June 6th Delegates Meeting Photo by Howie Silver

UCO Delegates Meeting

JUNE 6, 2014

Guests: Sheryl Steckler, Palm Beach County Inspector General (retired), Lt. Hill, PBSO, Kevin Bandy of Hanley Center, Adele Abbott, PBSO Community Volunteer Coordinator, Jamie Goodman candidate for PB County Judge, Alan Schlesinger candidate for PB County Judge and Peyton McArthur, Sr. Administrative Assistant to Vice-Mayor Paulette Burdick.

Ed Grossman recording meeting.

Moment of silence honoring WWII Vets on 70th Anniversary of D-Day and remembrance of assassination of RFK.

There were 126 delegates for a quorum.

Lt. Hill PBSO gave the Law Enforcement Report:

There were five thefts, no burglaries and 26 traffic citations. He announced the prosecution of a person that was involved in a burglary in the Southampton C building.

Sheryl Steckler announced there will be a gathering to meet the new Inspector General, June 27, 10am-noon, VISTA Center, 2300 Jog Road.

All officers present except Phyllis Siegelman, Recording Secretary who was ill.

Minutes were accepted as presented. President David Israel announced the new gate pass fees. List was in delegate package.

President’s Report: The Bid Committee and Officers have approved walkway repairs in the Village. They have selected the Paving Lady company for the job. The cost is \$27,000. The problem is caused by root intrusion. The company will be using new technology methods to stop further intrusion. A motion was made and seconded to authorize \$27,000 from the Walkways, Roadways & Bridges fund to pay for paving work. Approval vote was overwhelming, with 8 opposed and 4 abstentions.

Vice President’s Reports:

Vice President Dom Guarnagia led discussion followed on Borden and Century Boulevard, there were three (3) options presented that were in delegate package. Close off Borden Street or placement of speed bumps to use one side of street only. A

motion was made: “None of the plans proposed should be accepted until study was made on traffic conditions in the area, the number of accidents there and code control restrictions.” Ed Grossman asked to table this current motion and withdraw it. He presented new motion: “Leave it as it is at this time. Table it until we get further facts and then vote on it at a future time.” Seconded by Jackie Karlan. Motion was passed overwhelmingly.

Vice President Bob Marshall — Barcode registrations are being conducted Monday to Thursday, 9am-noon. There are approximately 100 a day being installed. There have been 1,200 installed as of this date.

Dom Guarnagia said there have been several breaks in our irrigation causing problems. There are also problems with the GEO tubes that are exposed. He asked that buildings not cut grass near the shoreline. Our reclaimed water is not coming as rate expected. A discussion followed on our irrigation contract with Seacrest.

Committee Reports: Joy Vestal, Co-Editor of UCO Reporter asked for comments from residents on our VA hospital and smoking around Clubhouse.

Good and Welfare: John Hess, CERT Chairperson announced there will be a Hurricane Preparedness Workshop, Monday, June 9, 11 am-1pm in the Clubhouse Party Room.

A resident asked that everyone vote on Primary Day.

Question was asked on our Millenium Agreement. It has six years to go.

There will be a PRPC meeting, Thursday, June 19, 10am, Room B

A delegate, Olga Wolkenstein, attempted to speak on lawsuit filed on our road job. She was ruled out of order. She was not a party to the suit or an attorney. When she refused to leave the podium and continued to shout and call President David Israel names, Security was called and attempted to remove her from the podium. The meeting was adjourned at this time.

Minutes submitted by UCO Vice-President Joy Vestal for UCO Recording Secretary Phyllis Siegelman

— EDITORIAL POLICY —

The *UCO Reporter* promises to continue its long held beliefs that this publication will print articles to inform our residents of the important issues concerning our Village. We promise to seek the truth and to print both sides of an issue, to open dialogue to inform our readers, not to create controversy.

We promise to listen to your concerns and to treat all our residents with courtesy and respect. Your opinion is valuable to us and will be considered in our decision for publication. These are the criteria for publication:

LETTERSTO THE EDITOR: Letters to the Editor should be limited to 250 words, and must be e-mailed (ucoreporterwpb@gmail.com) to the Reporter by the 7th of the month prior to publication. Your opinions are important to us, but please refrain from gossip, innuendo, nasty or inflammatory remarks. Letters deemed to be inappropriate, inflammatory or libelous will be returned by the Staff for revision or removal. All letters must include the name, address and phone number of the author. No letters from *UCO Reporter* staff will be published. They may however have the opportunity to submit an opinion article also limited to 250 words.

ARTICLES: Articles for inclusion should be limited to 500 words, e-mailed (ucoreporterwpb@gmail.com) to the *Reporter* by the 7th of the month of publication. All articles will be limited to one per writer. The topic of your article is of your choosing, but the Staff has the discretion to edit it with your approval or reject it based on the above stipulations. All articles must include the name, address and phone number of the author.

The President's Report

Investigations and Fair Housing Complaints

BY DAVE ISRAEL

UCO has, over many years, developed a sophisticated process to assist each association to thoroughly screen all prospective tenants, owners and occupants. This process has a robust legal basis via the Bilateral Agreement between your association and UCO. For the most part, this works well, and serves to block serious felons and those persons who are prone to avoid their financial obligations to your association.

Of late, a number of complaints have arisen that involve members of a "Protected Class." I have published the Federal List of Protected Class in previous editions of the *Reporter*, and I am publishing it again. The following characteristics define "Protected Classes," and under federal law, you may not discriminate against persons who exhibit these characteristics:

- **Race** – Civil Rights Act of 1964
- **Color** – Civil Rights Act of 1964
- **Religion** – Civil Rights Act of 1964
- **National origin** – Civil Rights Act of 1964
- **Age (40 and over)** – Age Discrimination in Employment Act of 1967
- **Sex** – Equal Pay Act of 1963 and Civil Rights Act of 1964
- **Pregnancy** – Pregnancy Discrimination Act
- **Citizenship** – Immigration Reform and Control Act
- **Familial status** – Civil Rights Act of 1968 Title VIII: Housing cannot discriminate for having children, with an exception for senior housing
- **Disability status** – Vocational Rehabilitation and Other Rehabilitation Services of 1973 and Americans with Disabilities Act of 1990
- **Veteran status** – Vietnam Era Veterans' Readjustment Assistance Act of 1974 and Uniformed Services Employment and Reemployment Rights Act

- **Genetic information** – Genetic Information Nondiscrimination Act

As I write this article, UCO is the target of complaints by persons belonging to two of the listed classes, namely Color and Disability. The claim is that certain associations and UCO are accused of discrimination against persons of these classes, by denying them housing in their buildings.

How, you may ask, does UCO get tarred with this denial brush? The associations have both stated that "UCO told us to reject these people." Reader, please take note: UCO has nothing to do with your association's decision to accept or reject any applicant.

Unfortunately, the local Office of Equal Opportunity tends to believe these accusations, and once adjudicated guilty, penalties are levied, which are expensive to every unit owner! How can this be? Simple. Every time a complaint is launched against your association, or UCO, insurance claims are triggered under our policy coverage. The deductible for your association under the Brown & Brown program is \$1,000. The Deductible for UCO is \$10,000. If your association follows the advice of our attorney, UCO will cover your deductible.

This process can get expensive very quickly, and it puts UCO at risk of not being able to obtain coverage; if this happens, UCO is out of the investigations business.

The moral of this story is: Do not reject anyone based on discrimination against a protected class, and do not tell anyone that UCO told you to reject anyone. If our volunteers say to you that our attorney says you may reject, it will never be for discriminatory reasons.

So, if someone here in UCO opines to you above and beyond the attorneys opinion, write down the person's name, the date, and let me know personally — as soon as possible. Help save your Investigations program.

OPINION

Free Speech, Not Free Screech

BY ANITA BUCHANAN

At the May 2nd Delegates Assembly, a UCO member (members by definition are "all unit owners") took the microphone to ask for support of lawsuits worth \$5 million against UCO and President David Israel: With UCO officers on the stage and UCO delegates in the audience, this UCO member asked her fellow delegates to sue themselves and pay for it! She told us not to worry: It wouldn't cost us anything because insurance would pay for it. Delegates, with the exception of her supporters, sat in stunned silence.

Then again at the June 6th Delegates Assembly, the same member stood up and said, "There is a group of residents attempting to fool you into thinking the lawsuit against David Israel and UCO is against the residents. I'll explain why this reasoning is wrong." She was asked to stop because she was neither a plaintiff in the lawsuit nor an attorney with the credentials to clarify it. She objected, and then, as the saying goes, chaos ensued. She screamed ugly accusations at Dave Israel, was asked several times to be seated and then called out of order. She continued shouting over the calls from the audience for her to leave and for Security to remove her. She refused to go when security officers arrived. Mercifully, someone called for adjournment.

This incident followed a recent episode at the *UCO Reporter* when she used vile obscenities to curse out the Editor. Delegates have heard her angry outbursts before, but her sheer fury at the June meeting hit a new low. She and her supporters can gin up any charges they want, ask people privately for money and even object to being called out of order. But undisciplined, irrational displays are out of bounds.

Issues to Consider

The lawsuits center on the paving of the roads. The results of the project were far from perfect, and repairs still need to be made. Who can point to a major infrastructure project in any city or town that did not come with problems? Remember that the paving was inspected by professional engineers at 30 random test points, and all 30 locations passed inspection. What would a court find us guilty of? Imperfection?

Supporters of the lawsuits, including our member who disrupted the Delegates Assembly, have been encouraging associations to contribute money for their attorneys' fees. UCO's attorney advises that associations are not parties to the suits (not members of the class action) and, according to by-laws, have no authority to use building funds for lawsuits not specific to their association.

Insurance would in fact have to pay for the lawsuit. Then our premiums would skyrocket or we could even be dropped. Any new vendor that might agree to cover us would charge exorbitant rates because of our history of litigation.

Some of the people behind the lawsuits ran this year for election to UCO office and lost. Before that they tried to recall David Israel and were voted down by a huge margin. They filed charges against our former LCAM which were dismissed. They pressed for term limits and lost the vote twice. Are these lawsuits about roadways, or revenge?

Free speech is one thing, but verbal abuse and disorder are another. We don't have to tolerate bad behavior; we can remove offensive people from our meetings. It's almost a moot point: Screamers lose credibility and sooner or later no one listens to their rants.

See Transportation Changes in Bus Schedule, page B22.

LETTERS TO THE EDITOR

Developer Ignores Perpetuity Clause

I am writing in response to *The Post* article published on Friday, May 9th regarding Pine Glades Natural Area. The dedication was presented by Commissioner Hal Valeche who stated: “This is what Florida looked like hundreds of thousands of years ago, and it will be here in perpetuity.”

I find this statement very interesting and disturbing. I am a resident of Century Village, West Palm Beach and have been following the status regarding the County Commissioners approval of the zoning changes regarding the closed golf course adjacent to Century Village. The Commissioners vote allows Reflection Bay, a residential/commercial development, to go forward on that property. When this property was purchased by the developer, the deed carried a restriction clearly stating that the property must remain a golf course “in perpetuity”.

My question is: Why is “perpetuity” upheld for public land and not for private land???

A lawsuit has been filed by some residents of Century Village whose Condo units are on the same Plat 14 as the golf course which has the “perpetuity” clause. We are awaiting a decision from the Courts as it is being reviewed by a panel of three judges in the Circuit Court, Fifteenth Judicial Circuit in and for Palm Beach County, Florida.

If deed restrictions such as “perpetuity” are not upheld by the Court, the outcome could be catastrophic to other Palm Beach County owned property, State property throughout Florida and possibly even affect property in the entire nation.

— Gail Trust

Quality of Life

As a senior citizen living in Century Village adjacent to the golf course property, I ask myself: “What would happen to my quality of life if Mr. Waldman has his way and builds Reflection Bay?”

The golf course was zoned as recreational and was to remain so “in perpetuity”. Why does the County have double standards for County property held “in perpetuity”? It seems private property is at the mercy of the County Commissioners who serve their own district and satisfy their own special interests.

If construction is approved, the Village would have a disastrous drainage problem. Many first floor units near the property would be flooded by this “concrete city”.

Furthermore, the ground may be toxic from all the chemicals that have been used over the years for the maintenance of a golf course.

There are 7,854 units in our village. This means more than 7,854 people would be living in an unhealthy environment.

To answer my own question — my quality of life would become a disaster!

— Joyce Robin

The Truth Prevails

Last month (May Edition) of the *UCO Reporter*, William Gaiser in his “Letter to the Editor” stated that on record in the Clerk of Court’s documents were five lawsuits with me as defendant in two and plaintiff in three. This month the paper has promised his retraction of that statement. In addition, he stated that I would personally profit. His retraction of that statement is also to be printed.

“People in glass houses should not throw stones,” as he, himself, has documented in records in the Clerk’s office three lawsuits; one as a foreclosure, one Chapter 7 and one as plaintiff. At least, I did my homework.

The lesson here is do not make statements unless you have proof of what you speak.

This is, in law, libel. In verbal form, it is slander and this runs rampant in Century Village. One person will say it and in an hour it is spread over the Village and becomes “Gospel Truth”.

The truth is, the lawsuit will not cost \$100,000.00 and the only benefit from this lawsuit is the money will be directed by the court and used to correct all of the problems with the roads. No individual or group will benefit other than all the residents getting good roads.

My parting advice is, only speak if you can prove it and only write it if you can prove it or have a good libel attorney.

— Edward R. Grossman, CPA

Retraction

On June 4, 2014 I received a letter from Mr. Edward R. Grossman’s attorney concerning my letter in the June 2014 *UCO Reporter*.

My first error was using the Palm Beach County Clerk and Comptroller website and looking up Ed Grossman. I should have used “Edward R. Grossman”. Therefore the paragraph about the five cases should be retracted.

My second error was allegedly inferring only Mr. Edward R. Grossman would personally profit. This also should be retracted.

Hopefully this has retracted all of my erroneous statements.

— William Gaiser

The *UCO Reporter* regrets the error made in the letter published in the June 2014 edition.

Thank You, Academy Drivers

Please allow me to thank the Academy drivers serving our beautiful Century Village. As I continue observing them, I have

personally experienced and seen, as well as have heard from others also, of their increasing good deeds, kindness and respect.

I have been praising and thanking God for them. For those I know personally, I have been interceding for them, too.

Thank you so much also for bringing us safely to our destinations and back home. Your great services and friendships have been greatly appreciated.

— Rosemarie Fuentes

Do Try It

If you have not yet been there, check out the Blue Fish Restaurant which Joy Vestal and Pat Sealander wrote about in the June issue of the *UCO Reporter* in the food column. They did not exaggerate. My group and I chose to go there while wondering where to go next. Their food is absolutely delicious and the ambiance is really delightful with fresh flowers on each table. Speaking for myself, the prime rib early dinner was excellent, served with soup or salad, vegetable and dessert. The portion of prime rib almost covered the plate. It’s so nice to have a new place in town, so easy to get to on Okeechobee and 441.

— Ruth Bernhard

Turn Signals

We don’t appreciate it when drivers, at or approaching a 4-corner stop sign in the Village, fail to signal their intention to turn. That creates tension for other vehicles approaching or stopped at the intersection, thereby increasing the possible chances for an accident.

We don’t want any automobile accidents in the Village. If we can affect even one accident by the simple procedure of showing driver’s intentions of what their next driving move will be, then we all can rejoice at the textbook results of responsible drivers.

After all, it is not as if rocket science is required to make the responsible move. And also, auto repair bills have gone through the roof in cost as well

as compromising future insurance rates.

It’s a mark of a good driver. Studies have shown that in some midwestern states where the topography is flat as a pancake, drivers who at 3 AM, approaching a stop sign with unlimited visibility of all the points of the compass, had a stop rate of 88%.

It’s just the right thing to do. Let’s make signaling for a turn equally defensible because it’s the right thing to do.

— Jerry Kramer

Don't Wait for Disaster

I know that we never think of it, but unit owners should check the date of their water heaters and if they show age of 10 years or more, it’s time to consider replacing them before a leak occurs — or even worse — a flood.

Water heaters are not lasting as long as they did in years gone by. I just had a leak and was lucky that I noticed water on the bathroom floor that was attributable to the water heater. Even though I replaced it immediately, there was enough water there to warrant 6 floor fans and 2 very large humidifiers which had to run for 4 days to dry up everything. You have to consider mold prevention.

So don’t wait for disaster to strike. Check into it now and also water heater alarms which will alert you to a problem.

— Ruth Bernhard

Editor's Note: See article on water detector alarms on page B6.

Community Safety

A letter to David Israel and Editors:

I know that on many things we may disagree, but one thing I know we will agree on — community safety.

When you spoke on the response time for emergencies for Borden Street and Century Blvd., you were so right. I talked to Dom about moving the stop signs from the median to Century Blvd. from Haverhill — this would slow the traffic down coming in and create a three-way stop. I THANK YOU FOR YOUR WISDOM IN THIS SITUATION.

— John Gluszak

How Is The Care at The VA Hospital?

The *UCO Reporter* asked for comments from our residents on their opinion of their care at the VA Hospital here in Riveria Beach. Here are some of their comments/opinions. Of course there is a great deal of legislation being passed in the Congress at this time that hopefully will benefit our vets. Thanks folks for your interest. — *UCO Reporter*

Outpatient Services at VA Hospitals

I have been a resident here in CV for 17 years and using the VA hospital for about 15 of those years. Fortunately, I have never had to use the hospital section.

I am an 87-year-young Navy WWII Veteran. I use the VA as an outpatient. I am diabetic and I go to the VA hospital every six (6) months. They have never failed to notify me that it was time for my physical and

my lab work. The lab work or the blood draw is at 7 AM and the doctor for the physical is at 9 AM. Since it is all computerized, the doctor has the results of the lab work by the time I am ready to go for my physical at 9 o'clock. Being diabetic, I also have a yearly Retinopathy Eye Examination.

All medicines are nine dollars (\$9.00) for a 30-day period and are refilled by phone and sent to me by mail. I have been more than satisfied with the service and treatment that I have received. —*Ken Davis*

VA Doctors are Very Caring

My husband is a World War 11 veteran and has been using the VA Hospital on Military Trail for many years and we can only speak highly of the treatment that he receives there... appointments are kept on time...the doctors are very caring...my husband

has macular degeneration and he has received many aids to help him with his vision...my husband can only speak highly of this hospital because of the treatment that he receives.

—*Frieda/Lenny Shniper*

A Great Staff

I was driving my brother from St. Cloud, Florida to CV for a visit with my husband Tom and me when I looked in my inside rear mirror and saw him with his head down and very grey-looking. I got off the turnpike and went straight to the VA here where they confirmed my opinion that he was in the middle of a massive heart attack. They balanced him and sent him by ambulance to JFK in Atlantis where he was well taken care of.

After that emergency, my brother Nick moved to Century Village and became a steadfast patient at the VA here. He was exposed to Agent

Orange while serving in Vietnam which led to pancreatic cancer, throat cancer, kidney problems, stomach problems as well as having more heart problems. Nick was with us here for three (3) years but sad to say he passed away four (4) years ago at the age of 60 on the 31st of this month due to Agent Orange-related ailments. He spent his final days in the Hospice at the VA where he was attended by a great staff who saw to his every need. He never stopped praising his "5-Star VA" along with their doctors, nurses, volunteers and their Hospice Center on premises.

Both my sister Marge and I are thankful that the VA was always there for Nick as well as for giving us a few more family years with our "kid" brother, most especially thankful for all who were with us during his final days and hours making him as comfortable as possible.

—*Dolores Caruso*

In Palm Beach County, Every Vote Counts

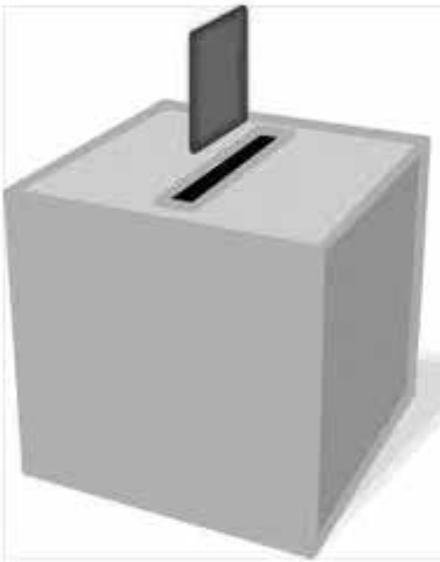

THE 2014 ELECTION CYCLE WILL BEGIN IN AUGUST

BY BOBBI LEVIN

The importance of voting in America cannot be overstated. The right to vote embodies the spirit of American democracy. When we exercise our right to vote, the votes we cast extend far beyond one election. We are able to elect individuals who will make concrete decisions about how our government will be run, both on the national and local levels.

FLORIDA'S PRIMARY DAY IS AUGUST 26, 2014.

Many voters don't realize that the PRIMARY is one of the most important phases of the election process. A PRIMARY is when each vote counts the most because it gives each voter the ability to decide who the best candidate is. The PRIMARY determines who will be on the ballot in November. People who take their vote seriously VOTE IN THE PRIMARY so they have a choice in selecting their

party's candidate.

Some people don't vote because they think their vote doesn't matter - that their individual vote is "lost in the shuffle". However, statistics show that PRIMARY ELECTIONS AND MID-TERM ELECTIONS with low voter turnouts result in upsets every year. The votes of a handful of registered voters can mean the difference between success and failure.

Our daily lives are directly impacted by the decisions made by locally elected lawmakers. Our County Commissioners, Circuit Judges and our representatives in Tallahassee vote on health care, education and retirement funds. They vote on what our taxes will be and how our tax money will be spent. They vote on abortion laws, gun laws, immigration laws, highway speed limits, homeowners' insurance, water management and rezoning of property.

CAST YOUR VOTE AND MAKE A CHANGE IN PALM BEACH COUNTY AND IN FLORIDA.

NOTE: The Supervisor of Elections (656-6200) and the Century Village Democratic Club (688-1934) are available to assist you with voter registration and mail-in ballots.

VICE PRESIDENTS' REPORTS

Dom Guarnagia

Andover • Bedford • Dover
Golf's Edge • Greenbrier
Kingswood • Oxford
Southampton

We are now into the “Rainy Season”. I’d rather not call it the “Hurricane Season” because we have rain much more frequently than hurricanes. That being said, all trimming of large shrubs and trees should be complete. If your dumpster has a bar across the top that prevents wildlife from accessing the contents, you should secure it after depositing your trash. Some associations are hiring a trapper to catch and relocate racoons. It can be a futile endeavor since the scent of food that attracts the critter also attracts those racoons that would normally go elsewhere. Be selective!

There is a large number of patios throughout the Village. Plans should be in place as to where and who will respond to store and/or secure the furniture and moveable grilles to a safe shelter in the event of a wind storm. Those who have a screened porch should re-open the drain holes in the bottom aluminum extrusion secured to the floor to allow entering rain water to discharge and drain off the floor. Where a closet is located at one end of a porch in the high rise buildings, the juncture or the masonry wall and the floor should be caulked. The floor expands horizontal and the wall vertically, thereby creating a gap through which water can enter the closet and wet carpeting as well as shoes and clothing on the floor.

The intersection of Borden St. and Century Boulevard continues to cause concern with no resolution in sight. We are seeking a history of vehicular accidents to confirm whether or not the change has merit. Repairs to the Perimeter Walkway will be made soon to rid the lengthy walk of tripping hazards. Tree roots will be removed and a barrier installed to thwart the future migration of roots coupled with uplift of asphalt. We shall record the areas treated and continue to monitor dangerous changes.

Keep your neighbors in mind as we continue through a period where more than half the units are unoccupied and, though we are not our brother’s keeper, we should be aware of those around us. The projections for this lengthy season with an El Nino weather condition in the Pacific hopefully are correct but we should be prepared while hoping to continue escaping storms. Be well!

After a long time of trying to get a new sign for the Okeechobee entrance, the beautification committee has drawings of three (3) signs to choose from. Of course, after they make the decision which one to choose, the contractor will still have to get a permit and we all know how long that can take especially since we want to move it closer to Okeechobee. But at least there is some progress and they can go on to other projects.

If your building is not getting the twice a week watering, please let me know since there has been some problems with irrigation and my own building is having this problem as well.

I am always interested in ways you might think can improve the village, so if you have any good ideas please come into the office and see me.

Also, we are always in need of more volunteers. So please come in and fill out an application.

Transponders and bar codes

The move to replace the transponders with bar codes began a few weeks ago and is continuing. You may wonder why this is happening.

The quality of the transponders has rapidly deteriorated in recent months after the supplier was purchased. The shipment contained a different transponder that would not stay adhered to the windshield when these transponders were subjected to the Florida sunshine.

The new hardware needed to read the bar code and raise the gate arm as you enter the village is now installed and operational. I volunteered to guinea pig the new set up and it has yet to fail.

We are suggesting that at your convenience you acquire the bar code for your car. There is no emergency at this point. As I write this, the system used to read the transponder is still operational; however, it is no longer supported and no parts are available.

I’d suggest that all current holders of an operational transponder have it replaced with a bar code.

One or two lightning strikes will In all probability disable the transponder system and, should that happen, there might well be a rather large number of folks at the UCO office seeking a remedy. My advice is for you to get the bar code now at your leisure rather than wait and be a part of what might be a very large group making the request after the hardware is disabled.

Joy Vestal

Cambridge • Canterbury
Chatham • Dorchester
Kent • Northampton
Sussex

It may be the “quiet season” here in the Village but you would never know it by the activity at UCO and the *UCO Reporter*. Residents are coming in everyday to get their new bar codes. We have issued more than 1,000 so far. The June edition of the paper was 56 pages and it looks like there’s no letup in sight. We are anxiously awaiting the return of the RFP’s that have been sent to vendors for our WiFi system. Those of us who are here have seen the Palm Beach Water Department working diligently in the Norwich area to improve our water control valves and they will also be installing more fire hydrants where necessary.

As we all know, hurricane season has started and our CERT group is meeting regularly to be well-prepared in case they are called upon if there’s a storm. We all hope and pray this won’t happen. Our insurance committee is always thinking ahead and is now working on a plan that will provide additional resources to help us in case there is a need.

We are all enjoying our shows every Saturday evening and movies during the week as well as classes and discussion groups that meet on a regular basis too.

Our delegate meetings are regularly attended and so far we have had a quorum. Issues are discussed and acted upon in a timely manner.

So let’s all enjoy our summer and our “quiet time”.

EDITORIAL

Yes, This is Paradise

BY JOY VESTAL, CO-EDITOR

As the front cover of our paper tells us (as if we didn’t already know!) with the heat here it’s already summer. There are many activities as always happening in the Village.

At a recent meeting that we attended, a new resident stopped to talk. Her message to us, meaning all of us here in the Village, was that in her opinion this is paradise.

She said she couldn’t wait to settle here permanently. We will certainly welcome her especially since she will offset the attitude of some residents who have caused a great deal of unrest — especially in light of the recent outburst at our delegates meeting that is being fueled by a group of six (6) dissidents. That’s right folks, six (6) people. But enough said on this subject. There will be no more from

this publication on them or their platform.

So, having said this, let’s get on with the business of this Village and the enjoyment of all of us seniors.

—Joy Vestal, *UCO Reporter* Co-Editor

Myron Silverman, UCO Reporter Co-Editor, is on vacation.

The New American Red Cross Building

New Red Cross Headquarters is at 1250 North Point Parkway in West Palm Beach.

Photo by Howie Silver

FORTUNATELY THE VILLAGE HAS ITS BACK COVERED BY THE AMERICAN RED CROSS

BY BOBBI LEVIN

Hurricane season is upon us. Our County Commissioner, Vice Mayor Paulette Burdick, reminds us to BE PREPARED. The C.E.R.T. chapter in the Village reminds us to BE PREPARED. Television weathermen constantly remind us to BE PREPARED. These constant reminders may raise our anxiety levels, but it is vitally important that we must be prepared for all large-scale emergencies. Fortunately, the Village has its back covered with the American Red Cross.

It is comforting to know that the American Red Cross Palm Beach Chapter is located at 1250 North Point Parkway just a few minutes away from Century Village. The Chapter's new 13,000-square-foot building is a "state of the art" regional center, volunteers and staff working together to prepare for and respond to all emergencies. Originally located in a flood zone on Fern Street, the Chapter moved to avoid evacuating staff during natural disasters. The sale of the old building for \$3.4 million provided more than the required funding for the purchase and renovation of the new building. No donor dollars were used for the new building.

The American Red Cross Palm Beaches-Treasure Coast area serves the communities of Palm Beach, Okeechobee, Martin, St. Lucie and Indian River Counties. Its mission statement is as follows: "The American Red Cross prevents and alleviates human suffering in the face of emergencies by mobilizing the power of volunteers and the generosity of donors." Volunteers respond to disasters 24 hours a day/seven days a week/365 days a year providing shelter, food, clothing and emotional support at no cost to those in need. In fiscal year 2013, they responded to 248 devastating fires and other local disasters.

The Chapter also teaches families and organizations how to prepare for emergencies through free educational presentations and distribution of literature. Volunteers are available to teach lifesaving skills such as first aid, CPR and water safety and to assist children who must stay in Red Cross shelters. Red Cross workers also send emergency communications to active-duty service members to inform them of major life events they would otherwise be unaware of while serving our country.

Photo by Howie Silver

County Commissioner, Vice Mayor, Paulette Burdick visiting the new Red Cross Center

These services are all provided thanks to a corps of 2,000 dedicated volunteers and generosity of donors. With sheer benevolence and efficiency, the American Red Cross invests an average of 91 cents for every dollar into humanitarian services and programs.

The centerpiece of the new facility is its Disaster Operations Center (DOC) where well-trained staff and volunteers work together during disasters to coordinate services, support volunteer activities and coordinate activities with government partners. The DOC is the hub of all operations--the command center during large-scale emergencies. With the resourcefulness of a war room, the DOC is filled with cubicles glowing and ringing with dozens of phones, computers and monitors. Each cubicle manages specific duties like supplies and procurement, warehousing, disaster/medical supplies, staffing, etc. All expenditures, incoming data and communication is received real-time

and continually updated by the DOC's diligent staff.

Did you know that you can download FREE Red Cross apps on your iPhone and Android Smartphone? These apps, alerting you of hurricanes and tornadoes with a loud tone, will include critical information before, during and after a disaster as well as provide local shelter locations. To learn more about Red Cross apps please visit www.redcross.org/mobileapps.

Are you interested in becoming an American Red Cross volunteer? No matter your interests, skills or schedule, the Red Cross has diverse opportunities for everyone, from students to senior citizens. To learn more about volunteering or to complete an online application, please visit www.redcross.org/volunteer.

Independence Day – July 4th

BY DOLORES CARUSO

As you all know, this is a holiday enjoyed and celebrated by all Americans throughout the country. But how many know the background of this date and how it is connected to the Declaration of Independence? When doing my research on this I found that I, too, did not fully understand some of the circumstances leading up to July 4th and our Declaration.

July 4th was not the day when the Continental Congress declared independence. The date was really July 2nd, 1776. The American Revolution was not started on that date either, rather it was in April 1776 when it began. Thomas Jefferson penned the first draft of the Declaration of Independence in June 1776 and it was signed on August 2, 1776. It was not sent to Great Britain until November 1776. Those are the real dates surrounding this document and our freedom from Britain.

The Declaration of Independence was approved by the Continental Congress (after the draft was submitted on July 2nd and finalized with all changes) on July 4, 1776 with

that date being included in the document -- but the document was not signed until August. When people referred to the Declaration of Independence they remembered the date of July 4th within the document.

POINT OF INTEREST:

We celebrate Constitution Day on September 17th every year which was the date it was signed, not the date approved. If we used the same idea for the Declaration of Independence, we would be celebrating Independence Day on August 2nd which was the actual date the Declaration was signed. After the War of 1812, the Federalist Party broke apart and the new parties of Jefferson and the Democratic-Republicans evolved. When Thomas

Jefferson and John Adams both died on July 4, 1826, the July 4th date became the important date to be celebrated. In 1870, approximately 100 years after the Declaration was written, Congress declared July 4th a National Holiday in a bill which also included certain holidays (this is when Christmas was declared a national holiday). And in 1939 and 1941, more legislation was passed about many other national holidays.

Thus, Independence Day is celebrated by families with picnics, barbecues, baseball games and many other activities. But I think the activity most of us enjoy best is the celebration with fireworks in many

cities and public parks. People seem to come together in unity and patriotism when the first “boom” and “light-show” takes center stage for all to enjoy. I look back when I was young. Our father and mother took my sister Marge, brother Nick and myself to Warinanco Park (which centrally lies in the connecting of the three (3) cities of Elizabeth, Linden and Roselle in New Jersey) to sit on a blanket and gaze up in awe at this wondrous sight. The finale included a ground display in fireworks in the form of the American Flag with the National Anthem being played throughout the park ... absolutely awesome !! These memories are still alive and I definitely can’t wait to watch these “rockets red glare” go off overhead celebrating our right to freedom. But remember, this freedom and Independence did come with a price ... that of our country defending these rights.

So sit back, enjoy and celebrate your July 4th in the way you freely chose.

God bless and HAPPY FOURTH OF JULY to all of you !!

Happy Birthday, Canada

BY MARILYN POMERANTZ

Canada Day is a Federal Holiday. On July 1st, 1867, Canada became a self-governing dominion of Great Britain and a federation of four provinces: Nova Scotia, New Brunswick, Ontario and Quebec. Canadians commemorate the day with parades, fireworks, cookouts and concerts. The popularity of the holiday has been on the incline since the late 1960's and has since become a nationwide celebration.

On June 20th, 1868, Canada's Governor General proclaimed that Canadians should celebrate the anniversary of the Confederation. July 1st became a statutory holiday known as Dominion Day in 1879; however, no official celebrations were held until the 50th anniversary in 1917 and the 60th anniversary in 1927. After World War II, Dominion Day was celebrated more frequently and more events were organized by the national government.

It was not until 1946 that Phileas Cote, a member of the Quebec House of Commons, sent a private member's bill to rename Dominion Day as Canada Day. The Senate responded by recommending the holiday be named the "National Holiday of Canada." Since no one

could agree on the name, the bill was defeated. The government first recognized Canada Day in 1958 by holding a trooping of the color on Parliament Hill in Ottawa, Canada. The holiday continued to grow in the late 1960's and many Canada Day events were televised and broadcasted throughout the country. In the 1960's, the government began funding Canada Day activities in smaller communities. After the centenary of the Confederation in 1967, Dominion Day events became more widespread. The event promoted nationalism and Canadian pride.

The holiday was finally made

official by a unanimous vote on October 27th, 1982 -- the same year that the Canada Act was passed thus removing any remaining dependence of Canada on the United Kingdom. While the public had recognized the holiday for decades, this marked a significant change in the magnitude of the celebrations. The date was also officially known as Canada Day from 1983 onward.

Since 2006 Canada Day celebrations were also held at London's Trafalgar Square in the United Kingdom. It is expected that these celebrations will be held just before, on or just after July 1st.

In addition to independence

from the United Kingdom, Canada Day also marks a number of revolutionary breakthroughs and significant events. The first national radio hookup was initiated by the Canadian National Railway on July 1st, 1927. The Canadian Broadcasting Corporation (CBC) held their first cross-country broadcast on Canada Day in 1958. The first color television transmission in Canada was held on July 1st of 1966. In 1967, the Order of Canada was inaugurated. "O Canada" was also named the official national anthem on Canada Day in 1960.

The biggest celebration is held in Ottawa, Ontario (Canada's capital). The festival ends with a grand finale of fireworks over Parliament Hill. The Queen of England is often in attendance. Canada Day is celebrated in conjunction with the United States' Independence Day during the International Freedom Festival. Fireworks are shot off over the Detroit River and residents of Detroit, Michigan and Windsor, Ontario come together in joint-celebration.

To all of our Canadians friends and neighbors, we wish you a **Happy July 1st, 2014.**

Another Hero Among Us

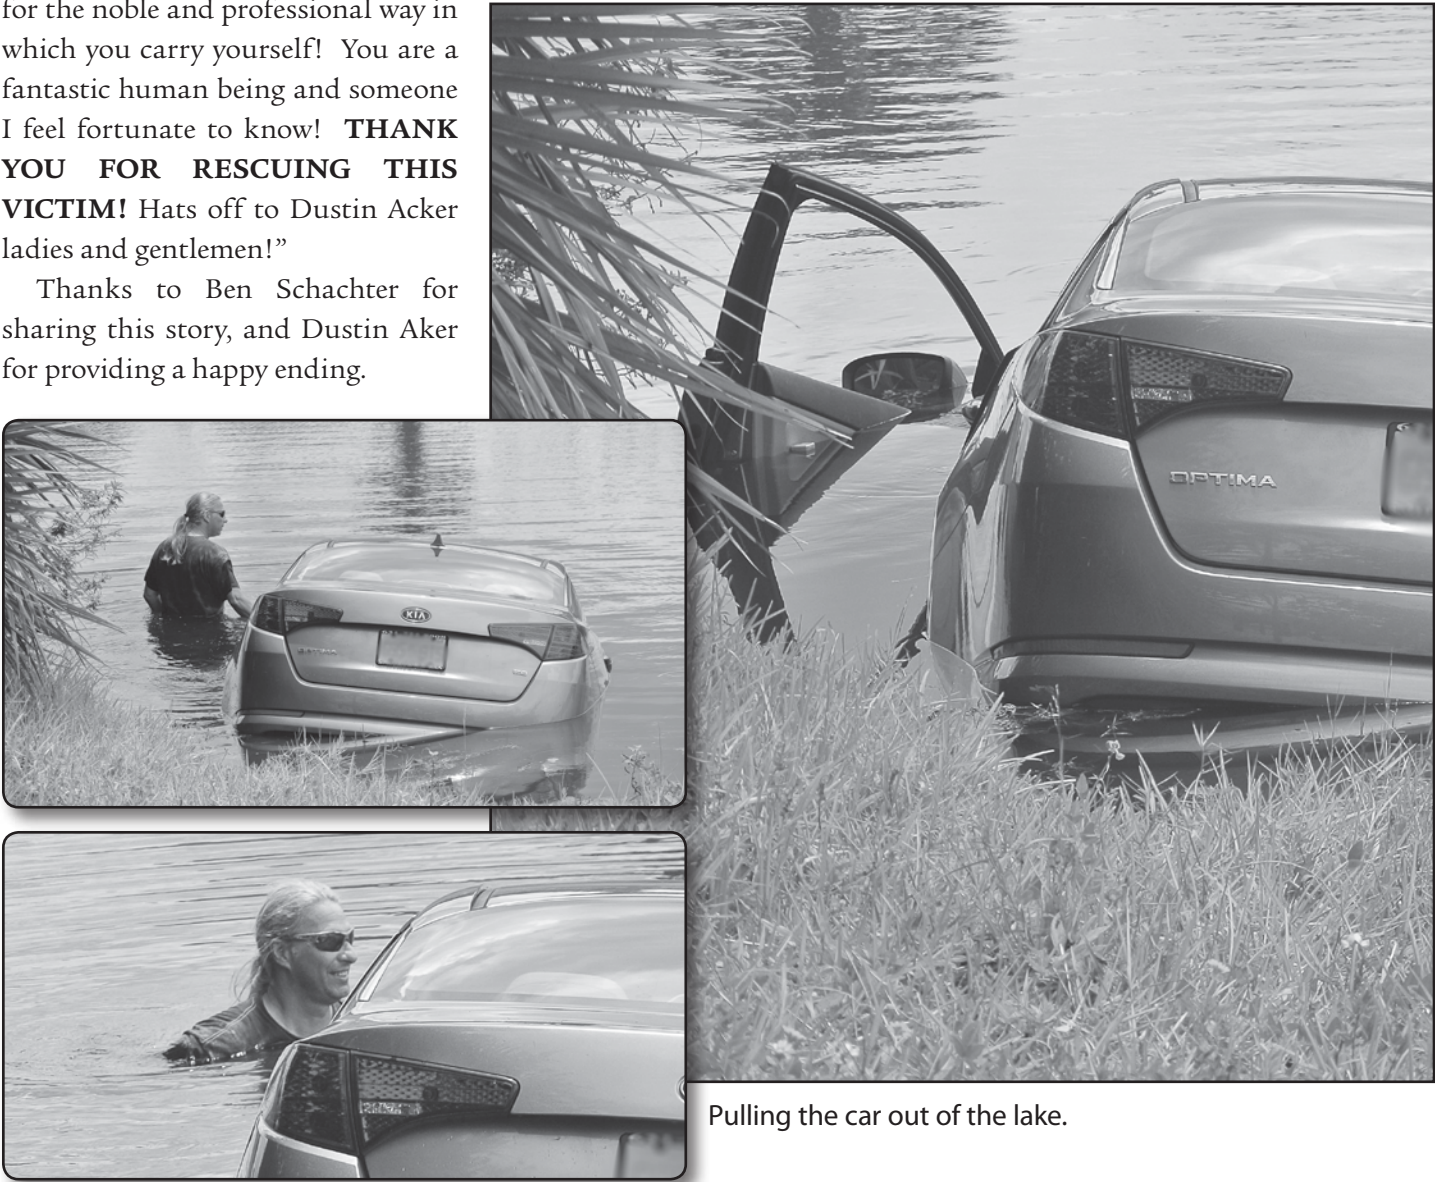

Over Father's Day weekend, Dustin Aker waded into a Century Village lake to save someone trapped in her car.

There are no details as to what caused the vehicle to plunge into the lake, but as these photos show Aker risked his own life to rescue the driver in a perilous situation.

Aker is an employee of Signature Real Estate Companies, and company president Ben Schachter sent out an email on Father's Day praising the valiant effort:

“Please help me thank our very own Dustin Aker for saving a woman's life today! He really is a TRUE HERO! While working at Century Village West Palm Beach this afternoon, a woman crashed her car into a lake within the community. Without any regard for his own welfare and safety, Dustin didn't think twice about putting the stranger's life before his own and went right into the lake to rescue her (even wearing his Signature Name Tag)! Dustin, you are a model citizen and someone that we should all be looking up to today and every day for the noble and professional way in which you carry yourself! You are a fantastic human being and someone I feel fortunate to know! **THANK YOU FOR RESCUING THIS VICTIM!** Hats off to Dustin Aker ladies and gentlemen!”

Thanks to Ben Schachter for sharing this story, and Dustin Aker for providing a happy ending.

Pulling the car out of the lake.

Snorkel Club

by Sandy Wynn

Although at this time we are not having regular meetings which are on the third Friday of each month in the Clubhouse at 10 A.M., we are still very active. For the warm months, we are now what one might call an impromptu snorkel club. Whenever a member will get an idea, our communication system will kick in and that means using either e-mails, word of mouth or the telephone buddy system. Our past president John Odoardo is always obliging

with the knowledge of last minute excursions. His telephone number is 561-478-9921.

The snorkelers are now home from their week long trip. There was Lion Fish, large Grouper and one large Tarpin spotted in the clear water. We had day trips on June 7th and June 10th. One on the invasion of the Lion Fish and the other on Sea turtle Research.

Pot Luck on Memorial Day at the Somerset Pool was enjoyable with good food, good weather and excellent company. With July 4th just around the corner, we're looking forward to another great Pot Luck. Hope to see you there.

Wishing all a marvelous summer. KEEP IN TOUCH.

Suggested Resolution on a Designated Smoking Area Near Clubhouse

BY JOHN HESS

The following resolution was submitted to WPRF Vice-President Eva Rachesky by resident John Hess who attended the long and arduous discussion at the recent Operations meeting on a designated smoking area at the clubhouse. John said he and wife are former smokers. He offered this resolution as, “something to build on.” John’s suggestion in this resolution is to have the smoking area between the shuffleboard courts and Duck Island. He also said there is a website nosmoking.org that has many helpful suggestions on smoking regulations. This subject was also discussed at the recent Officers meeting. Read on for more comments from our residents on a suitable smoking location and what if any consequences should be imposed if these regulations are not observed.

RESOLUTION: Revise No Smoking Policy

BACKGROUND: Due to recent complaints and the health concerns arising from exposure to tobacco smoke around the entrance to the clubhouse, it was determined that the smoking area should not be near the entrances, bus loading zone, or anywhere non-smokers/residents/visitors have to pass by to enter the Clubhouse.

ISSUE: WPRF/UCO to establish a new policy to describe in detail, leaving nothing for misinterpretation, the policies and restrictions regarding smoking outside the Clubhouse.

GOAL: Relocate designated smoking area to provide a smoke-free environment for all residents and visitors entering the clubhouse.

**Definition —
Century Village Clubhouse
No Smoking Policy:**

- NO SMOKING INSIDE CLUBHOUSE
- NO CIGAR SMOKING ALLOWED ON PREMISES
- CIGARETTE SMOKING AND SMOKELESS TOBACCO ALLOWED IN DESIGNATED SMOKING AREA at north end of Clubhouse
- BUTTS, WRAPPERS, ETC. DISPOSED OF PROPERLY
- NO SMOKING ALLOWED NEAR PORTICO/COLONADE ENTRANCE, BUS LOADING ZONE AND WALKWAYS

WPRF will attempt to strategically locate “No Smoking” signs as a reminder to people of the policies stated within this resolution. Due to aesthetic reasons, the number of signs will be limited, and just because a sign

may not be placed in a certain area, it does not mean that smoking is permitted in that area.

If someone should have the need and/or desire to smoke while at the Clubhouse, they must do so in the “Designated Smoking Area” which is located at the north side of the Clubhouse, at least twenty-five feet from Clubhouse. All wrappers, containers and “butts” must be disposed of properly.

This policy covers the smoking of any cigarettes and the use of smokeless (or spit) tobacco in designated smoking areas outside the building. CIGAR SMOKING IS PROHIBITED.

There will be a need to educate and reinforce the new smoking restrictions of the clubhouse.

WPRF/UCO has committed itself to a smoke-free environment for the residents, and is prepared to enforce its smoking policy unconditionally.

Comments and Suggestions from Century Village Residents

*“I have no objections to people smoking at the clubhouse, but I feel they should only do it in the

designated area. But if they don’t adhere to the rule, they should have their pass pulled after a proper warning. Maybe they could move the present area to the other side of the building entrance. That way they will not be where the bus passengers are. But they do need some kind of an overhang in case of bad weather. I feel anyone has the right to smoke.”

“Why not put a sign at the entrance to the island, ‘no smoking beyond this point.’”

“I think the present location is suitable. If there’s a change I like the idea of the gazebo that was suggested by Eva Rachesky.”

Did Your Know There is a Digital Library Available Without Any Cost?

BY LINDA ANTON, JBI OUTREACH COORDINATOR

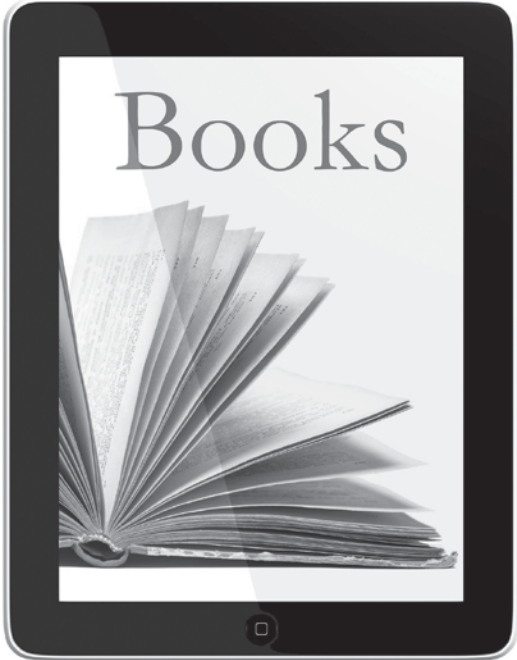

JB International (established in 1931) is an affiliate library of the Library of Congress’ Talking Books and together they provide thousands of digital books as well as digital player for personal use. Whether residents enjoy sports, history or popular best sellers, JBI will support their literary needs. Anyone who has visual impairment or has reason to not be able to hold a book may qualify for the service.

The digital player is simple to use and is mailed directly to

their home as are the books of choice. Once registered, books can be ordered by calling a toll free number, or on line, and are returned postage free when complete.

With almost 11-million adults in the United States with Age Related Macular Degeneration alone, our commitment is to assure the public is well served to meet the literary needs that ‘low vision’ has made difficult. If anyone in Century Village WPB, and certainly someone they

know any place in the US, would like to enjoy the JBI digital library they can contact the local Palm Beach office at 561 598-9345 or e-mail lindaaga@hotmail.com (making sure to place JBI in subject matter) to assure receipt. All calls will be returned/ e-mails will be confirmed.

JUST ONE REALTY, Inc.

Century Village Home Buyers or Sellers — Before you sign with a “Big Name” Realtor...

“Let Me Buy You a Coffee and a Bagel and Tell You 8 Reasons My Little Company is Better!”

These days, real estate is complicated. That's why you need a first rate realtor at your side. But not all realtors are alike. Some are big “brand name” companies. But in their bigness, something is often missing. It's the personal service you need and deserve from every professional in your life: your doctor, your lawyer, and now just as much, your realtor. Just One Realty, founded and owned by longtime Century Village resident Max Liebman, provides that “one on one” service.

Linda Liebman
Office Manager

561-827-6925 • 561-543-5805 • mliebman5@hotmail.com *Sé habla Español.*

Here are 8 reasons that, before you sign with that “big name,” you should talk to Max:

1. Max knows Century Village — *because he lives here*

2. Max handles only Century Village

3. Max has experience — 42 years of it

4. Max has low overhead

5. Max expedites the process

6. Max offers full service

7. Max offers the “MAX Marketing Plan”

8. Most important, Max listens

★ RESTORE CIVILITY TO GROUP 14 ★

Jessica
TICKTIN
FOR CIRCUIT COURT JUDGE

Dear Voter,

As a practicing lawyer in Palm Beach County, I believe that almost all of our circuit court judges are superb, and do an excellent job managing their caseloads while maintaining control of the courtroom with a high level of dignity and respect. However, we need a strong, efficient, and respectful judge in the Group 14 seat, and I am the right woman for the job. I will be a fair and impartial judge and will treat both lawyers and litigants with the respect they deserve.

As the Managing Partner of a successful mid-size law firm with 24 attorneys, I have handled a wide variety of cases including family law, contract law, and other types of general civil litigation.

Jessica with her husband Andre and son Victor...Gizmo and Cheech!

I will use that experience to be a fair and impartial judge who will listen to the facts and evidence before me, consider the applicable laws, and make fair decisions that are grounded in the law and tempered with common sense.

I have the qualifications, experience, temperament, and wisdom that it takes to make a great Circuit Court Judge.

I respectfully ask for your vote.

Jessica

★ RESTORE CIVILITY TO GROUP 14 ★

VOTE TUESDAY, AUGUST 26

Political advertisement paid for and approved by Jessica Ticktin for 15th Judicial Circuit Court Judge, Group 14.

Food is Love

Scott’s Rib Steaks

BY SCOTT ZICCARDY

- 3 (4 lb. slabs) pork spare ribs – St. Louis style-cut (trimmed, fat ends)
- 1 cup light brown sugar
- 1 tbsp. plus 2 tsps. Kosher salt
- 4 tsps. Chili powder
- 4 tsps. Garlic powder
- 4 tsps. Onion powder
- 4 tsps. Paprika
- 2 tsps. Cumin
- 1 tsp. white pepper
- ½ tsp. cayenne pepper
- ¼ tsp. ground cloves

Preheat oven to 275°. Begin by trimming the ribs of any excess fat or sinew. Remove the thin membrane from the back of the ribs and discard. Make the rub by combining the brown sugar, salt, chili powder, garlic and onion powder, paprika, cumin, white and cayenne pepper and cloves in a mixing bowl.

Set out a few large sheets of foil (one set for each slab). Place 1 rack on each sheet and divide the dry rib between each slab. Rub the mixture into the ribs on both side, and then fold the foil over to form a sealed pouch around each rack. At this stage, make sure the racks are meat-side down. Place each pouch on a roasting tray and bake in the oven for 2 hours.

After 2 hours open up the foil and peel back so the ribs are exposed. Carefully turn the meat over so the meat side is on top.

Brush the top and bottom of the racks with a generous amount of Root Beer BBQ Sauce (recipe follows). Brush the second rack with Firecracker BBQ sauce (recipe at usaweekend.com) and the final rack with Guy’s Bourbon Brown Sugar BBQ sauce (available at foodnetworkstore.com) or use Root Beer sauce on all three. Cook racks for 1 ½ more hours with the open foil. When done, the ribs will be tender and the meat will have shrunk back from the bones. Remove from oven, cut into portions, and serve with extra BBQ

Yield 8 servings

Root Beer BBQ Sauce

BY SCOTT ZICCARDY

- 1 quart good-quality root beer
- 1 cup ketchup1/2 tsp. grated lemon zest
- ¼ cup fresh lemon juice or more to taste
- ¼ cup orange juice
- 1 tbsp. Worcestershire sauce
- 1 ½ tbsp. Light brown sugar or to taste
- 1 tbsp. Molasses
- 2 cloves
- ¼ tsp each of cinnamon, ground ginger, garlic powder, onion powder
- 1/8 tsp. freshly ground black pepper

Begin by reducing the root beer in a saucepan over high heat until liquid is ¼ of its original volume, 8 to 10 minutes. Allow to cool, and then combine all of the ingredients in the saucepan. Gradually bring the mixture to a boil over medium heat. Reduce heat and gently simmer the sauce until thick and richly flavored, 10 to 15 minutes. Yield 2 ¼ cups

Coleslaw

BY MARILYN POMERANTZ

- 1 Medium cabbage, finely shredded
- 10 Medium sized carrots, peeled and finely grated
- 1 green pepper, seeded and finely chopped
- 1 small onion, grated

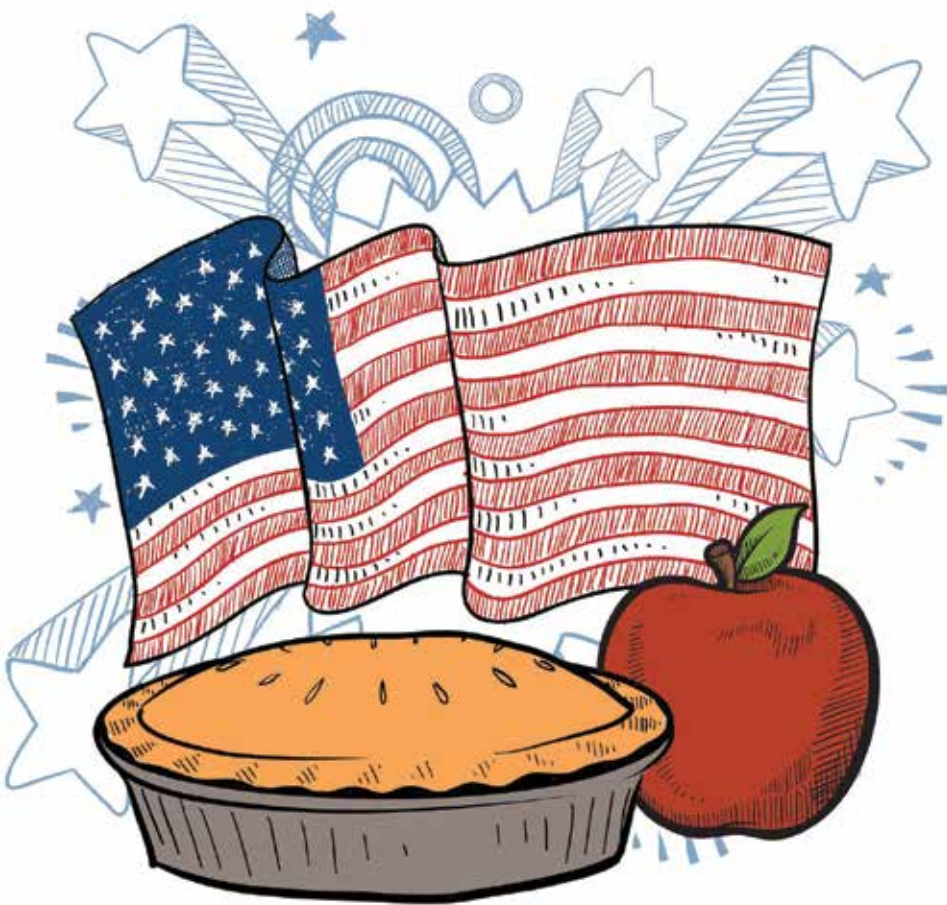

Mix vegetables together
Combine dressing ingredients and blend well
Add to vegetables and mix
Adjust seasoning to taste
Allow to stand in refrigerator for 3 or 4 hours before serving

Potato Salad

BY MARILYN POMERANTZ

- 8 medium Yukon Gold Potatoes
- 1 ¼ cups Mayonnaise
- 2 tblsp. Fresh Lemon juice
- 1 tblsp. Dijon Mustard
- 1 tblsp. Chopped fresh dill
- Freshly ground Pepper
- 3 Celery stalks, peeled and thinly sliced
- 1 ½ cups finely Chopped Vidalia onion
- 3 Scallions, thinly sliced
- 6 Hard-boiled large Eggs, chopped

Put potatoes in a large pot of salted water. Bring to a boil. Cook until just tender, 20 – 25 minutes. Drain; let cool. Stir together mayonnaise, lemon juice, mustard and dill. Season with salt and pepper. Peel potatoes, cut into 1-inch chunks. Fold into mayonnaise mixture. Fold in celery, onion, scallions and eggs (reserving some scallions for garnish). Refrigerate covered until ready to serve. SERVES 8

4th of July Apple Pie

BY MARILYN POMERANTZ

- 6 cups Gala apple, peeled and sliced (6 med. apples)
- ½ cup Sour Cream
- ½ cup White sugar or (sweetener)
- Unbaked 9” pie shell
- 1 cup Brown sugar, packed (sweetner)
- 1 cup Flour
- ¼ cup Butter or margarine
- 1 tsp. Cinnamon

Preheat oven to 425° F. Combine apples, sugar and sour cream. Place in pie shell. Combine brown sugar, flour, butter and cinnamon — first with a fork and then with fingers — until crumbly. Sprinkle over apples. Put a strip of tinfoil around fluted edge of pie shell to prevent over browning. Bake at 425° F for 20 minutes, then reduce heat to 375° F and bake 30 minutes longer. Serve slightly warm or cold with ice cream

NOTE: To avoid a soggy bottom crust, either sprinkle with 2 tblsp. bread crumbs before adding filling, or brush with a lightly beaten egg white and allow to dry for ½ hour before filling.

How We Celebrated The Fourth

AN ILLEGAL TRADITION IN DEDHAM, MASSACHUSETTS THAT LASTED FOR YEARS

BY LANNY HOWE

I grew up in Dedham, Mass., one of the oldest towns in the United States. Dedham had the first free (taxpayer-funded) public school in America and the first canal built in the US (Mother Brook, it was called, connecting the Charles and Neponset rivers). The Fairbanks House, oldest wooden frame house in America, built in 1636, still stands at the corner of East Street and Whiting Avenue.

When I lived there, the town celebrated Flag Day and Memorial Day, but never celebrated July 4—except for a strictly illegal celebration in Oakdale Square, which was within a block and a half of our home.

The Burning of the Wagons

Every year, usually late in the evening of July 3, there was a bonfire in the middle of Oakdale Square. Hundreds of people would ring the square waiting for the neighborhood “bad boys” to roll in wooden wagons full of combustibles, which they had set afire just before reaching the square. The wagons came in one

Almost all the wagons had been stolen from farms in the outlying parts of town or in other towns. They were usually stolen months before the Fourth and usually in the dead of night.

by one, on one of the several roads leading into the square like spokes of a wheel. You never knew where the next wagon would enter from, or exactly when.

It was all illegal. Almost all the wagons had been stolen from farms in the outlying parts of town or in other towns. They were usually

stolen months before the Fourth and usually in the dead of night. The boys would have each theft carefully planned ahead of time, know where they were going to hide the wagon, and know the route on which they would move it. They often had lookouts in cars in front of and behind the wagon. If the cops came, they would scatter.

There were police in Oakdale Square, but they essentially only kept order and winked at the goings-on. It would have been difficult for them to stop wagons rolling into the square because they were well doused with kerosene beforehand and set on fire while on

one of the streets approaching the square. Overhanging tree branches might catch on fire and the fire spread to homes. It was an exciting time because of the big bonfire in the square, but also because it was a mystery where

the next wagon would come rolling in from, and because of the sheer underhandedness of it all.

My Brother’s Narrow Escape

The tradition began in the 1930s, I believe, before my time, and continued until well after I had left Dedham in the mid-sixties. My youngest brother got involved one year. He and several others planned to steal a small wooden railroad car from the Readville train car shops, about two miles away, and roll it into the square. The plan, which would surely have failed, never got off the ground, for the railroad police caught them in the act, pursued them, and even shot at them. They barely escaped.

Not long after this, the town police clamped down and put an end to the tradition. It had got too out of hand. The plate glass windows of stores surrounding the square were cracking from the heat. Who knew what would happen next?

So ended an illegal but exciting tradition. Fortunately, nobody ever got hurt.

 cen. A/C, elevator, poolside building \$750/mo.

TRANSPORTATION

BY LORI TORRES

This article is very important with new information and changes in the bus schedule. The three (3) internal buses and the Publix bus have been going to Publix for a total of 42 times a day, sometimes with as little as two (2) or (3) passengers. At the transportation meeting, the committee voted to change the routes for the summer. This change will only apply for the month of July; it will change in August. The regular Publix bus will continue the regular route. Internal bus #1 will be the only other internal bus going to Publix. It will maintain the regular morning and afternoon trips and three (3) runs in the evening at 6:35, 7:35 with the last pickup at

8:35.p.m. Some of the drivers were letting riders off at stops not on the schedule. DJ restaurant and the casino next store were one of these places. This will no longer continue since they are not on the schedule as designated stops. I have had many, many requests to visit the new Outlet Mall at Palm Beach Lakes Blvd. and it was added to the mall route on Friday. We were expecting a large turnout but were surprised when 13 riders actually went. I received other complaints about removing the Goodwill Store from the mall bus. it will return everyday but Friday. Please attend our monthly meetings on the second Tuesday to voice your opinions and ideas.

SECURITY

BY ED BLACK

We have been quite satisfied with the new Bar Code Decal System. We have installed some 1,200 so far and have received no complaints. Monday through Thursday, a team from our Security Committee are on site to put decals on those who apply for one. Please take advantage of this opportunity to obtain a new Decal at your earliest convenience. It is easy to apply. Bring your current vehicle, vehicle registration, your CV ID card and \$ 5.00 and, after you have registered, we will put on your Decal. We place the Decal on the passenger side – rear window – and we even wash your rear window first.

The time that you save now will eliminate delays when the obsolete Transponder Equipment is damaged during storms. Currently, the equipment we are using for that lane is used and becoming less available to replace. Please encourage everyone in your Association to complete this upgrade to the Bar Code Decal System as soon as possible – we can handle 100 vehicles Monday through Thursday on an “on demand” basis – meaning you just have to come in to apply. Please don’t wait – get yours this month. Special Appointments are available for those that are unable to obtain the Decal during UCO’s normal business hours. An appointment may be made by phone at the UCO office (561) 683-9189.

LEGAL

BY MARK D. FRIEDMAN, ESQ.

Should committee meetings in a condominium be open or closed? There is often a lot of confusion about how to handle committee meetings. The confusion is due in part to how the Condominium Act addresses this issue. The Statute provides that meetings of a committee to take final action on behalf of the board or make recommendations to the board regarding the association budget are required to be noticed in the same manner as Board meetings and be open to the Unit owners. All other meetings must also be open and noticed unless the Bylaws exempt such meetings. Therefore, the Bylaws can be amended to close all other types of meetings. However, even if you have not amended your bylaws, a board meeting or a committee meeting (such as a legal committee) can be closed if it is a meeting with the association’s attorney, with respect to proposed or pending litigation, if the meeting is held for the purpose of seeking or rendering legal advice; or a meeting held for the purpose of discussing personnel matters.

When is a resignation effective? This is actually covered by Chapter 617, Florida Statutes, which is the Florida Not-for-profit Corporation Act. The statute provides that a director may resign at any time by delivering written notice to the Board of Directors or its chair or to the corporation. A resignation is effective when the notice is delivered unless the notice specified a later effective date. If a resignation is made effective at a later date, the board of directors may fill the pending vacancy before the effective date if the board of directors provides that the successor does not take office

until the effective date. Therefore, if a Board member posts a resignation on the bulletin board or hands a resignation notice to the Board, it is immediately effective unless a later date is indicated. The statute has no provision for rescinding the resignation and there is no requirement for a Board meeting to accept the resignation. The only way for a director who resigned to return to the Board would be through election at the next annual meeting or to have the remaining Board members re-appoint the resignee.

What are the actual requirements attending Board meetings via speakerphone? Section 718.112(2)(b)(5), Florida Statutes, provides, that if any of the board or committee members meet by telephone conference, those board or committee members may be counted toward obtaining a quorum and may vote by telephone. A telephone speaker must be used so that the conversation of those members may be heard by the board or committee members attending in person as well as by any unit owners present at a meeting. That means that you must properly notice a meeting and have a location where the meeting is being held. The speaker phone must be appropriate to the venue so that the conversation can be heard by those in the room.

CERT Volunteers serving refreshments at CERT hurricane meeting

CERT Volunteers at CERT hurricane meeting

The Hurricane Preparedness Workshop has just ended. It was well attended (90+). Presentations

by Rob Shelt Assistant Manager of PBC Emergency Management and Jordan Silbert PBC Fireman/Paramedic was very informative. There have been several changes in the last few years.

The addition of generators in grocery store chains and gas stations has enabled them to operate immediately after a hurricane. With them being able to operate immediately allows us the ability to get food and gas as soon as the roads are opened. Usually within two (2) to three

(3) days, the same number of days you are recommended to have your own supply of food and water. The need for the government to supply these has diminished greatly with these improvements. Don't rely on someone else, have you own survival kit and food rations.

Shelters will be opened as need dictates and will remain open until everyone has a place to return to after a hurricane. If you need a "Special Needs" facility, you must

make a reservation ahead of time. Be sure to determine if they will be able to care for you. Also make sure to take your special equipment with you. They may not have what you need. You may also make arrangements with Palm Tran for transport to the shelter.

In a nutshell:

1. MAKE A PLAN (with friends and neighbors) (www.readypbc.org)

- 2. BUILD SURVIVAL KIT** (for each in your household) (www.readypbc.org)
- 3. GET INVOLVED** (Volunteer) (www.readypbc.org)
- 4. BE INFORMED** (update critical info-- Smart phone FREE App: PBCDART)

No one PLANS TO FAIL, some FAIL TO PLAN. Hurricane season is here!! Be Prepared!!

Stay Safe. Neighbors Helping Neighbors.

We are always looking for more volunteers for C.E.R.T. Call me—4371-5636 if you're interested in getting involved.

A Volunteer in New York City Parks

BY BETH BAKER • PHOTOS BY BETH BAKER

Do you miss caring for your lawn? Do you miss pruning trees and bushes? A great solution is a Sierra Club Work trip available across the country. My friend, Barbara Seide, and I just returned from New York City where we cleaned, weeded, pruned and cut out invasive species. Since the funding for the NY City Parks has decreased, the Riverside Park District welcomes volunteers from the neighborhood, corporations and non-profits willing to assist them. They supply the supervision, instructions and the tools, and are grateful for any volunteers.

Accommodations are in clean, comfortable dormitory rooms at the International Youth Hostel on Manhattan's Upper West side, convenient to many subway lines. Trips begin with Sunday dinner on the first day, and conclude the following Sunday with breakfast.

For those who wished, one co-leader gets us evening deals. For \$247 we saw the three-act *La Bayadere* by the American Ballet Theatre with full orchestra in the Metropolitan Opera House in Lincoln Center; and three plays: the musical *Pippin* with its acrobatic actors; the Irish comedy *The Cripple of Inishmaan* (starring Daniel Radcliffe of *Harry Potter*

Sierra Club volunteers gather to clean Riverside Park in New York City.

film series), and best of all, from an autobiography of Moss Hart, *Act One*, starring Tony Shalhoub, which had the most involved circular staging that I have ever seen. As the play progressed, the stage rotated among a two story tenement with a depth of three rooms with doorways on each side, to offices, and to a finely decorated two story mansion with interior stairway. Wanting to see one more Broadway show, I skipped the final dinner to see *Casa Valentina*, by Harvey Fierstein, where men who like to dress as women go to a run-down bungalow colony in New York's

Catskill Mountains.

Barbara and I also squeezed in Shabbat services at Central Synagogue, Brooklyn Museum and Gardens (Ai Wei Wei, Chinese dissident artist, and Judy Chicago's plates were highlights), the Tenement Museum (shop tour), and the New York Historical Society, before the Sierra Club trip began. We took the subway out to the Cloisters with its intensive gardens and monastery before proceeding to the vast Metropolitan Museum. On our last day, a nostalgic trip for Barbara, we walked along Central Park to

the American Museum of Natural History.

You do not need to wait until next May as the October Sierra Club trip has openings for New York's largest park, Pelham Bay Park, including a tour of its Greek Revival Bartow-Pell mansion, a national historic landmark. For information on my trip or the Sierra Club, you can check its website or call me, Beth 684-3166.

Tour of Ground Zero.

Once Upon a Time

A Fairy Tale Run Amok

BY LANNY HOWE

The Act II Community Theater Is Cooking Up a Great Show

Last night I sat in on the second rehearsal of the Act II Community Theater’s new show, which promises to be a doozy. It’s called *Once Upon a Time*, with the subtitle “A Fairy Tale Run Amok.” You are going to see a king, a queen, princes and maybe even a fairy godmother in this production—and some hilarious confusion.

There was plenty of confusion and hilarity last night as I watched their second rehearsal. The king and queen were on a cruise so they couldn’t play their own parts, and two princes were on vacation. Not to be denied, director Kitty Gragg had large “name-tag signs” made up for the characters, which they hung around their necks. Some had to play the part of more than one character because of the summer

absences.

The rehearsal was a mixture of laughter and effort. “You’re supposed to be *demented!*” Kitty told two of the players. The play is in three acts, and there will be many surprises. The cast is hoping for one big surprise at the end, the details to be worked out.

Once Upon a Time will be performed in probably late November or December, after a good number of our snowbirds are back. In October there will be a “By Invitation Only” performance, on the order of a dress rehearsal.

And—good news! *Once Upon a Time* will be performed in Classroom C in the Clubhouse, not tiny Classroom B, so hopefully nobody will have to be turned away.

Stay tuned!

WPRF NEWS

Eva Rachesky
V.P., WPRF

It is your responsibility to apprise your guest(s) of the dress code. I have heard of several instances where guests have been sent home because they were dressed inappropriately.

I am pleased to announce that our Pickle Ball courts have been completed. Please stop by the Class/Ticket Office and speak to Kristy. WPRF has resident volunteers who are available to teach Pickle Ball as well as provide a “Rules” handout. You will need to bring your own paddle and ball.

Bids for both the renovation of the Southampton Pool area and ADA ramps at the Hastings Clubhouse have been turned over to the Bid Committee for their consideration as to which vendor they will recommend to your Operations Committee. These jobs should commence in the month of July.

I would like to remind everyone of the 4th of July Party being hosted by WPRF and Mister Karaoke, a/k/a Jack Kasden, at the Guest pool. I will be adding additional tables and chairs to the pool deck in order to accommodate a larger number of residents. Please remember to party responsibly. NO GLASS CONTAINERS allowed on the pool deck. A Happy and Safe 4TH of July to all.

Dear Residents,

An issue that remains a constant problem is that of the dress code for shows in the theater as well as the Saturday night dance.

Although there exists a basic dress code, I find I am having to tweak it from time to time. Recently, as a result of numerous complaints from your fellow residents, I agreed that “HATs” would be considered “inappropriate” to wear to shows and dances. What I neglected to take into consideration were those residents who are battling a serious illness and have lost their hair as a result. The Ushers are doing their best to help everyone observe the rules while being sensitive to those fighting serious illnesses. When you run into someone with a head covering at these events, please be compassionate in your thoughts. Thank you for your understanding.

A reminder to all residents bringing guests to the clubhouse:

Local Dining

BY JOY VESTAL

LONGHORN STEAKHOUSE RESTAURANT
6841 Okeechobee Blvd
West Palm Beach, FL 33411
561-688-1700

Going out to eat? Why travel when you have a good steakhouse restaurant just around the corner? Literally, just around the corner from our Village is the Longhorn Steakhouse. Open seven-days-a-week, 11am-10pm Sunday-Thursday and 11am-11pm Friday and Saturday. Whether it’s lunch or dinner, you will find an entree to your liking.

The luncheon menu has “bold bites” which includes a shrimp & avocado stack along with several other choices. Then there’s starters, including parmesan crusted asparagus -- then on to soups and salads, sandwiches, steak burgers, chicken, fish and ribs. For dinner, steak is the main attraction--but if you’re vegetarian there are several fish choices, salads

and vegetables. During the summer months there are dishes including grilled lobster chops, a Hawaiian Ribeye, lemon tilapia & grilled shrimp or a parmesan crusted chicken. There are also many choices of beer including cold draft beer, margaritas and wine to complement your selection. If this isn’t enough, their dessert menu includes ice cream, a peach and raspberry tart or a sampler that includes the large assortment of all these as well as some more tempting selections. Longhorn is a large restaurant with ample seating, having an attentive and efficient wait staff -- menu prices are reasonable. So, why travel? Think good food, no trip or hassle with traffic. ENJOY!

The Reader's Corner

BY LENORE VELCOFF

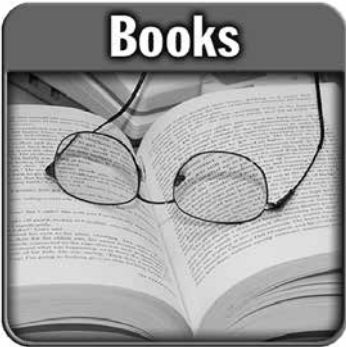

Thank you, Justice Sotomayor, for sharing your wonderful life story in *My Beloved World*.

This is a remarkable person, learning to give herself injections at the age of nine when diagnosed with juvenile diabetes; learning to ask others for information when she did not know it, like how to study; learning how to think critically and to debate in public by joining the forensics team in high

school and learning about the Ivy League and choosing Princeton.

It is an honest account of Sonia Sotomayor's life as a girl in the Bronx, and continues all the way until she earns her federal judgeship. Particularly compelling are her tales of intellectual development, discipline, sacrifice, developing confidence, fighting against odds and especially against fear.

It was actually an easy

read — not what I expected from a bio of a judge at all. (That's a compliment). It is written in a very charming way, person to person, not from a didactic height as I

might have expected. What came over very clearly are her very human qualities. She never forgets where she came from, no matter how high she has risen.

Her stories are full of rich detail with deep relationships. With such tough obstacles to overcome - an alcoholic father, living in the Bronx in tough times - you wonder how she would have a success story.

Affirmative Action helped her get into the

Ivy League and she is a superb example of how it is supposed to work. It's not about giving unqualified people a desired spot but making sure all of the qualified are considered. She is a role model in many ways

This is one of the best memoirs I have ever read. It is also the most inspiring. This is one unique human being. She has a spirit, a soul of a survivor and is a champion.

CV THEATER SHOWS

FOR 2014-2015 SEASON

***STARRED PERFORMERS HAVE PREVIOUSLY APPEARED HERE AND ARE BACK BY REQUEST**

BY ABBY KOFFLER

Dear Friends of The Theater:

Last season, was a huge success because of your support.

We Thank you for your enthusiastic response, patronage and vision, in welcoming new talent to our stage. Your comments, phone calls and emails are always appreciated and encourage you to follow us on Facebook. A wonderful tool to get the latest news and provide "Feedback" on the shows.

You SPOKE and we Listened ! For the 2014-15 Season we are bringing back many of your favorite's.....You'll notice At your Request above those Titles. They are returning specifically because you requested them. We know you will enjoy seeing them again and hope you tell your Friends & Neighbors, just how much you enjoyed their past performances.

If you like to Laugh, Look for the shows with Laugh Out Loud in the title for Great comedic performances. Many of the comics

are not household names but simply hilarious.

This symbol (left out) will appear next to shows, making the debut in our Season's offerings and as you did in the past, please

"Take a Chance" on show's appearing for this First time on our Stage. Let's make "2014-15 ONE OUTSTANDING SEASON. Thank you.

Have You Seen Your Channel 63 Lately?

How It Started, How It's Different Now, and What The Future May Hold

BY LANNY HOWE

DID YOU KNOW that Channel 63 on your television screen is different from any other channel? It's our own Century Village "community" channel, legally required of Comcast to be given to us as a part of our overall cable TV contract. Its purpose is to be a "Community Bulletin Board" (CBB), but we can do with it essentially as we please.

Before Comcast

In the mid-summer of 1995, UCO signed a contract with Tele-Media cable TV, which provided for a "Community Bulletin Board" (CBB) channel. It was channel 12. Later, we signed on with Adelphia, which in late 2001 changed the lineup, making 63 the CBD channel. The Channel 63

The Century Village we live in...would not exist were it not for the enormous amount of volunteer work... This has certainly been true of those who kept Channel 63 going during these past years.

program consisted of typed notices pertinent to the Village, which scrolled by, one after another on the screen—very similar to what you see now much of the time. There was often no particular order to them. The "run" might last 20 minutes or more, and then it was repeated. Larry Kall, a Village resident now deceased, supplied Adelphia with the constantly changing information, and technicians at the Adelphia office did the computer data-entry work.

In 1998, Adelphia requested that we do more of the work ourselves

Ed Black took over Channel 63 operations in 2007.

Photo by John Gragg

and arranged for their equipment to be kept in a small WPRF storage room off the Clubhouse Sewing Room. Busy with infrastructure and other Village responsibilities, Larry soon turned the job, including the computer data-entry typing, over to the newly formed Computer Club, headed up by Howie Silver, Lenny Thompson (now deceased) and Sadie Loventry. The Computer Club ran our Channel 63 operations for several years.

Equipment Destroyed in Hurricane Frances

In late 2004, when Bob Marshall was UCO president, Hurricane Frances virtually destroyed the Clubhouse. The Channel 63 equipment not damaged beyond repair (least of our worries at the time) was moved to a trailer, where it either suffered further damage or was stolen. Replacement equipment was paid for partly by Adelphia and partly by us.

In 2007, Ed Black at first single-handedly took over Channel 63 operations. Three changes he made were to reduce the *overall* scrolling time while *increasing* the time an individual notice was displayed, and to group the notices by *type* (club information, events, UCO notices, general information, etc.). He later arranged for WPRF to do a good part of the data-entry work.

Comcast Takes Over:

In a deal with Time Warner Cable in 2005, Comcast bought out Adelphia, which had gone bankrupt, and so became our cable TV provider. With our contract due to expire in late 2009, our Cable TV Committee, chaired by Dave Israel, hired an agency to help find the best new deal for us. Many cable TV companies were considered, including Comcast. George Loewenstein was president of UCO at the time. We finally decided on a 10-year contract with Comcast with much better terms than we had had before. It became effective in July 2009.

The Century Village we live in and take for granted would not exist were it not for the enormous amount of volunteer work that goes on, much of this thankless and unseen. This has certainly been true of those who kept Channel 63 going during these past years.

Major Changes of the Past Year—Some of the New Things:

The problem with channel 63 was that it was never an *interesting* channel to watch—and how could it have been when the "programming" consisted almost entirely of (let us admit it) these, to most of us, boring notices.

Minds were at work, however, to see if this could be changed. Hoping to make better use of the channel, last September Dave Israel asked for volunteers, and the Channel 63 Expansion Committee was formed. Ed Black chairs the committee, and Joy Vestal is the UCO vice presidential overseer. Kitty & John Gragg, of Act II Community Theater fame, have taken the lead in producing the new features now shown at certain times of the day on 63.

Here are some of them with their times.

DAILY AT 7:30 A.M., 12 NOON, 2:00 P.M. AND 4:00 P.M. FOR ABOUT 20 MINUTES—ONE OR MORE OF THE FOLLOWING:

- "Tales from Everywhere," — hosted by Don Conway.
- "Meet Your Neighbors" and "Who's Afraid of Wolf" — two interview programs.

Larry Kall

- "Laugh-On" — a takeoff on the old television "Laugh In" show with short comedic skits.
- "The Village Has Talent" — talent show hosted by Joey Bell and others.
- "Sous Les Palmiers" (Underneath the Palm Trees)—Seasonal show in French, geared toward interest of French-speaking Canadians.
- New show, tentatively called "Century Playhouse" — plays (both drama and comedy) written and performed by residents.

DAILY AT 9:00 A.M. AND 6:00 P.M.:

- Video of the last delegate assembly.

DAILY AT 4:00 P.M.:

- Club information.

Beginning of Channel 63, left to right, Lenny Thompson (deceased), Sadie Loventry, Howie Silver.

Continued on page B2

Kitty Gragg and Joan Turner are ready on the set.

Tom Delnero and Don Conway review the script.

John Gragg

Continued from B1

DAILY AT 8:50 A.M. AND 5:50 P.M.

- Ten minutes of Century Village news by a UCO officer or board member. This is a brand new thing just getting underway.

DAILY AT 7:30 P.M. FOR ABOUT 20 MINUTES:

- Sports talk — the Sam and Cam Show. Hear Sam Milham and Professor Jerry Cammy (two knowledgeable and *ardent* fans who don't always agree!) and sometimes a guest or two discuss football, baseball, basketball, hockey and other sports. Sam also has a monthly column in the *UCO Reporter*.

Another addition to 63 is a “screen crawler.” A moving stripe across the bottom of the TV screen, which usually gives the local weather, can be used for other matters such as a boil-water alert.

The above changes have already

made channel 63 a lot more interesting. Whereas I used to channel surf right by it, now I find myself stopping to check what's showing on 63. I watched some of the Sam and Cam sports program the other evening. I like to see them go at it. I haven't seen it yet, but I understand Sam talked sports with Joy Vestal recently. That newspaperwoman can hold her own when it comes to sports! And I saw two very interesting interviews by Roberta Hofmann: one of Phyllis Frishberg, who told about going to Israel 16 times (!) as a volunteer in the Israeli army, and the other an interview of the entire Act II Community Theater group.

The Future—Three Hurdles To Be Overcome:

- 1. THE SOUND NEEDS TO BE FIXED.** The sound on Channel 63 is terrible. We need a Comcast engineer to see this for himself and tell us what is needed. It may well be new equipment. Strangely, the sound *is* okay when listened

Whereas I used to channel surf right by it, now I find myself stopping to check what's showing on 63. I watched some of the Sam and Cam sports program the other evening. I like to see them go at it.

to at the Comcast office, and it is okay when you listen online on your computer. It's only bad on your TV. It will be pointless to make many other improvements without getting this fixed. The picture quality could be better, but the sound problem is our biggest obstacle.

- 2. MORE INVOLVEMENT AND MORE CHANGES IN THE PROGRAMS.** We need *more involved people*, perhaps three times the number we have now, says Kitty Gragg, so the shows

can be changed more often. Now the same show often runs for a month. Happily, there is a lot of talent among our residents, and volunteers are now stepping forward. Maybe you can help!

- 3. BETTER QUARTERS,** so it doesn't take an hour to move stuff to the music room and set up, and then an hour or more afterward to dismantle everything and store it in various places. The Channel 63 Expansion Committee is looking now into using a portion of the *UCO Reporter* office for this purpose.

So Tune In!

That's a short history of Century Village's community TV channel, an update to where we are now, and a look into the future. You are invited to tune in to the new channel 63! And if you would like to be involved, just speak to someone on the Channel 63 Expansion Committee.

Try it, you'll like it!

Tradition, Tradition

BY STEWART RICHLAND

The other night I was listening to the music of *Fiddler on the Roof*. When the song 'Tradition, Tradition' was being played, I began to pay close attention to the lyrics. Slowly, I began to absorb the words. Slowly I found that I was connecting to the message and the meaning that these brilliant lyrics were conveying to me.

For those who need a refresher, the first stanza of the song goes like this:

*Who, day and night, must
scramble for a living.*

*Feed a wife and children, say his
daily prayers?*

*And who has the right, as master
of the house,*

To have the final word at home?

We are a nation of diversity, each group has their own cherished traditions. What we have in common is that we are all Americans.

The first two lines certainly describe my life, and I bet so many of my contemporaries. I am not conceited enough or have the courage to categorically say that the last two stanzas represent my role as the “head of the house.” Most men in my age group will agree that there is a high power in play here. It is “she who must be obeyed!” When we accept this reality, life becomes a “bed of roses”; if not, life can become a “bed of thorns.”

I am a traditionalist. I think that most of our residents view the world pretty much the same way. When we talk about change, what really makes it tough for people our age is on the one hand you've got tradition, and on the other hand you've got change. In most people's minds, change equals modernization. I am not attacking progress, it's the future. However, I am a big tradition guy.

I watch sports. Mostly football. Tradition dictates that at the beginning of each game the national anthem is sung. What is trendy today is to hire some rock-and-roll

or pop screamer, to sing the anthem. I sit there cringing when these performers entertain the viewers with a mutilated disorganized rendition of our nation's symbol of freedom.

I can still hear opera singer Robert Merrill providing the fans with such a powerful rendition of the National Anthem, that all those in attendance began to sing with him and when he was finished, you felt proud to be an American.

For those of us that enjoy hockey, when an American team went to play in Canada at all the Montreal games, Roger Doucet, the great tenor, sang both the American National Anthem and followed it by a thrilling rendition of “Oh Canada.” His rendition was so powerful, you sense how the audience was captured by his performance. No one sat, no one talked, they just sang along. This is tradition. I miss it.

Kate Smith first sang Irving Berlin's “God Bless America” at an Armistice Day ceremony in 1938. It became her signature song. The first few lines go like this:

*While the storm clouds gather all
across the sea,*

*Let us pledge allegiance to a land
that is free!*

No one did it better! That's tradition.

I urge all my readers to go to Youtube and listen to Red Skelton's reading of the Pledge of Allegiance (1969). He really explains the meaning of the Pledge by explaining each word as it should be understood and remembered. This is tradition.

As a teacher, I witness on a daily basis how our young Americans recite the pledge. Casually, by rote, that is if they recite it at all, words that have little or no connection to their lifestyle. This is not tradition. This is ugly.

As a native of Brooklyn, and a deli aficionado, you always have your ‘frank’ with mustard and warm sauerkraut. That's a tradition.

To my contemporaries: MAY THE TRADITION BE WITH YOU!

Get Ready, Get Going, Get Set for Summer!

BY MARIA TENNARIELLO

Stress? Is what they call it these days? Perhaps that is exactly what it is...we don't know what to do next. Clean the house, go food shopping, go to the Palm Beach Outlet Center or maybe to the gym in the village for some exercise, Yoga class for peace and meditation or just take a long walk on a short pier! After checking my sources for ways to relieve stress, I came up with the answer that works for me every single time. Get Spa-ing... yes, get yourself to a Day Spa or salon and let the good times roll!

One of my favorite day spas is the perfect choice for all of the above and more. **The Style Bar Day Spa & Salon** is an award-winning Spa owned by Perri and Ira Gurfein that served the Hamptons, Long Island community for almost 20 years. For the past three (3) years, it has been sitting pretty in Suite 108 at the Bank United Building, 2875 South Ocean Boulevard in Palm Beach. The minute you walk through the door, you feel the calm environment that immediately takes you to another level. The very large, open space is inviting with comfy couches and chairs, three (3) large massage rooms, a juice bar and roomy workstations. After spending almost 15 years as one of their clients in Sag Harbor, I am so happy to be able to continue my beauty treatments here in nearby Palm Beach.

Let's go to the Facial Bar. Beautiful skin is a matter of choice, not chance. The Style Bar offers over 20 different specialty facials, so sit back and allow one of their experts customize a treatment that will enhance, protect and renew. Just to name a few, the **"Fully Loaded Facial"** is 90 minutes and includes a deep cleansing fruit acid exfoliate, an age-fighting collagen serum, extractions,

micro-dermabrasion, a custom mask for your personal skin type, followed by a collagen ampoule and a blast of oxygen spray. Wow! The **"Stylish European"** facial takes you on a road to healthy and glowing skin. Your skin is pampered to perfections with steam; massage light extraction and a customized mask. **"The Gentleman's Facial"** is a special treatment designed for men's needs. "Microdermabrasion" clarifies your complexion and restores your skin's radiance with the exfoliating power of micro-crystal technology. **"Vitamin C Masque"** helps firm and repair all skin types and is great for sun-damaged skin.

Enter the Body Shop: let's not neglect the rest of the body and let the expert's help you relax, detoxify and revitalize from head to toe with a combination of nine (9) body treatments that will heal your soul. I love the Therapeutic Massage, which is deep tissue and focuses on specific areas of soreness. **Hot Stone** is an amazing way to let the warming heat of basalt stones that melt your stressful tensions away. These smooth black stones

detoxify tissues, balance energy and relax muscle tension...(I'll take two of these). Other special services include the **Waxing Bar** with a list of to-dos. **The Hair Bar** offers hair color, treatments as well as the famous "Malibu Hair Treatment" which removes mineral deposits and chlorine from your hair. **The Wedding Bar, Make-up Bar** are special services that are offered by appointment only. **The Mani and Pedi Bar** offer a medley of services for ladies, men and young girls. Also available is the full or half day spa escapes, special events such as spa parties, corporate events, bachelorette spa parties, bridal showers and so much more. The staff is always ready, willing and able to help you leave your stress behind, so sit back and enjoy the ride! For information, appointments and or reservations call The Style Bar at 561.585.9788, log onto www.stylebarspa.com

The Waters of the World pool is the centerpiece of **The Spa at PGA National Resort**, located at 400 Avenue of the Champions, Palm Beach Gardens. There are four (4) outdoor

mineral pools inspired by old-world spa therapies. The Waters of the World pools are almost like aqueous islands, scattered among the grounds and palm trees. Two of the world's oldest and most coveted natural remedies infuse the waters. Dead Sea salt from Israel is used to detoxify the skin. The pools are the centerpieces of the Spa at PGA's internationally inspired treatment menu, which reads like a history of old-world spa therapies.

The spa also houses a salon where stylists perform haircuts, glazing and keratin treatments, not to mention the selection of men's services that include facials for golfers experiencing red skin as a result of the hot rays from the sun. There are many spa packages offered so treat yourself to one of them. For additional information and reservations call 561-627-3111.

A very nice local full service salon for men and women, **Jeanette's Beauty Salon**, can be found right here on the first floor of the Medical Building/Walgreens in Century Village. There is a long list of services available from shampoo and cut to single or double color, partial and full foil, cap hi-lite, color rinse, perms, oil and scalp treatments, waxing, eyebrow, lip chin, facials pedicures, manicures, gel and healthy NexGen manicures and polish change. The friendly staff, Ralph, Michael, Gloria, Celia, John and Luz are available Tuesday through Saturday from 9 to 4pm. Call for information/appointment: 561.478.9266.

Ciao and happy shopping. If you have any questions or your shop is having sales, new inventory, re-opening or new business, my readers want to hear all about it. Contact me at Shoptil@hamptons.com

S E R V I C E S

CHANNEL 63

by Nicolas Ma

With cameras rolling, lights shining, and microphones ready, the volunteers of Channel 63 hope to debut some major improvements to broadcasting in the Village. In the coming months, the Village's broadcasters hope to provide viewers with more than comedic sketches, delegate assemblies, and club announcements.

Currently, shooting for Channel 63 is a hassle. The production equipment from Comcast is outdated, and moving, assembling, and disassembling such equipment to and from the Clubhouse's music room requires much time and manual labor. UCO, along with devoted volunteers of Channel 63, seeks to upgrade equipment from Comcast in both production and broadcasting. Members of UCO and Channel 63 are trying to communicate with Comcast specialists to address audio and video deficiencies from archaic production technology.

Another proposal from Channel 63 volunteers John and Kitty Gragg is relocating shooting into the UCO Reporter Office. In lieu of struggling to move in and out the Clubhouse, the producers of Channel 63 can settle comfortably into part of the Reporter Office as a fully-

functioning studio with all necessary equipment. Budget-wise, the project will cost under \$1,000, though some additional costs are possible with expenditures under WPRF's terms. The Reporter staff is happy to share half the room with Channel 63-in fact, as Channel 63 expands into production of news reports, the jointly-own office could become the UCO Communications building. Channel 63 also seeks to expand the variety of programs it will broadcast to the Village. However, without the proper updated equipment, background noise and imperfect footage will mar videos of meetings, events and assemblies. With universal Wi-Fi moving forth, Channel 63 will join in on the great technological strides the Village is making in the coming months. With at least 60 volunteers answering the call to arms, modern telecommunications has the chance to blossom within this community.

SAFETY

by George Franklin

Hi folks, I hope everyone is enjoying the Summer Season so far. I'm going to briefly touch on the hurricane season as well as some other issues.

I hope all of you have your supplies ready in case of that "Big One" hitting us. Keep them where you can get at them easily. **Fresh Batteries** for

that flashlight? Remember where you put it? Laid in some canned goods? Maybe some bottled water? Never know what can happen. How about a battery-operated fan? If the electric goes out, you will be glad you have one.

How about your building? is it ready? Have you had your property management people go over everything? Check to be sure NO trees are up against the building or are leaning in that direction? Roof air conditioners secure? When the weather bureau tells you the storm is on the way, have you placed your recycle bins some place secure? And have you removed any objects that can become flying objects? Such as, but not limited to, flower pots lawn or lounge chairs?

If you read this, thinking about what I have written, you will think about other items and things to do also. What about medications? Have a good supply of them in case? Another thing speaking of medications -- are you aware of meds that you may NOT be able to take and, more importantly, does your DOCTOR know what you can take or not in combination with other meds you are on? Yours truly just got out of the hospital because of a medication I could not handle. I had internal bleeding and was Anemic and on and on. Be sure to tell your doctor when prescribing a new med if you have had it before and if you can handle it or not -- very important! Also along this same area regarding drugs: do you have them out of view and put away when visitors arrive? A lot of meds are on the street because

they are STOLEN from residences. The drug dealers pay a lot of money for stolen meds. They should be put away when grandchildren or other young family members visit. As you know, youngsters can get into a lot of things they should not be getting into. If you have any prescription concerns, please call me at the UCO Office and I will be glad to help you with information you may need to know.

One last thing -- the July 4th holiday is fast approaching and just a reminder that as adults we should LEAVE THE FIREWORKS TO THE PROFESSIONALS! We don't need Century Village being blown up or burned down because of someone being careless. Have fun, go to the city displays--they all have them--or you CAN watch from right here. Just look to the North, South and East sky for the city displays which usually start about 9:00 P.M. weather permitting. Watch the news on television or the newspaper for times and places.

In closing, have a HAPPY HOLIDAY -- Be safe And secure out there!

WI-FI

by Anitra Kraus

At the last Wi-Fi meeting, a list of the vendors that the RFP was sent to was distributed by David Israel. He emphasized that

Inexpensive Water Detector Alarms May Help Prevent Major Flood Damage in Your Condo

Wireless Water Detector Alarm

★★★★★ (1) | Write a Review +

Battery-Operated Water Alarm

★★★★★ (86) | Write a Review +

These battery operated water detector alarms are priced below \$20 at home improvement and hardware stores. Situate them near water heaters, and replace batteries as often as recommended by product manufacturer.

S E R V I C E S

no one should contact any of these vendors and discuss the process or give suggestions. That is considered bid rigging and is a federal offense.

Questions were asked as to the need for a server to get on the internet. It was noted that there could possibly be a need for a router/repeater due to the steel and concrete that is laid between the units and floors. You will not need a service provider such as Comcast or AT&T for the actual internet as the Wi-Fi system will be the provider. If you are using a provide-based internet e-mail such as AOL, Bell-South, Comcast. etc., then you will need to get a web-based e-mail such as Yahoo, Gmail, Hotmail. Etc.

We are unable to quote anything as to what this is going to cost us. We need to see the proposals first. The hope is that the money currently being collected will be enough to provide any infrastructure that is needed for the roll-out.

As to a timeline, we are hoping to have something to the delegate body by October. The deadline for receiving the proposals is August 1st. We then have to have the opening of the bids at a joint Bid/Wi-Fi Committee meeting. Then we have to go into contract

2014 Investigations				
Month	Sales	Rentals	Occupants	Total
January	56	37	12	105
February	124	84	23	231
March	63	34	12	109
April	81	42	12	135
May	48	54	11	113

negotiations with the selected provider. This would involve the inclusion of a contract lawyer that specializes in telecommunications. After that we need to take it through the necessary committees and finally to the delegate assembly for approval hopefully in October.

Also it was pointed out that the RFP requires a test roll-out for areas determined to be the hardest to reach to show that the system is viable before the final roll-out begins for the entire village.

This has been a long and tedious process and we are trying to get it accomplished in a way that truly benefits the residents of Century Village.

Day of Remembrance

BY JOY VESTAL • PHOTOS BY HOWIE SILVER

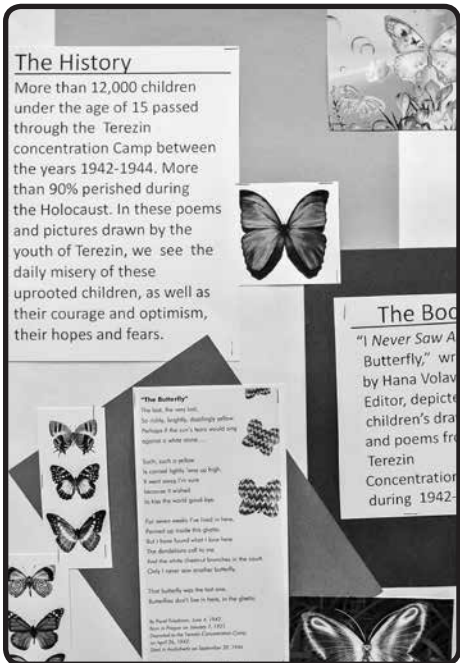

Holocaust survivor Jack Posner

Holocaust survivor Nada Tauber

Display: Butterfly Project

Display: Children of the Concentration Camp

20 Holocaust Survivors and All Members of Congregation Anshei Shalom!

Last month we had a story with pictures of quilts beautifully crafted by member June Black of the congregation that included the names of these survivors. In this edition, along with this continuing story on the Day of Remembrance, are the pictures of two (2) of these survivors who were not included in our first story. It is remarkable that this congregation has 20 Holocaust survivors, including their Rabbi Corman.

Star worn by Ernest Boehm

We are more than honored to mention all of these survivors. Now we wondered how many other congregations in our area have survivors that are members?

A spokesperson for Aitz Chaim, the temple across the street from the Village on Haverhill, said there are six (6) or more survivors during the season and about four (4) full-time residents all who are members -- including former UCO President George Loewenstein. George said there is a Survivors Group that incorporates the nearby Golden Lakes community. All in all, he said there are “probably 50 members or more in this group.” His concern,

as is all of ours is: “I wonder who will be around in 10 years or so to remember this day?”

The day will always be remembered especially when we have young people like Ryan Fuldauer, grandson of Village residents Robert and Virginia

Wolff, who wrote in our last paper on his trip to the site of the camps and it’s impact on him.

This is a part of history that will always be remembered by the whole world.

Remember, “Lest We Forget.”

Paulette Burdick Vice Mayor / Palm Beach County Commissioner, District 2

Paulette Burdick

Palm Beach County's constant goal is to provide its residents with a safe and dependable supply of drinking water. The Water

Utilities Department recently released its annual Water Quality Report for water delivered in 2013. Our system had no violations and we're proud that your drinking water meets or exceeds all Federal and State requirements.

Palm Beach County Water Utilities is a department of the Palm Beach County Board of County Commissioners. It supplies daily water, reclaimed water and wastewater services to about 500,000 residents. Its drinking water is drawn from wells extending approximately 150 feet underground. This is a safe and reliable source, providing high-quality water that is free of microorganisms that are sometimes found in lakes and rivers. Rain water percolates down into the underground aquifer through layers of soil and sand that act as natural filters to remove impurities. To assure the safety of our supply wells, the County aggressively monitors well quality through its Well Field Protection Program.

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. People undergoing chemotherapy, who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be more vulnerable and, therefore, more at risk from infections than the general population. These people should seek advice about drinking water from their health care providers.

If you would like a copy of the Water Quality Report, you can call 561-740-4600 to request one, or go to www.pbcgov.com/waterutilities/CCR2013.pdf to see the report.

There are things you can easily do to save both water and money: Check your lawn sprinkler heads; Make sure your automatic sprinkler system has a rain sensor device; Wash only full loads of laundry; Buy a front-loading washing machine; Make sure your dishwasher loads are full; When washing by hand, don't leave the water running while you wash and rinse; Fix leaky toilets; Check faucets and pipes for leaks; Take shorter showers; Install water-saving showerheads; Turn off the water while brushing your teeth.

Please call me at 561-355-2202 for anything you may need, or if you just want to be well informed about important issues or events. You can also email me at pburdick@pbcgov.org.

Ted Deutch United States Congressman

Ted Deutch

In recent years, we have been shaken by horrific shootings in Aurora, Colorado, Newtown, Connecticut, the Navy Yards of Washington, DC, and most recently in Santa Barbara, California, Seattle, Washington, and Troutdale, Oregon.

As we keep the victims and their families in our thoughts and prayers, we are reminded of our failure as a country to pass stronger federal gun violence prevention laws. In 2014 alone, gun violence has claimed the lives of more than 4,300 Americans. Yet tragedy after tragedy, the gun industry lobby has stood in the way of commonsense gun safety reforms supported by the vast majority of Americans.

In the days after the Santa Barbara shooting, I joined a bipartisan majority in the House of Representatives to pass an amendment improving funding for criminal background checks. However, such modest gestures must not replace the smart and sensible reforms we need. We need to come together around additional, balanced reforms, including bills I have sponsored aimed at keeping guns out of the hands of dangerous individuals while protecting the rights of law-abiding Americans:

- **The Promoting Healthy Minds for Safer Communities Act** is a major mental health and domestic violence bill introduced following the Santa Barbara shooting. It bolsters mental health crises services and prevents the sale of guns to mentally-ill individuals judged to pose a threat to public safety or individuals with a record of domestic abuse against spouses and children.
- **The Public Safety and Second Amendment Rights Protection Act** would close loopholes that allow criminals to buy guns online without a background check. Today, about 40 percent of all gun sales in America take place without this basic safety measure.
- **The TRACE Act** would make the illegal trafficking of guns a federal crime. Considering that 9 out of 10 guns in crimes are used by someone other than the original buyer, we need to crack down on individuals who purchase guns legally only to travel a few miles and sell them on the street.
- **The Buyback Our Safety Act** is my own proposal to help local law enforcement agencies launch gun buyback pilot programs to get guns off our streets. My legislation also mandates the Justice Department report back to Congress on the effectiveness of such initiatives.

- Finally, the **Enforce Existing Gun Laws Act** repeals a series of appropriations riders aimed at stopping federal law enforcement officials from enforcing our gun laws. I co-introduced this bill because enforcing laws we already have on the books is the least we can do.

These bills deserve consideration in Congress, even in the face of opposition from the gun lobby. I am confident that the people who elected us to represent them in Washington would rather see the passage of responsible gun safety reforms dominate the news – instead of more heartbreaking gun violence.

Sharon Bock Clerk & Comptroller, Palm Beach County

Sharon Bock

Guardianship Fraud Bill Approved by Florida Legislature. New law will allow Florida's Clerks to bring guardianship fraud program to their counties

I'm pleased to report some great news out of Tallahassee! Thanks to your support, this year the Florida

Legislature approved a bill that will allow Florida's Clerks to conduct enhanced audits of court-appointed guardianships.

The bill was modeled after the successful Guardianship Fraud program we have here in Palm Beach County. Gov. Rick Scott is expected to sign the bill soon, and the law will take effect on July 1.

I know these guardianship fraud programs are effective, because we've seen real results. Our investigations into Palm Beach County guardianship cases have led to two arrests and have uncovered more than \$3 million in questionable expenses and misreported assets since the program launched nearly three years ago.

Our achievements are earning national attention for our program. In May, I spoke about our guardianship fraud program at the Third World Congress on Adult Guardianship in Arlington, Va. I have also spoken at the National Aging & Law Institute's conference in Washington, D.C. and the National Adult Protective Services Association conference in St. Paul, MN.

I believe most guardians do have their wards' best interests at heart. But for anyone in Palm Beach County who is in a court-appointed guardianship, our audits offer an added layer of protection against fraud. You can learn more about

our Guardianship Fraud program at www.mypalmbeachclerk.com/fraud, or report suspected financial fraud to our Guardianship Fraud Hotline at (561) 355-FRAUD.

Allowing Florida's Clerks to enhance their guardianship fraud programs is a significant step toward protecting our state's most vulnerable citizens – those people, both young and old, who are appointed guardians to oversee their assets. I applaud our state's leaders for their foresight in approving this much-needed legislation.

Patrick Murphy U.S. Congressman

Patrick Murphy

I was honored to recently spend four days over Memorial Day weekend with our troops stationed in Afghanistan. Sharing this solemn holiday with members of our Armed Forces was truly humbling and reinforced my belief that one of the best ways we can pay tribute to the brave men and women who risk their lives fighting for us abroad is to recommit to caring for them when they return home. That is why, following my visit, I announced several measures to take action on behalf of our nation's veterans, service members, and their families.

With damning reports about the VA failing our veterans and our nation, our country must do better to care for those who have served. That is why I put forward a bill that would allow a group of veterans with similar claims to band together in their appeals, improving the VA appeals process and backlog. This would be highly efficient for both the VA and veterans by cutting costs, reducing decision times, and providing effective counsel, which many veterans do not have under the current system. Moreover, this act would give veterans the option to have their appeals heard in a class action, just as veterans impacted by Agent Orange successfully did prior to creation of the U.S. Court of Appeals for Veterans' Claims. For veterans facing disability due to exposure to burn pits in Afghanistan, this could be an invaluable tool.

Of course, we cannot truly serve our nation's heroes unless we also invest in opportunities to make sure they do not have to fight for a job after fighting for our country. To that end, I have introduced legislation to expand the Post 9/11 GI Bill to cover applications to college and graduate schools, as well as technical and vocational schools. Another bill I have proposed aims to increase the benefit for military spouses to pursue an education and to expand the timeframe in which they can use these educational benefits so that this benefit actually covers the true cost of school.

Furthermore, we must always remember that caring for our nation's

heroes also means treating not only their physical but invisible wounds as well. It was great to see the House recently pass an amendment I offered to improve mental health care and suicide prevention for service members and veterans by requiring an independent third party evaluation of existing suicide prevention efforts to improve coordination and integration between the DOD and the VA. Outcomes of service member and veterans suicide prevention programs are too important to be left to government agencies, particularly ones embroiled in scandal.

Congress should be fighting for those who have fought for us. I am hopeful that members of both parties will come together, put politics aside, and pass these common-sense measures to further our commitment to do just that. Our heroes have earned the care, benefits, and support of a grateful nation. "Support Our Troops" must mean more than words.

Mark S. Pafford State Representative

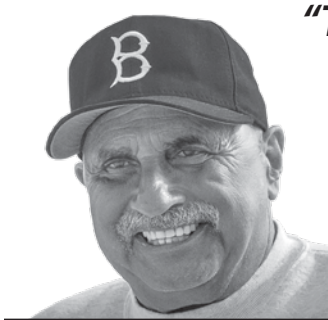

Mark Pafford

Serving you in the Florida House of Representatives is a tremendous honor. With your phone calls, emails and other correspondence, I was reminded of the important trust and hope you place in your elected officials. Though I did not agree with all the legislation that was approved, I worked hard to serve you by the way I voted, debated and worked with my colleagues.

The Legislature took on important issues confronting Florida and passed a new state budget. Together with my colleagues, we made progress toward strengthening the economy. We passed legislation to protect our most vulnerable residents, but there is still much to be done to ensure that our public schools have the funding they need.

While some critical issues were addressed, I think the Legislature should have done more to expand opportunities for Florida's middle-class families. Several bills that I believe would have accomplished this goal for numerous people didn't pass the House and Senate, and some did not receive a committee hearing. We did not raise the minimum wage, expand health coverage for working families, or pass bills to guarantee equal pay for equal work. I also think even more could have been done during the 60-day legislative session to preserve Florida's environmental treasures, like our beaches, the Ever-glades, and this state's unique freshwater springs.

Please do not hesitate to contact me or my staff if you have any concerns or questions. I am always glad to hear from you. Thank you for giving me the opportunity to represent you.

"Take Two and Hit To Right"

Sports of The Century—Village Sam Milham

Last month's question: When Bobby Thompson hit "the shot heard 'round the world," how many times did the excited radio announcer, Russ Hodges, say "The Giants win the pennant!"? The answer: 13! Incidentally, that was losing pitcher Ralph Branca's number!

Correction in last month's column: Jimmy Lin's first name should have been Jeremy. My bad!

National Basketball Association (NBA): Lebron James

This is Lebron's fourth year with the Heat! I think it's time for the Lebron bashers to realize what a GREAT BASKETBALL PLAYER he has developed into and forgive him for the farce he brought on four years ago when he became a free agent, and every team in the NBA started to sell or trade their high-priced stars in order to build a large enough kitty to entice him to come to their city. No one blamed the owners for "dumping games" on this account; no, they called it "dumping salary." Well, to me they go together like Frank Sinatra's "Love and Marriage."

And then Basketball Commissioner David Stern did not say a word; he just loved the publicity the NBA received—unlike last season, when he fined the San Antonio Spurs for keeping Tim Duncan and Tony Parker out of a game to keep them rested for the playoffs. He fined San Antonio "for the good of the game."

I believe Lebron is the best player of this era, and one of the best of all time. Like Michael Jordan, he makes his teammates play to their potential by keeping them involved. As the

ultimate team player, he'll score points, get rebounds or assists—whatever the team needs at the time. His drive to the basket is the most powerful I've ever seen. As a defender, I would rather try stopping a Mack truck than Lebron!

By the way, Lebron becomes a free agent in 2015/16. I can assure you he will behave in a more professional manner this time. I'm not so sure the NBA teams will, though!

Football:

Indianapolis Colts owner Bob Irsay, caught for driving under the influence and with \$35,000 worth of prescription drugs, got just two months' prison time—even he thought he deserved more and thanked the prosecutor! Don't be surprised if even that gets cut down. Now, Commissioner Roger Goodell, don't you think it's your turn to hand out football punishment? I know it would be hard to punish an owner who pays part of your approximately \$30 million salary; just pretend he's a football player and come down hard on him!

The Cleveland browns drafted **Johnny Manziel** (Johnny Football) with their #22 pick. A lot of good and bad has been discussed about Johnny Football's talent. I'm betting he makes it as a starting QB within the 2014 season. Within a week of the draft, the Browns sold 2000 season tickets. "GO, JOHNNY GO!"

THIS MONTH'S QUESTION: What set of brothers hold the major league home run record for brothers, and how many did each hit? See you next month with the answer.

Till then, "Take two and hit to right!"

Around the Bases with Irwin Cohen

Oops! Irwin lost all his copy for his column that was to appear in this paper. Because he is traveling, he didn't have time to recreate it. So, wait till next month, fans! Irwin will be back.

SHINE Medicare

(SERVING HEALTH INSURANCE NEEDS OF ELDERS)

Medicare Preventive Benefits Presentation

Less than 10% of eligible Medicare beneficiaries receive the recommended screenings and immunizations.

Join SHINE for a free presentation to learn:

- Why Preventive Services are Important
- Which Services are Covered
- Who is Eligible
- The Cost of Each Service

Program Courtesy of the Area Agency on Aging/

Your Aging and Disability Resource Center

American Red Cross: At The Ready

See Story on Page A7

When normal communications are down, amateur ham radio operators Howie Silver (KB2BBG) and Mike McCarter (KA7NOO) are ready to swing in action.

Staff and volunteers meet in the new Red Cross Headquarters in West Palm Beach near Century Village.

UCO Reporter Bobbi Levin and Red Cross Representative Tammy Jackson Moore
