and injured in hospitals, especially war veterans. She donated much time to the American Red Cross and dedicated songs to the orphans and shut-ins.

Recent history gives dominance to Berlin's "God Bless America." It must be noted that on the infamous day of 9/11, members of both houses of Congress, Democrats and Republicans, stood on the steps of the U.S. Capitol Building and defiantly and fervently sang, in tearchoked tones, "God Bless America." Kate would be glad to know that Berlin's will states that all the royalties accumulated by that magnificent song of songs would go to the Girl Scouts and Boy Scouts of America. The new 2010 stamp is available at your local post office.

Hi, everyone. Seems we are back into season and will be at full swing when you read these articles. The topics I am covering this month are ones that I have spoken about before.

## WILD ANIMALS — NAMELY, RACCOONS:

Raccoons have shown up again in the Village in large numbers lately. I have received phone calls saying that some people are feeding these animals. One person actually has animals showing up and begging at the door for a handout!

It is not legal to feed wild animals. By feeding them you are making them dependent on humans for food. These animals are cute but they can be rabid!

Be sure that the covers on garbage dumpsters are closed securely and keep building doors giving access to the dumpsters closed. If you are experiencing problems with these animals, contact a licensed trapper. Consult the Yellow Pages or call Animal Control for numbers at 561-233-1200. My association spent almost \$1000 this past year on trappers.

#### HOLIDAY SAFETY AND SECURITY

We would like all of our residents to be able to enjoy the upcoming holidays without being a victim of crime. When at home, keep your doors locked at all times! It takes only a moment to unlock your door to let a friend in for a visit. If you have persons visiting, whether family, repair personnel or health aides, do not leave valuables out in plain view. Do not leave people alone in your home. Before retiring, be sure all your doors are locked.

When shopping, ladies, keep your purse with you at all times. Do not leave it in your shopping basket while you go to the shelves. It only takes a moment for a thief to walk by and remove your wallet. Carry only one credit card with you. All stores take MasterCard, Visa, and Discover. Men, keep your wallet and cash in your *front* pocket, a trusted way to prevent a pickpocket from getting your items.

Always park in a well-traveled area. At night, park in a well-lighted zone. If you do not feel comfortable going out to your car after shopping, ask a store manager or other employee to walk you out. Place any packages in the *trunk*. Look around before entering your vehicle. Walk up to your vehicle from behind and look into the back seat. You never know if someone is already in your car.

These tips are made, not to scare you, but to make you aware of possible problems during the holidays. Always lock your car, whether here in the Village or out shopping. An unlocked car is an invitation to thieves. **"LOCK IT OR LOSE IT."** In the event of a problem, don't wait: Call 911 *first*; then call Security second.

On behalf of Safety & Health, I wish everyone a happy healthy holiday season. Do not become a victim. Be safe out there!

If we add the \$9.58 to the present budgeted amount, we have been paying Comcast a total of \$26.11 per unit per month. Our contract with Comcast provides for a 5% increase each calendar year. So the increase year-over-year becomes \$1.31 plus associated taxes. In actuality, the total increase in 2011 is \$1.66; total cable fee in 2011 per unit - \$27.77.

Remember the TV commercial with an animated Toyota spokesman tapping on the inside of the tube? "Hi! Mr. Opportunity knocking!!" Well, the opportunity to reduce your association insurance premium, reflected in next year's maintenance fees, is coming to a close. Try not to let it be "missed the opportunity knocking."

#### **Preventing major water** leaks and getting a lower insurance rate:

Many associations have become proactive and followed the two-page outline distributed at an earlier delegates meeting for reducing catastrophic water-borne occurrences. Creating a folder that includes contracts, invoices and descriptions of remedial work performed is critical for providing the insurance carrier with the necessary documentation to prove that your proactivity deserves a rate reduction. In order to be eligible for 2011, associations should be preparing the

the return of the winter residents and officers for assistance in carrying out these tasks, will not be able to implement the remedial steps in time for a 2011 insurance rate reduction. But their efforts, made as soon as possible, will help protect them from disastrous leaks resulting in an increase in insurance rates and should make them eligible for lower rates in 2012.

#### Maintaining an association's electrical wiring:

A critical inspection that should be performed now and repeated every five years is an electrical inspection of the wires (aluminum) feeding the individual unit meters in the electrical room(s) where the aluminum feed is mated to copper distribution in the individual unit circuit breaker panel. The exception is that the cooking range also has

aluminum wiring.

A County licensed/insured electrical contractor should be hired, using the bidding/contract process discussed at the monthly Maintenance Committee meetings to inspect, tighten and make repairs necessary to provide an unbroken connection to serve the units in a safe manner. To assure that the association has 100% participation, the levying of an assessment on all unit owners of \$50 to \$70 is one way the work can be done on all units, preventing power failures in general or "inside the wall" fires.

Utilizing the Vendors Log book in the UCO office and personal references from friends, a contract can be entered into to carry out the work for the fairest price. Many associations have had this work performed and found loose connections and burned wire endings at the connecting lugs. Why does this phenomenon occur? you may ask. During the 70s, soft aluminum wiring was permitted by Code for use in more than three million homes across America. Soft aluminum wire has a different ability for electrical conductivity than copper, as well as a significantly different rate of expansion/contraction, leading to loosening and arcing. Arcing causes heat buildup, potential fires within the walls and/or service outage to the unit or the entire building.

One association recently completed this work, which had been last done seven years before. It was discovered that every unit required torque-tightening of the circuit breaker lugs and at the neutral bar. Two units had charred feed wires, requiring the removal of the damaged ends. The feed wires (110 amps each) had been so hot that the Bakelite main lug terminal insulating block connecting the feeds required replacing and the burned

wires shortening and reconnecting to new connecting lugs.

It takes time, money, manpower and planning to accomplish all the tasks involved in good maintenance of our condos.

Come to the next Maintenance meeting and learn more about maintaining your property and saving money on insurance premiums. Meetings are held in Classroom A in the Clubhouse on the second Friday of every month starting at 10:00 a.m. Looking forward to seeing you there!

The latest research now shows that your blood pressure is highest at night. It may be better for you to take your blood pressure medicine at night. Please do not change the time you take your medicine without consulting your doctor. If you take your medicine twice a day, you are ok the way you are.

It is important to pay close attention to your blood pressure as it is the major cause of strokes and heart attacks. I find have the high blood pressure just because it is normal for you.

Blood pressure is sometimes difficult to control, but if you keep after it, you can control it. You may need to try several different medicines, or use a combination of several. Any blood pressure that is higher than 140/90 on either number is too high. Always keep up with your blood pressure and never accept it as normal if it is high.

As the end of 2010 approaches, we are scheduling projects under our new W.P.R.F. budget which runs from November 1, 2010 to October 31, 2011. You will begin to see improvements and necessary repairs made in the Clubhouse and Hastings Fitness Center as well as our pool areas. The UCO Operations Committee and I have planned some very necessary renovations to our facilities during this coming fiscal year.

In addition to these planned projects, I am also cognizant of the tough economic times we are facing, and it is also important to maintain the assets we have to provide maximum life and usefulness. So you will continue to see ongoing maintenance of the facilities in an effort to maximize the investment you have made. Our Director of Maintenance, John Skoczek, with his strong work ethic and rich history of experience and knowledge, does a great job in coordinating our

maintenance and repair work orders. His performance has been noticed and appreciated by me and the residents alike.

Our theater is back in the swing for our fabulous 2010-11 season. We still have some great seats available for our shows, offering a wonderful selection of comedy, music, dance, Broadway, classical, contemporary and even some nostalgic rock and roll. Refer to your Clubhouse Happenings for a complete listing of dates, times and ticket prices. And please keep in mind that we have several 7:00 pm shows this season. It is important to check the show schedules well in advance of the show to be sure you are not late in arriving since you will not be seated when the performance is 10 minutes underway. Unfortunately, some theater-goers have been turned away when arriving at 7:30 pm thinking they were early for an 8:00 show only to find out they were late for a 7:00 show!

Remember, you can purchase all shows and all dances at any *time during the month* and no longer have to wait for the month prior to begin purchasing your tickets. There are still plenty of good seats for both the New Year's Eve Dance (\$10.00 per person) and the Sweethearts Ball (\$8.00 per person), just stop by and see anyone in our Staff office to reserve your seats. From the reports I received, everyone who just attended our 2010 Halloween Dance had a fabulous evening so be sure you don't miss out on the two remaining specialty dances of the season.

It has been quite a feat trying to raise money in this economy. Although we had a little success reaching out to local businesses, the large corporations we hoped would be our main support completely rejected us. Sue Cohen worked hard to create a presentation for the companies we approached, but in this time of money problems, we received nothing. Lanny Howe spent many hours to reach out to local businesses, and we received some money but not nearly enough to start subsidizing needy residents. We also had a number of regular donors from the Village. The donors from this past year (2010) are listed below, and we extend our heartfelt thanks for all of the funds we received.

The ADA Amendments Act of 2008 (effective January 1, 2009) makes significant strides in regard to the change in interpretation of important defini-

ing and reasonable accommodations. A few Supreme Court decisions in the past decade have slowly eroded the protections for the disabled, which runs contrary to the original intention of Congress. These decisions were based on the Court's interpretation of who was considered "disabled," and was considered too restrictive and not in keeping with the spirit of the ADA. Since Florida Statutes mimic the Federal guidelines, let's start with statute.

Chapter 760.20-760.37 Florida Statutes is the Fair Housing Act. The term "handicap" used in Florida Statutes is equivalent to the term "disability" and therefore, the changes in the interpretation of what constitutes a disability through the ADA Amendments Act, also applies to handicapped persons. 760.22 (7) "Handicap" means:

(a) A person has a physical or mental impairment which sub-

MEDICAL CENTER

stantially limits one or more major life activities, or he or she has a record of having, or is regarded as having, such physical or mental impairment; or

(b) A person has a developmental disability as defined in s. 393.063

The "ADA Amendments Act of 2008" revises the definition of "disability" to more broadly encompass impairments that substantially limit a major life activity. The amended language also states that mitigating measures, including assistive devices, auxiliary aids, accommodations, medical therapies and supplies (other than eyeglasses and contact lenses) have no bearing in determining whether a disability qualifies under the law. Changes by the Act also clarify coverage of impairments that are episodic or in remission that substantially limit a major life activity when active, such as epilepsy or post traumatic stress disorder. This Act states that Congress rejects

the notion that to be substantially limited in performing a major life activity under the ADA "an individual must have an impairment that prevents or severely restricts the individual from doing activities that are of central importance to most people's daily lives" and conveys that the question of whether an individual's impairment is a disability under the ADA should not demand extensive analysis.

Under 760.23(9) F.S. it is unlawful to discriminate in housing based on a disability (among other protected classes) by:

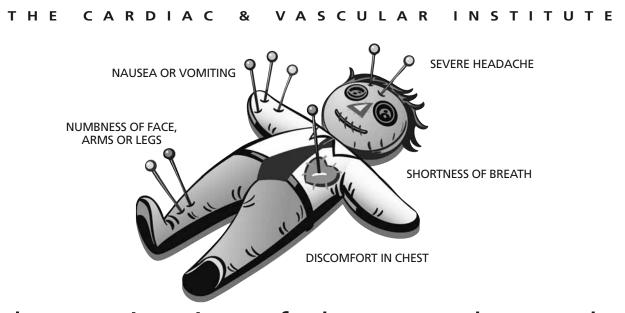

(a) A refusal to permit, at the expense of the handicapped person, reasonable modifications of existing premises occupied or to be occupied by such person if such modifications may be necessary to afford such person full enjoyment of the premises; or

(b) A refusal to make reasonable accommodations in rules, policies, practices, or services, when such accommodations may be necessary to afford such person equal opportunity to use and enjoy a dwelling.

## Community **Relations Ted Silverman**

Earlier this year, the Community Relations Committee of Dorothy Brier, Phyllis Frishberg, Kathy Guarnagia, Jackie Karlan, Eileen Pearlman, Lori Torres and I began planning this year's dessert buffet honoring our Century Village Centenarians.

We originally had a list of 12 centenarians, but by party time, October 28, 2010, the list was ten. Of these ten, Pauline Cheeger, Ceil Imberman, Regina Laskey, Abraham Moskowitz, Lillian Rubin, and Al Weiskopf did honor us with their presence. Government-elected officials who attended are noted in the Syd Kronish article on page one.

The beautiful floral decorations on our tables were once again donated by Home Depot and Flowers-to-Go donated the boutonnieres for our centenarians. The delicious sheet cakes were donated by Starz Bakery and TD Bank. A beautiful collection of 100 cupcakes in cake form was donated by Century Medical Care Center. Other cakes, desserts and goodies were donated by the following: Belante's Pizza & Pasta, Chick-Fil-A, China Wok, Comcast Cable TV, Cookies-In-Bloom, Corporate Caterers, Empire State Deli, Golden Corral Restaurant, Hong Kong Wok, Kings Buffet and Lutina Pizza.

Contributors H. Irwin Levy, builder of Century Village; Harry Friedman of Walgreen Pharmacies; Dr. Katz of Century Medical Center; and Steve Fiegez of TD Bank were also present.

Each centenarian received a birthday gift bag, which contained an 18-dollar gift card from H. Irwin Levy, 25-dollar gift card from Walgreens Pharmacy, plus discount coupons from Island Jack's Restaurant, Butterfields Diner, Bagels & More, Duffy's of West Palm Beach and Royal Palm Beach, Kerra & Co., Longhorn Steak House. Mr. T's Barber & Beauty Salon, Randy's Restaurant, Salon 27, and White Crescent Burgers. Our party was highly successful because of all the aforementioned, plus support received from Avis Blank, Century Village Real Estate. Community Transit, Marty & Patty Farber Real Estate, Masters Real Estate, Phyllis Richland, Susan

Wolfman of Remax Realty, Seacrest Services, Weiser Security, Winn-Dixie and W.P.R.F.

The Century Village Centenarian Dessert Buffet was enjoyed by all, and we are looking forward to next year's celebration.

#### A Poem by One of Our **Centenarians The Volunteer By Lillian Rubin**

Not everyone can be a really good volunteer.

To be one, one must have a heart that feels.

A hand that would readily help dry away someone's frustrating tear.

We must remember our dear old folks.

They too had a home, children, love and happy years;

The warmth of a smile, a touch of the hand and a good meal.

Thanks to you Volunteers who help make for the elderly a good deal.

That is the work of people with hearts, who understand and do their part.

O God, bring happiness into the lives of every dedicated Volunteer.

Having no idea how many residents would be inter-

limited number of calendars printed for 2011. There is no advertising on them except for the fact that Century Village looks like a very attractive place! The cost is \$7.00 each. They are obtainable at the UCO Reporter office (at the Camden Pool) during our normal working hours, from Monday through Friday between 9:00-noon; closed on holidays. Please bring a check; we are not equipped to handle cash or credit cards. Call the office first to be sure we have some calendars left, as this could become a very popular item and go fast. Just leafing through the pages of the calendar makes you feel proud to live in the Village. We think you will be impressed by the professionalism and beauty of Ken's photos and how they have been arranged (there are several shots on some pages). You may want a calendar for yourself and some to send to your friends up north. Real estate agents may want one for their of-

fice and possibly as good-

will gifts for those buying or renting properties in the Village.

If the calendar is the hit we think it might be, Ken may have a larger number of calendars printed for 2012, which might mean the price could come down a little in future years.

For further information, call Ken Graff at 623-9546 or the *UCO Reporter* during office hours: 683-9336.

## **Especially for Seniors: Tax Increases**

#### by Barbara Samuells

Part One of this article, on Healthcare Decreases, appeared in the October Reporter. Part Two, on

pear in the November issue as announced. It is printed below.

We must now plan for *Tax Increases, did not ap-* even more of our savings

to be taken in taxes. Many accountants are taking the step of writing their clients about upcoming tax increases. As a CPA who has prepared taxes for 20 years, I would advise everyone to make an appointment with their tax preparer before the New Year.

changes in 2011, every-

one should plan to increase their withholding or their estimated tax payments early in 2011. That way they can avoid owing taxes plus penalties and interest on their 2011 tax returns.

Retirees with savings and investments will see the tax on capital gains increase and their tax on Because of the tax dividends increase hugely. Seniors and young

families' taxes will also increase because of the return of the marriage penalty and the rise in the tax brackets.

An additional 24 million Americans will be hit by the Alternative Minimum Tax, which limits their deductions and increases their tax.

Our children and grandchildren who received tax refunds in past years should be especially concerned. For example, a family with two children will lose \$1000 of their refund (pay \$1000 more in taxes) because they lose \$500 in tax credit for each child.

Also, families paying children's college expenses will lose most, if not all. of those tax benefits.

The tax increases are complex and everyone needs to plan ahead for less available income and to avoid problems with the IRS.

Be prepared for the tax increases and advise your children and grandchildren to do the same.

## A Century Village Tragedy

#### By Jean Dowling

There are some people in Century Village who are still out of their homes because of a company that gutted many condos because of water leaks.

Some of these victims have been dislocated for a year or more. According to one of the insurance adjusters, the average claim against the insurance company by this company is \$60,000 per unit.

Their method of operation has been this: When they find out there has been a leak, they have either the association or the homeowner, or both, sign a contract agreeing that their company will handle everything: assessing the damage, engaging a mold specialist, dealing with the insurance companies involved, and making the necessary repairs. It sounds good, of course-just put everything in the hands of this wonderful company and pay only the deductibles on the insurances. Sad to say, this was recommended by some of the Village spokespersons.

What happened was this: As part of the signed contract, the unit owner or association gave this company the authority to collect directly from the association's or owner's insurance company. Upon getting the contract signed, this company, citing serious mold problems, had the resident vacate the apartment-in some cases with little or no warning, even in the middle of the night while they gutted the kitchen, the bathrooms, and much of the drywall elsewhere. In many cases, this was the last the owners saw of the company for quite some time. The charges to the insurance companies are said to have been as high as \$90,000 for the repairs to a unit.

By way of comparison, I

and residents—some in their in eighties and nineties—left high than dry for months without of their condo units being repaired, but many got bills from b this company for "further expenses."

About two years ago, Sue Cohen and I started working on this problem involving this company, trying to help the victims get back into their units. We have created research, met with political leaders, visited the State Attorney's office, collected data, created and run off forms, worked with government officials, held meetings, and brought the news media here. All of this has taken time and money ours! We have been determined to see these dislocated people back in their homes and are trying to find a way to reimburse those who have had huge outof-pocket expenses.

Progress is being made both by government officials and by an attorney who has graciously agreed to handle these claims on a contingency basis. A meeting was held about a month ago with the attorney and as many victims as I could reach. Hopefully another meeting will be scheduled soon. If you feel you have been victimized and would like to be among those we are trying to help, it is important that you contact Sue and me about it as soon as possible. My telephone number is 640-7606. The cost to you is zero.

I am very sorry to have to add this: It is a pity that some

people have seen fit to quarrel with what we have done, and now even lay claim to much of our work done before they ever came on the scene. It makes us question whether their goal is only the well-being of the victims. If Lee Hunt would like to share his videos of the victims' stories with the attorney, I'm sure it would help. If you know of someone who may have been victimized or there is any other information that you think will help, please call.

Unfortunately, as anxious as we are to fix the problem, everything takes time. Hopefully, we can all be back to easier days soon!

had a major sewer pipe leak in my building resulting in mold in two units. Because I hired the contractors myself, my claim to the insurance company after all of the repairs were made was only \$7500. With a \$5000 deductible, it cost the insurance company only \$2500. Our insurance rates in the Village have gone up dramatically because of the many recent (non-hurricane) water damage claims. One can be sure that claims averaging \$60,000 a unit have also been a major factor.

## **Clubhouse Library** By Dot Loewenstein

Thank you, first of all, to the UCO Reporter for printing our column each month. People do read it! We acquired three new volunteers as a result—thank you! One of my joys is creating an initialed bookmark for each volunteer. An incentive?

In addition, three phone calls came in, offering books to be donated, if only we could pick them up. No problem there. When we mentioned always needing Large Print, sure enough, we were begged to gather

the half dozen from C.L.'s house.

The jigsaw puzzlers are quite grateful for a place to sit quietly and concentrate on something other than any problems. Most of the chess players are observing our request for silence (OK, one was a bit noisy today, but quieted down when I simply called over with his name). A reader found it a good place to spend time while her spouse was at or-

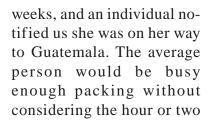

chestra rehearsal elsewhere in the clubhouse. Another table was in use by someone with a laptop, and I took a table for myself so I could attach those little sticky red labels to newly donated books. In the process, two more Large Print books ap-

peared magically.

Our library volunteers, old and new, deserve a tremend o u s thank-

you for the effort they put in to keep everything neat. Although I've been identifying the red labels with the surname initial of authors, today I was "one-upped" by a recruit that decided "MC" was a better identification than just plain old "M." Whoever you are, thank you!

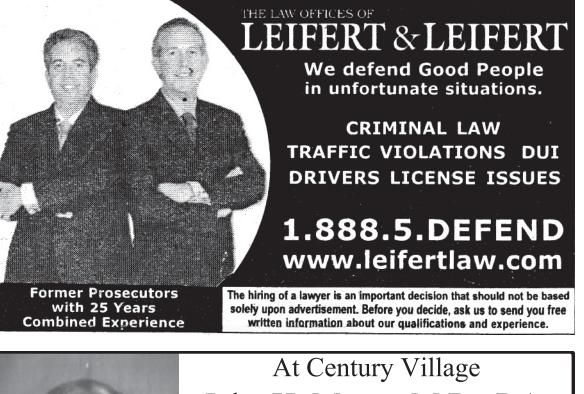

These workers really take their obligations seriously. A couple phoned recently to let me know they would be unable to come in for a few

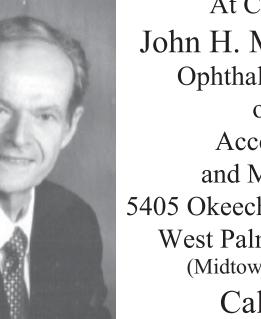

spent monthly in our library. We have a sign-in sheet, and many carry a pencil so they can circle their name to let me know they showed up. One in particular circled his

name three days in advance of being there—cute trick, H.W.!

We hope the Thanksgiving holiday was happy and healthy for everyone.

## Security

#### By Frank Cornish

The past month of October, we had 20,321 entries into Century Village and 471 denied entries. Also, we had 11 broken Gate Arms in total between both Gate Houses. The Season is now upon us and in full swing.

Times are changing in Century Village, and we must grow with them. We, the Security Committee, would like to implore the Residents of Century Village to remember to call or make the proper arrangements to help expedite your guest entry into Century Village without delay or confrontation with our Security Officers. This past month of October, again we had a few incidents which got out of control and the Sheriffs had to be called in to deal with the issue.

These past months, Security is dealing with more "Disorderly Incidents" than ever before. This

#### Kurt's Opinions by Kurt Weiss **Kristallnacht**

Let me tell you: It doesn't sound any less ominous in English ----"Crystal Night." Those among you who had the ill fortune of living anywhere within Germany and Austria, like myself, has to come to the conclusion that this was the harbinger of worse things to come.

The explanation by the Germans of these "spontaneous" acts was that they were outraged when one of their consulate staff in Paris was killed by a French Jew. So, on November 9 and 10, the S.S. and S.A., helped by Hitler Youth and others, decided to get revenge for that "dastardly" act.

"Spontaneous"? No way. This series of attacks on Jews, killing hundreds, sending thousands into concentration camps, the destruction of hundreds of businesses belonging to Jews and burning of countless synagogues, was well-planned and carried out with German efficiency. Countries like the U.S., Great Britain, France and many others observed the goings-on within the German Reich with disgust — and did nothing!

all stems from Residents and Renters not following the proper procedures of Century Village to allow guests into the Village. Security would like to remind all Residents and Renters without a landline they must either come down to either Gate House with their CV ID and log their guest in that way or make some kind of arrangement with their neighbor or association.

We at the Security Committee would like to remind the Residents that Security isn't allowed to take any information over the phone as per the Post Orders of CV. Also, if they want to use their cell phone to call in a guest, they must get the permission of their association in writing and brought to UCO. Also, to all associations, our Security Officers are not Police Officers, therefore they've no powers of arrest. Security's prime functions are: access control, moderate mediation and checking on the elderly.

Night happenings was that the Nazis wanted to "encourage" the Jews to leave the Reich. Cute. There was hardly a country, including the United States, ready to absorb - and help save - German Jews.

Many thought that November 9-10 was an aberration by some hateful anti-Semites and not the true character of the German people.

After all — how can a people who created giants in music, the arts and in literature deteriorate into a band of murderers, responsible later for the Holocaust and millions of war dead?

They all learned the truth later. For myself, all I can do is accept what I could not, and cannot change-the Kristallnacht, the Holocaust and the murder of my late parents and most of our families — and fight anything and everything which looks as though it might develop into anything close to what I experienced in Vienna on November 10.

To this day, I would not think of buying a German car. Someone's grandfather among those who manufactured that car may well have been among those who participated in Crys-An explanation of the Crystal tal Night or in the Holocaust.

## A Tell-Tale Sign

Have you ever noticed the small pipes at near-ground level extending out from the sides of some of our buildings? They are a good thing to keep an eye on. These pipes, about an inch in diameter and four inches long, carry off water from two things: central air-conditioning air handlers and hot water tank overflow pans. If you find water coming out of one of these pipes in a fairly steady stream (as opposed to merely dripping), it is an almost sure sign there is a water-leak problem that should be dealt with right away.

If the water is cold, it could

be coming from either the overflow pan under a central airconditioner's air handler or a water heater. (There are circumstances when the water heater overflow could be cold.) If the water is hot, it is in all probability coming from the overflow pan under a hot water heater. Don't let time go by. Immediately check the apartments that could be the source of the leak. You may save a costly water damage problem from occurring.

When you find the culprit, if it is an air handler, shut off the air-conditioner breaker at the electrical panel. The owner should call the air-conditioning repair company. If it is a hot water heater, shut off the water supply to the heater (you may have to shut off the water supply to the entire apartment to do this). The owner should then call a plumber.

As a Snorkel Club, we try to take advantage of all the water that surrounds us.

About a week ago, a member, Lee Sanchez, was at Ocean Reef Park on Singer Island and was very surprised that he had a manatee in the water very near to him.

The other day, we heard that high tide and a nice day was to be had at Peanut Island and 15 showed up for a day of snorkeling.

A special treat was observed at one of the inlets near our Tiki Hut. Thousands of small fish were swimming in a pattern at the edge of the water. The fish jumped up out of the water simultaneously at intervals. All types of birds had congregated and waited for the signal. When the fish decided to rise up out of the water, the birds went into a frenzy trying to get their dinner. Another unexpected surprise.

We are now getting our trips and outings planned for the season. Another trip on the *Calypso* is definitely in store for us.

Our meetings are on the third Friday of the month at the Clubhouse, Room A, at 10:00 am. For more information about our club, call President Rosemary Maude at 561-684-0116.

It's similar to Bocce, but a lot more fun to play.

The Petanque season started in mid-November. Come on down and learn

a new game; all new players are welcome.

Playing days and hours for the American team are Wednesday and Friday, 8:45 am to 12:00 pm. Playing days and hours for the French/Canadian team are Tuesday and Thursday, 8:30 to 12:00 pm.

The courts are located by the Somerset pool and tennis courts.

According to Ms. Anita Pearce (Anita Cruz) and her assistant John, the courts should be in great shape.

Any questions? Contact Jerry Karpf at 561-684-1487.

### Shuffleboard

### by Ed Wright

The 2010-11 shuffleboard season started Tuesday, November 9. We hold tournaments on Tuesdays, Wednesdays and Thursdays. Everyone is welcome to join in. The equipment will be provided. Please arrive around 1:15 pm. We play singles on Tuesdays, doubles on Wednesdays and bowling pins on Thursdays.

We had 43 members last

year, many of which were members for the first time. You do not have to have played before. You can learn as you play. The important thing is to meet new people, have fun and get some exercise. Give it a try!

Please call Ed at 632-5268 or Jack at 640-3373 if you have any questions.

## Sailing

### by Christine Mohanty

Our crew has already set sail on November 2 with the fall preliminary races which will continue through January 2, 2011. Seven sailors competed informally in regatta style on November 2. The results of the preliminaries will determine who will vie for the trophy races of the winter season beginning January 11.

Horst Fei took the helm of our October 8 meeting in the absence of both our Commodore, Ray Mullen, and Vice-Commodore, Ron Helms. Our meetings are held the second Friday of the month, so why not come down to find out which way the wind is blowing.

The "Sailettes," our enthusiastic cheerleaders under

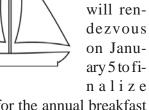

tion of Gail Fei.

plans for the annual breakfast scheduled for Sunday, January 9, 2011 in the Clubhouse Party Room. This is an event we all look forward to, along with the annual dinner/dance slated for March 13.

Thanks to WPRF, we have a new 140-foot sand beach for our Sunfish, three of which have been overhauled by the maintenance crew. As always, Helga Lieb, our very capable sailing instructor, is down at the dock from 11 AM to 5 PM Tuesday through Friday, so come on down and sail away!

### The Reader's Corner

### by Lenore Velcoff

Unbeknownst to me, both my 14 year old granddaughter and I read *The Book Thief* by Markus Zusak this past summer. This book is classified as Young Adult Reading, but for the life of me, I can't imagine why. There has been a great deal of hype about it as it reached number one on the *New York Times* best seller list. We both found it hard to get into but both eventually finished it.

This story is about the power of words and the people empowered by them. The book is narrated by Death who says he is haunted by humans. It is written from the perspective of a non-Jewish German family during World War II. In it, we find a fair range of characters — some likable, many despicable. It focuses on the impact of war on the lives of ordinary people.

We meet Liesel, a nine year old girl, who steals her first book from a grave digger at her brother's funeral. We are also introduced to her foster parents, Rosa and Hans Hubermann. Because of an incident during World War I, Hans hides a Jew in his basement. Others like Hans have been designated Righteous Among the Nations. It is an official title awarded by the State of Israel to non-Jews who risked their lives to save Jews during the Holocaust. Liesel and her friend Rudy and other Hitler Youth do not understand the politics of the war, but simply see Hitler's activities as damaging to their families. We see her neighbors suffer terribly and finally nearly everyone we get to know are killed. These are all details we think we already know but are shocked, nonetheless.

## Annuity Owners Could Pay Up To 40% to the IRS in Taxes!

Many annuity owners are positioned to lose a significant portion of their annuity's value to taxes, and most are not even aware of the problem. The IRS is not required to notify annuity owners about an exemption to the tax code that could save thousands of dollars in income and estate taxes.

A complimentary booklet is available that shows current annuity owners how to **avoid mistakes and possibly save thousands!** This complimentary booklet creates an awareness around the most costly annuity owner mistakes and provides tips and strategies to help you make the most of your hard-earned assets.

Call 888-221-8525 today to get your no-cost, no-obligation copy of the 16-page "Guide to Avoiding Common Annuity Mistakes" and learn how to potentially:

- Avoid paying unnecessary taxes
- Increase your retirement income by properly handling your annuity
- Avoid mistakes that could cost you or your beneficiaries thousands of dollars
